"PARTY IS THE MADNESS OF MANY FOR THE GAIN OF A FEW"

\$2.00 to the United States

Established April 6, 1877.

Number 36

MADOC, HASTINGS COUNTY, ONTARIO, SEPTEMBER 4, 1935.

Single Copy, Five Cents

WON AT BABY SHOW

At the Belleville Fair last week we notice that the baby daughter of Mr. and Mrs. Clarence Embury, formerly of Madoc, won second prize at the baby show. *Leana Alice Caricene* is just six months old.

CAUGHT 30-LB. 'LUNGE'

Mrs. Robert White of Corbyville, was successful in landing a thirty-pound lunge at Moira Lake recently. The fish, which measured 42 inches in length, took over half an hour to land.

LIGHTNING HITS BARN BURNS

A severe electric storm passed over the district of Phillipston on Tuesday morning of last week about 9.30. The lightning struck a barn belonging to the farm of Mr. Tobias Morreau, burning it and the entire season's crop to the ground. The loss was only partially covered by insurance.

PRIZE WINNERS IN W. C. T. U. CONTESTS

Among provincial prize-winning students in the contests sponsored by the Women's Christian Temperance Union through the Department of Scientific Temperance in day schools.

Grade 6, Posters—Second, Evelyn Smith, Madoc.

Posters, Grade 6—Hon. mention, Billy Hawthorne, Madoc.

Teachers' Essays—Hon. mention, Miss Myrtle N. Peck, Belleville.

SHOT-GUN INJURY

Albert Martin of Cloyne had a narrow escape from serious injury when he accidentally received a partial charge of buck-shot in his arm from a shot-gun on Tuesday afternoon of last week. Fortunately the young man suffered only flesh wounds. It appears that he picked up a loaded shot-gun at his home and the weapon accidentally exploded. After the injury was dressed at a physician's office in Toronto he returned to his home.

SCHOOL FAIRS

Eight rural school fairs will be held in Hastings County this year with the championship fair held during the Stirling Agricultural Fair. These fairs are conducted under the management of the Hastings County branch of the Ontario Department of Agriculture with the Ontario Department of Education, the Public School Inspectors, teachers and local School Boards. Places where these fairs will be held and dates are as follows:

Hungerford Township, Tuesday, September 5th.

Thurlow Township, Cannifton—September 6th.

Rawdon Township, Springbrook—September 9th.

Madoc Township, Remington—September 10th.

Tyendinaga Township, Melrose—September 11th.

Ridley Township, Wallbridge—September 12th.

Huntingdon Township, Ivanhoe—September 13th.

North Hastings District, Maynooth—September 14th.

Championship, Stirling—September 15th.

Mr. Joseph Wilson, B.S.A., the popular and energetic Agricultural Representative at Stirling, will be in charge of these fairs with teachers and others assisting.

BIRTHS

MOFFAT—In Belleville General Hospital, on Sunday, August 25, 1935, to Mr. and Mrs. T. E. Moffat of Tweed, a son.

DEATHS

KILPATRICK—In Madoc Township on Thursday, August 29, 1935, William Kilpatrick, aged 86 years, 3 months, 20 days.

Mr. and Mrs. James Bird of Madoc, Mr. and Mrs. Hector Thompson of Ottawa, spent Sunday in Port Hope visiting Mr. and Mrs. A. Yearwood.

WEDDINGS

BONISTEEL-GAY

On Saturday, August 24th, Rev. J. D. P. Knox, of 30 Bridge street, Belleville, united in marriage Mr. Harder Eric Bonisteel, of the fourth concession of Sidney and Miss Helen Cordelia Gay, daughter of Mrs. D. G. of Frankford and the late Mr. H. Gay of Sidney.

The young couple were attended by Mr. Harold Shorey and Miss Annie Kellar of Belleville. After a short honeymoon Mr. and Mrs. Bonisteel will take up residence on their farm in Sidney.

COLLINS-McCANN

A very pretty wedding was solemnized on Tuesday morning, August 27, at St. Edward's Church, Westport, at 9.30 when Mae, daughter of the late George and Mrs. McCann, became the bride of William Collins of Moira, Ontario.

The bride, who was given in marriage by her brother, Desmond, looked lovely in her wedding gown of white tear-drop satin made on princess lines. Her tulle veil was made with cap-effect and was caught with orange blossoms. Her shower bouquet was of lilies of the valley and Briar-cliff roses.

Miss Kathleen McCann, attending her sister as bridesmaid, was charming in her gown of rose angel-skin lace. Her hat was of rose crepe and she wore white accessories. She carried a Colonial bouquet of pinks, forget-me-nots and rosebuds. The bride was preceded to the altar by her little cousin, Ann McCann, daintily in pale green organdy. Mr. Gerald Collins acted as his brother's best man.

The ushers, cousins of the bride, were Mr. Mark McCann and Mr. Jerome Hogan.

During the offertory, "Ave Maria" was beautifully sung by Miss Jean Scanlan, accompanied by Miss May Scanlan.

After the dinner, which was served at the home of the bride for about thirty guests the happy couple left on a motor trip that will include Toronto, Niagara Falls, and Buffalo. The bride's travelling costume was of navy and white triple-cut crepe with matching accessories.

STEVENS' CLUB

IS ORGANIZED

Supporters of the Hon. H. H. Stevens in the riding of Hastings-Peterborough, about two hundred and fifty strong, gathered at the Town Hall, Margara, on Thursday afternoon of last week to hear the platform of the Reconstruction Party outlined. A club was formed and officers elected.

Richard Sanderson of Havelock, occupied the chair, as opening speeches were given by J. A. Sexsmith, ex-M.P., Judson Gunter, strongly favored as a candidate; W. Payne, D. M. Oxley from Organization Headquarters, Toronto, and C. N. Downer, organizer for West Peterborough. The club was then formed, comprising the following officers:

President—Richard Sanderson, Havelock.

Vice-President—J. W. Bronson, Maynooth Township.

Secretary—Wilfred Smith, Madoc.

Treasurer—John W. Bonter, Margara.

Executive—A. Sexsmith, Havelock; W. Payne, Dumfries; B. Longmuir, Havelock.

Following the election the new officers each spoke briefly, pledging their loyalty and G. H. Young, Peterborough, outlined some necessary procedure.

Herbert Hoover of Rawdon Township, was appointed organizer for the riding, with W. Davis, of Maynooth, as his assistant. Mr. Hoover stressed the necessity of having an open convention, rather than the common delegate system by ballot, his reason being the possibility of existing C.C. F. followers, wishing to lend their support to the Reconstruction Party in this riding.

At the close of the meeting Col. C. H. Ackerman, candidate for West Peterborough, addressed the meeting enlarging on the procedure and the advancement of the Party, strongly condemning rumors that the party was in affiliation with Premier-elect Abernethy's Social Credit venture.

QUEEN OF BELGIUM IS KILLED IN MOTOR ACCIDENT

Astrix, beautiful young queen of the Belgians, was killed last week when an automobile driven by her husband, King Leopold, went off the road and hit a tree.

The King suffered cuts and bruises but was not badly injured. He was unable to explain the cause of the accident.

The young royal couple—she was 29 years old, he 33—were driving speedily down the pleasant lakeside road near Kussnacht, under a bright sun. Behind them, in the rear seat, rode their chauffeur.

The speed of the car was estimated at between 50 and 55 miles an hour on the comparatively straight and broad road.

In another car, close behind, rode a gentleman and lady-in-waiting with a chauffeur. They said later they thought they saw the King turn his head to look at the mountains bordering Lake "Vier" Waldsatter See" near Kussnacht, nine miles east of Lucerne.

The royal car swerved off the road and on to rough ground both the King and Queen being thrown out. The Queen's head struck a tree and her skull was fractured.

The car swerved on out into the shallow water of the Lake from which it was later withdrawn.

The Queen lay motionless. The King, his face smeared with blood, picked himself up from the ground. He went to his wife's side, gathered her in his arms, kissed her and implored her to speak, but she barely moved.

It was impossible to tell if she recognized her husband. Within five minutes she had died, in his arms.

BOWLING TOURNAMENT HELD IN MADOC

Ten teams took part in a men's Scotch doubles tournament held here on Monday.

First prize was won by H. Kellar and P. Gunn; second prize by Dr. Beatty and J. Watson; third prize by George West and Dr. Wyper, and fourth prize by C. Ross and T. Wedlock.

Two teams from Madoc, attended the men's tournament in Havelock last Wednesday. The team composed of George West, C. Ross, T. Wedlock and W. Fletcher were successful in winning the hard luck prize of camp chairs.

Two teams also attended the mixed tournament in Stirling last Wednesday, when the team of Mrs. Kellar, M. Caverly, Mrs. Caverly and P. Gunn won fourth prize.

IN MEMORIAM

JARVIS—In sad and loving memory of our dear mother, Mrs. John Jarvis, who passed away September 7, 1934.

Two dear bright eyes, a tender smile, A loving heart that knew no guile, Deep trust in God that all was right, Her joy to make some other bright.

If sick or suffering one she knew, Some gentle act of love she'd do; No thought of self, but of the other, I know he said "Well done, dear mother."

Ever remembered by her family.

IN MEMORIAM

VOLLICK—In loving memory of a dear husband and father, Morris Harvey Vollick, who passed away on August 29, 1933.

Beside your grave I often stand, With heart both crushed and sore; But in the gloom the sweet words come, Not lost, but gone before.

Sadly missed by his wife and family.

The little two-year-old daughter of Mr. and Mrs. Orvil Thompson of Kalar, cut her finger so badly with an axe while playing with the implement at her home, that it was found necessary to have it amputated at the office of a local surgeon.

MEETING OF MADOC WOMEN'S INSTITUTE

The Madoc Women's Institute held their August meeting on Friday, the 30th, at the cottage of Mrs. T. Blue at Moira Lake, with a good attendance, Mrs. R. Bristol presiding.

A brief sing-song and the Institute Ode was followed by the Lord's prayer in unison.

The minutes were read and approved. Reports of committees included the Canvassing Committee report given by Mrs. C. Henderson. Special Fair Prizes amounting to \$48.85 were collected, in addition to the Institute Specials of \$8.00 being \$3.00 more than last year.

No report from the Relief Committee was received, and the Flag Committee promised immediate action.

Correspondence included thanks from Mrs. Wickham and Mrs. Bristol for flowers during illness. A communication from the District Secretary regarding the summer series of lectures. On motion of Mrs. Whytock, seconded by Mrs. White, it was decided to ask for the lecturer to visit Madoc Branch and to invite Ivanhoe members to join with us on that day.

The regular meeting for October to be dispensed with. Additional hostesses for that meeting were appointed, the names added being Mesdames James Whytock, S. Ashley, A. Corrigan and A. Kincaid. The meeting will be held in the Town Hall and each member is asked to donate a cup and tea plate for Institute use.

Mrs. James Whytock gave an interesting review of the current events the month. Duties of Institute officers were dealt with in a three-minute talk by Mrs. T. L. Nickle.

The guest speaker, Mrs. Carl W. Clancy, of Wellman's Corners, was introduced as the new District President. After thanking the members for their cordial invitation and asking for co-operation and assistance, she chose as her subject "Institute Ideals," and dealt with these as concerning women's work and opportunities in the community.

On motion of Mrs. Ross and Mrs. Smith a hearty vote of thanks was tendered Mrs. Clancy for her interesting address.

Roll call answered by a Proverb was responded to. The next meeting will be held one week early, September 20th.

The National Anthem was followed by a social half-hour with tea, sandwiches, cake and ice cream, which were much enjoyed.

Roll call answered by a Proverb was responded to. The next meeting will be held one week early, September 20th.

The National Anthem was followed by a social half-hour with tea, sandwiches, cake and ice cream, which were much enjoyed.

MADOC WINS TENNIS TROPHY FOR SECOND TIME

The Madoc Tennis Club regained the Stewart Warner trophy by winning the Labour Day tournament in Stirling. The team composed of Laura Ross, Ken West, Ken Nicol and Allan Ross won on the point system from Tweed, Stirling, Trenton and Campbellford. Finalists in every event, they ended the day's play with seven points as compared to five for Campbellford, their nearest rivals. Playing against older and more experienced clubs, Madoc surprised everybody by romping through the first two rounds and one of the finals. During the course of the day Ken West was forced to play fourteen sets and much of the credit for the team's splendid run must go to him.

Men's singles, first round—West defeated McKeljohn of Stirling. Bates of Trenton defeated Arbour of Tweed, Campbellford drew a bye.

Second Round—West defeated Kingston of Campbellford. Trenton drew a bye.

Final Round—Bates of Trenton defeated West.

Men's doubles, first round—Campbellford defeated Trenton. Madoc defeated Tweed. Stirling drew a bye.

Second Round—Campbellford defeated Stirling. Madoc drew a bye.

Final Round—Beatty and Beatty of Campbellford defeated West and Nicol.

Mixed doubles, first round—Campbellford defeated Tweed. Stirling defeated Trenton. Madoc drew a bye.

Second round—Madoc defeated Campbellford. Stirling drew a bye.

Final round—L. Ross and A. Ross defeated M. Demorest and H. McGee of Stirling.

HERE AND THERE

A Western contemporary has suggested the following slogan to end depression, "There's a great day coming—buy and buy."

Maybe the average woman would drive from the front seat just as well as from the back if Dame Fashion didn't insist on pasting a hat immediately over her right eye.

A published report gives the number of millionaires in Canada in 1930 as 612 and in 1934 as 1227. If the report is true the men who were able to acquire millions more than doubled during four years of depression while thousands were obliged to accept a government dole for lack of work and many thousands more just managed to get enough to live on.

A boom in implement sales to farmers throughout Canada, which commenced to be noticed about the first of the year, has now grown to such proportions that the demand for new machinery scarcely can be met, despite the fact that factories are working at full capacity. Quite a number of farmers in Forest district have so far been unable to secure new binders and mowers.

WISE COURSE TO PURSUE

Always and everywhere the pay as you go is the direct, courageous and honest route to economic health and public welfare.—Perth Courier.

NO MORE QUARRELS?

The British Medical Journal reports that a successful eye operation was performed in England on a blind woman whose sight has been restored by grafting part of a man's eye on hers. It remains to be seen whether the operation will enable her to share the same views as her husband.

BICYCLE REVIVAL KEEPS BRITISH MAKERS BUSY

The revival of bicycling which has taken place is bringing about increased activity among bicycle manufacturers in Britain, according to the Industrial Department of the Canadian National Railways. Touring and tandem models seem to be those greatest in demand.

QUEER WORLD

A "truth serum," which makes it almost impossible for criminals to tell lies when being questioned, is claimed to have been perfected by Dr. Leonard Keeler, of the North West University, Chicago. The criminal must submit to several inoculations with the "truth serum" before he comes under the influence. He then begins to talk freely—and truthfully.

PAINTING BARNS

After a lapse of five full years, Canadian farmers are beginning to paint their barns again. There is no general rush, but here and there throughout the country a number of the mixed farming areas, examples are readily noted. While important enough in itself, in view of the immense area to be covered in familiar red, green or white, the significance of the return of barn painting is that it means the first real indication of a return of permanent better times to Canadian agriculture.—Financial Post.

FARM PRICES RISING

The most satisfactory year for livestock production since 1930, is the report made by a packing company. There are many other evidences of this condition. Prices in all lines of livestock have advanced a long way from the low point registered about

four years ago. The same thing applies to most of the other minor products of the farm—dairy produce, poultry and eggs, and all the many products from which the well-managed farm derives much of its revenue.—Winnipeg Tribune.

SAFETY FIRST

Playing baseball or catch, spinning tops, rolling hoops, roller skating—it's such fun these days that it's easy to forget, even when you know there is danger, but to try to be careful.

No matter how watchful your parents are, they simply cannot keep their eyes on you continuously. Older boys and girls should teach younger brothers and sisters to be careful, and set them a good example.

Remember the rule of "Safety First"—and keep out of the path of automobiles.

VALUE OF TOURIST TRAVEL

Tourist trade as between Canada and the United States shows a balance of \$73,000,000 in favour of the Dominion. Last year Canadian tourists' personal expenditures in the United States amount to \$47,000,000, an increase of 34 per cent over 1933, according to figures compiled by the Washington Commerce Department. During the same period, United States tourists to Canada spent \$120,000,000 a total which will be exceeded considerably this year. The increased expenditure of Canadian tourists in the United States is attributed to a 22 per cent increase in the number of Canadian cars entering the States.

BUSINESS BETTER, BEATTY DE-CLARES

Canadian business generally is benefitting by a sound, steady improvement which has been in progress for a considerable time, Sir Edward Beatty, president of the Canadian Pacific Railway, said at Halifax recently as he stepped down from a special train which was carrying him through the Maritime provinces and an annual tour of inspection of company enterprises. The only cloud on Canada's industrial recovery front, the rail chief asserted, was in Western Canada, where crop prospects were indefinite and where there was no assurance that the 1935 yield would be readily marketed.

LESS RELIEF AT THE SOO

There are one-third fewer families on relief in the Sault at the present time than there were a year ago, the figure now being about 400 compared to 600 at the end of July, 1934.

That is a welcome improvement in conditions, and contrasted to the figure of over 1,500 families on relief in May, 1933, shows a steady gain since that time.

This is due to a large measure to the betterment of industrial conditions here, resulting from the re-organization of the steel plant and from the general advance in business and employment throughout Canada.

There are indications too, that things will continue to improve, unless some untoward event happens, to cause the present trend to be upset.—Sault Ste. Marie Star.

GOOD SALESMAN

If the large number of people who have visited the Canada Shop in London since its opening last week is maintained until the date of closing, the promoters should be more than pleased with the publicity given to Canadian food products through this practical advertising medium. On Saturday last the number of visitors was checked. No fewer than 2,500 passed along the counters and inspected the foodstuffs. The majority of them purchased samples, as a result of which it is reasonable to anticipate enhanced sales by visitors in the locality and in such other localities as were represented by the visitors.—Canada's Weekly.

REMINISCENCES

The following items have been taken from the file copies of the Review.

FIFTY YEARS AGO

September 3, 1885

Mr. Finley Houston has the contract for building the vestry of the Methodist church at Queensboro and Mr. Tucker is to put in the stonework.

The Misses Stratton will contribute vocal and instrumental music at a home festival in Flinton.

On the eve of the next Wednesday the Presbyterian Sunday School will have an excursion to Bridgeville by rail. Trenton lacrosse team will also play Madoc here on that day. Madoc players are: Messrs. Orr, Hallowell, Wright, Francis, Cross, Vanorman, Burns, Brough, Huff, and Weaver.

Miss Berta O'Hara has been awarded a non-professional third class district certificate.

Yesterday at about six o'clock fire broke out in the engine room at White's, Agricultural Works but was put out with little damage.

Squire Palliser of the North American Hotel at Foxboro, had a narrow escape from drowning in Crowe Lake on Thursday.

On Sunday morning a handsome clock was presented to the Methodist Church by Miss Minnie Stratton, daughter of F. B. Stratton and was acknowledged by Mr. E. D. O'Flynn. Over forty loads of cheese from this section were hauled to Tweed last Saturday.

Messrs. R. R. Casement and Fred Rollins, left yesterday for a fishing and hunting trip in the northern part of Peterborough County.

We had a call last week from Rev. A. Maybee and Mrs. Maybee, who were former residents of Madoc.

Messrs. Bailey Bros. are erecting a new broom factory at Kingston.

An immense traffic in cattle is going on over the Grand Trunk at Belleville. Between 600 and 700 cars passed east during 24 hours.

The assessment of Peterborough is only 12 1/2 cents on the dollar.

TWENTY-FIVE YEARS AGO

September 1, 1910

A quiet wedding was solemnized on August 24th in Port Arthur when Miss Lou Wellington, daughter of Mr. and Mrs. Charles Wellington, was married to Mr. Harry Dufmage, by Rev. Hiram Hull.

The News-Advertiser of Vancouver contains an account of a new mining discovery and a rush of prospectors to Steamboat Mountain, B. C. Among the first was Mr. Stanley Thompson, formerly of Madoc, and it is understood he made a good strike.

The total tax rate of Madoc township for all purposes is 20 1/10 mills.

The Musical Leader of New York, refers to Mr. W. A. Hungerford as a talented musician.

Mr. William John Rhodes of Elzevir passed away on August 26th at the age of 56 years.

Miss Mary McBeath has charge of the Public School at The Ridge. Mr. and Mrs. Cornelius Osborne have issued invitations for the marriage of their daughter, Agnes Pearl, to Rev. Charles Melville Wright, of Toronto.

Madoc High School will re-open with A. H. Watson as principal, and G. B. Stewart and Miss Donna Cooke as assistants.

Andrew Lowery of Foxboro, foreman on a gravel train, was accidentally killed at Belleville on Tuesday when struck by a train.

Mr. and Mrs. Robert Bristol of Vancouver, have been visiting Mr. and Mrs. M. Bristol.

Mr. Henry McCaffrey is now clerking for Mr. W. P. J. Alexander at Lethbridge, Alta. He has passed his exams and is now a graduate druggist in that province.

FIFTEEN YEARS AGO

September 2, 1920

The August meeting of the Women's Institute was held on the 30th at the lake with Miss Ruth Connor as hostess. Mrs. E. M. Tumulty was in charge. Three Macdonald school students from Guelph were present, one of whom was Miss Grace Burnside, of Madoc.

On Sunday next Dr. MacTavish completes 35 years as a minister in the Presbyterian Church in Canada.

Madoc High School will re-open on Tuesday with J. E. Marcellus as principal and Miss E. Chown, Miss G. Graham and Miss Thorne as assistants.

Miss Helen Bristol returned to Toronto on Tuesday.

Dr. Harry Whytock of Jellico, has been the guest of his mother, Mrs. M. Whytock.

Mr. Chas. Morrison of Fairhaven, Mass., has been the guest of his brother, Mr. J. E. Morrison, in town.

Mr. Tom Faulds, miner, received very painful injuries on Tuesday while working in the Perry mine.

NEWS AND INFORMATION FOR THE BUSY FARMER

(Furnished by the Ontario Department of Agriculture)

Preventing Bees from Swarming

Work done by the Bee Division of the Dominion Experimental Farms has shown that the desire of bees to swarm may be suppressed to the minimum by eliminating the exciting causes. This is done by keeping every colony headed by young and vigorous queens, by providing sufficient space for maximum brood production and storage of nectar at all times, by using only good drawn comb in the brood chambers, and by providing shade for the colonies during the hottest part of the summer or proper ventilation for the hives.

Cleaning the Hen House

At this time of the year hen houses should be thoroughly cleaned, disinfected, and whitewashed. At the Poultry Division, Central Experimental Farm, the following whitewash mixture has been used with good results:

Slake 1-2 bushel of lime with boiling water, strain and add 1 peck of salt, dissolved in warm water. Put 3 pounds of ground rice in boiling water and boil to a thin paste. Dissolve 1-2 pound of powdered Spanish whiting and 1 pound of clear glue in warm water. Mix all these well together and let stand for several days. Keep over a portable furnace and apply hot with brushes.

Water for the Poultry

Extremely hot weather often causes heat prostration among poultry, therefore an abundant supply of clean, fresh water should be available to the growing and laying flock. Since water makes up 66 per cent of an egg its use is imperative. Clean water is necessary, not only from the standpoint of sanitation but also to help control egg flavour.

At What Stage of Maturity Should Crops Be Harvested?

Experiments by the Field Husbandry Division, of the Dominion Experimental Farms show that crops cut at the following stages gives highest yields of best quality:

HAY—Alfalfa one tenth in bloom, red clover full bloom, timothy when the bloom has fallen, grain for hay when the kernels are in the milk stage.

GRAIN—All grain crops should be cut when the kernels are firm and before the heads are too easily shattered.

SILAGE—Corn late dough, sunflowers 50 per cent in bloom, red clover full bloom, alfalfa full bloom and wilted 5 hours after cutting, oats and peas when oats are in the dough stage.

ROOTS—As late in the fall as possible.

POTATOES—When the tops are all dead.

Weaning the Lambs

Lambs should be weaned at around five months of age. The practice of letting the lambs wean themselves is to be discouraged since it prevents the mother getting a well deserved rest before the mating season, which is necessary for her health and vitality.

Young weaned lambs should have the run of some good fresh pasture. A good after-math or a piece of rape that has been sown in the spring will be greatly enjoyed by them. Such a pasture is necessary to avoid a check in their growth as a result of the loss of their growth as a result of the loss of their mother's milk; it will also help to prevent parasitic infestation so detrimental to growing lambs.

Cutting Soybeans Hay.

With an increasing number of farmers growing soybeans for hay it is important that growers should cut the crop at the proper time. Soybeans for hay should be cut when the pods are about half filled out. The most desirable combination of quality and feed value is obtained at this stage. Cutting should be done with the mower in the morning, after the dew is off. It is usual to leave the crop in the swath for a day, or until the leaves are thoroughly wilted, then rake into windrows and allow to cure. Or it may be left for two or three days in the windrows and then put into small cocks. The hay should be thoroughly cured before hauling and handled in such a way as to preserve the leaves as much as possible.

Early Topping of Turnips

The practice of "topping" turnips some weeks before the date of pulling, in order to use the leaves while still green in the fields of livestock has been common in certain parts of the Dominion, and the question whether it is an economical operation or not has been settled by practical demonstrations. The data obtained showed that turnips from the non-topped crop had the higher food value. The injury also caused by the marked growth of the untopped crop during the latter weeks of the season, the leaves during this period continued to function as lungs and stomach, resulting in a heavier yield. The practice of topping the crop three weeks or a month prior to the date of pulling has shown a result in a lower yield per acre of nutrients, and is therefore non-economic.

Some Poultry Parasites Easily Controlled

At this season red mites and body lice frequently cause serious loss in production, deaths may follow a bad infestation among both the young and the old stock, and considerable time and care may be required to bring the flock back into condition after the trouble has been located.

Carelessness or unsanitary conditions are usually responsible for the presence of these pests. They thrive on dirty hens and multiply rapidly in fact if it is allowed to accumulate in corners or cracks and crevices of the henhouse.

Lice live entirely on the body of the bird and irritate by crawling and biting. Their eggs are laid at the base of the feather, usually around the vent or under the wing. Fortunately, they are easily controlled and by using ordinary precautions the flock may be kept free and clean. The usual practice at the Experimental Station Harrow is to apply Blue Ointment, which can be obtained at any drug store. A portion of blue ointment about the size of a pea is smeared between the thumb and first and second fingers and rubbed in around the vent and at the base of the wing close to the body. One thorough application when the birds are being placed in their winter quarters is usually sufficient to keep them clean for the year. However, the birds should be examined at intervals because a reinfestation may occur during hot weather.

The red mites do not stay on the birds constantly. As a rule they spend the day in some crack or crevice or on the underside of the roosts, preying on the birds at night by piercing the skin and gorging themselves with blood. The control is comparatively simple. A solution of 1 to 3 crude carbolic and kerosene or one of the good coal tar preparations usually used as a disinfectant may be applied with a brush to the dropping boards, roosts and nests after they have been thoroughly scraped and cleaned. In the case of a bad infestation, when the mites have migrated to all parts of the house, a thorough cleaning and spraying with one of these agents will be necessary and should be repeated after an interval of two or three days.

RECORD CATCH OF SALMON

An all-time record for late commercial salmon fishing in New Brunswick was probably established by St. John fishermen recently when 700 fish were taken, representing approximately 10,000 pounds of salmon. St. John harbour salmon holds a high place among epicures for its flavour.

ALLEGED COMMUNISTS TARRED AND FEATHERED

Two men were tarred and feathered and three others ordered to leave Santa Rosa, Calif., by self-styled vigilantes who conducted an all night series of raids against alleged communists in Sonora County.

The two tarred and feathered in an outlying district said they were Jack Green, Santa Rosa commercial artist, and Solomon Nitzburg, rancher at Two Rocks near Petaluma, whose residence was the scene of disorder and gunfire.

APPRECIATIVE SUBSCRIBER

The editor of the Kingston, N. Y., Freeman is said to have received a letter reading as follows:

"Please send a few copies of the paper containing the obituary of my aunt. Also publish the enclosed clipping on the marriage of my niece, who lives in Saugerties. And I wish you would mention in your local column, if it doesn't cost anything, that I have two nice puppies for sale. As my subscription is out, please stop the paper as I have as too hard to waste money on newspapers."

MAN DECLARED DEAD AFTER 54 YEARS

Pierre Quintal, Jr. who was last heard of in California in 1881, was declared dead by Mr. Justice G. F. Gibson in Superior Court and the portion of an estate to which he had fallen heir was ordered turned over to Dame Camilla Pineault, of Cartierville, Que.

Dame Pineault had entered suit asking that Aristide Larose, of LaPrairie, Que., acting as executor of the estate of Pierre Quintal, Sr., be ordered to pay her \$2,700 due her as an heir to the estate.

Death of other heirs had carried succession in the estate down to the plaintiff in the case. At the same time Mr. Justice Gibson maintained the intervention into the suit of the Sisters of Our Lady of Charity and Refuge at Ottawa to the extent of \$500. The order had intervened to claim money left it as a universal legatee by a woman who had been in line to succeed.

15,000 INDIVIDUAL DRAWINGS MAKE MICKEY MOUSE PICTURE

It takes 300 people three weeks to make a Disney picture and 15,000 individual drawings are required, stated William Erskine, director of the Walt Disney enterprise. He was travelling in the interests principally of his internationally famous little pal, Mickey Mouse, and believed the general atmosphere and surroundings of Jasper National Park and Maligne Lake areas in Alberta, will be productive of some new ideas for the interesting wee chap. Mickey Mouse has been shown in 58 countries. Three Little Pigs was the most sensational picture Disney has produced, according to Mr. Erskine. He is now working on Who Killed Cock Robin.

\$386,500,555 IN GOLD FROM MINES OF INDIA

The gold of India was the lure which enticed Christopher Columbus to embark on his memorable voyage of discovery in 1492 and those other adventures which followed him. Since 1882 the gold mines of India have produced fine gold to the value of approximately \$386,500,555. The main production is from four mines in the Kolar Gold Field, South India. These mines also produce a small quantity of silver. During 1933 the mines produced 335,774 ounces of fine gold and 26,172 ounces of silver, an increase of 6,199 ounces and a decrease of 1,609 ounces respectively. The total value of the gold and silver produced in 1933 was approximately \$10,430,010, an increase of \$797,455 over the previous year.

WEEKLY NEWS LETTER FOR THE FARMER

Issued by the Central Experimental Farms, Ottawa, Ont.

Deterioration of Dressed Poultry
Studies concerning the deterioration of dressed poultry by the Division of Bacteriology, in co-operation with the Poultry Division of the Central Experimental Farm, have yielded some interesting facts. Over 175 birds, stored for different periods up to eight weeks, have been examined to date, and the results indicate the importance of bacterial growth on the skin surface as a factor in determining keeping quality. Under practical conditions the spoilage organisms are invariably present on the skin of a freshly dressed bird. Since these can grow at storage temperatures, there is a limit beyond which spoilage cannot be avoided. At 70 degrees F. the maximum safe period is about five weeks, while at 32 degrees F. it is a week shorter. This applies only to birds receiving careful and sanitary treatment. Where this is neglected the length of the period of safe storage may be greatly shortened, and may result in considerable financial loss.

Protecting Potatoes from Injury

Observations made on the Dominion Experimental Farms have demonstrated convincingly that potatoes produced on wet land develop a tender skin and are more subject to injury when dug. Potatoes produced under such conditions, therefore, should be handled very carefully. While potatoes grown in dry soil are less liable to injury, they are often injured through the fact that this type of soil is not carried over the digger. To compensate this disadvantage, when elevator diggers are used sufficient soil should be taken up to prevent the tubers coming in direct contact with the moving parts of the machine.

SAVE TO BUY AND BUY TO SAVE

READ THIS HEADLINE FORWARDS OR READ IT
BACKWARDS—IT GIVES YOU THE SAME,
SOUND ADVICE!

You have certain living expenses—rent, food, clothing, light, and other necessities. You save money every week so that these bills can be paid at the first of every month. Whatever else you buy must come from surplus savings, over and above those set apart to cover living costs. To make those savings buy the utmost value for the money is the essence of true economy.

Save to buy — then buy to save. Know what you need to buy before going to the store. Know what you can afford to pay before you start out to make a purchase. This is the one sure way to get the most for your money.

Make it a habit to

Read the Advertisements

in The Review every week. By doing so you will learn where to buy the things you need and where your dollar will buy the greatest value. The advertisements will show you where to purchase better food, better clothes, and yet save you money. They will help you live better and enjoy the good things of life.

They Help You To Buy In Order To Save

MR. ANDREW BROWN ACCIDENTALLY KILLED BY STONE CRUSHER

Mr. Andrew Brown, aged 65 years, a well known resident of West Seymour, was killed almost instantly on Friday afternoon when a plank which he was holding between a stone crusher and the steam traction engine operated by his brother, George, collapsed pinning him between the two machines.

The crusher, which was being moved from the rear of Henson's machine shop, to take up a location near Actonville, was the property of Springer and Beatty, local contractors, and the tractor was operated by the brother of the deceased.

Mr. Brown was given immediate medical care, but failed to respond, and expired some twenty minutes after the accident.

Deceased was a widower, and is survived by two sons, George and Alfred, and one daughter, Mrs. Milton Blakely, all of Seymour.

OBITUARY

MRS. R. T. PORTER

There passed away late on Tuesday afternoon, August 27th, at her late residence in the village of Thomasburg, a well known and highly respected resident in the person of Matilda Jane Coulter, relict of the late Richard T. Porter, at one time reeve of Huntingdon township. She had been in failing health for some time.

The late Mrs. Porter was born in the sixth concession of Huntingdon seventy-five years ago and all her life was spent in that community, being a daughter of the late Andrew and Isabella Coulter and in 1882 she was united in marriage to the late Richard Porter.

The deceased was an active member of Christ Church and Christ Women's Auxiliary, taking an active interest in all work in connection with the church when health would permit. She will long be remembered for her kind and unassuming disposition.

Surviving to mourn the loss of a loving mother, are three daughters, and three sons, namely, Miss Emma Porter, at home; Mrs. William A. Morton, Thomasburg; Mrs. (Dr.) H. L. Cheney, Alexandria; Mr. Albert Porter, Thomasburg; Mr. Ernest Porter, Toronto; and Mr. Clayton Porter, Detroit, also one sister and one brother, Miss Emma Coulter and Mr. Fred Coulter, both of Thomasburg.

JACK MINER HAS TROUBLE WITH HAWKS

Seventy-year-old Jack Miner had his troubles added to recently when it was found there was a heavy migration of marsh hawks passing through the province, many invading his bird sanctuary at Kingsville.

The hawks are chasing the small bird life at the sanctuary and Mr. Miner personally guards his charges from daylight to late in the evening. Each hawk he kills will be sent to the Royal Ontario Museum, Toronto, where the stomachs will be analyzed and contents noted. The skin specimens are used for scientific purposes.

STABLE LANTERN USED TO LIGHT UP STREET

Residents of Weston, 10 miles northwest of Toronto, have not taken kindly to the council's ideas of economy.

The town took on a ghost-like appearance when street lights were turned out and one citizen placed a stable lantern on a pole at one of the main street intersections. One theatre hung out lights to enable citizens to help find their way along the streets.

Michael Collins, young son of Mr. Joseph Collins, of the Township of Hungerford, sustained a bad fracture of his right arm while cranking a car at his home on Thursday. The fracture was reduced at the office of a local doctor.

OBITUARY

WILLIAM STIRTON VOLUME

Winnipeg lost another link in the chain of remembrance that binds the present day metropolis with the colonization period of the '70s in the death on Monday evening of W. S. Volume, 524 Spence street, veteran of the 1870 Wolseley expedition to the Red River Settlement.

Only last Thursday Mr. Volume reached the 85th year of his life, spending his birthday in the General hospital, where he had been confined with illness for some time.

Mr. Volume was born in Kilmuir, Forfarshire, Scotland, in 1850, and crossed the Atlantic when but 11 years of age, residing with a married sister in Madoc, Ontario.

When the call was issued for volunteers to aid Col. Garnet Wolseley's British force in quelling the Riel Rebellion in the Red River settlement, Mr. Volume was one of the first to offer his services and he was with the troops when they marched into Fort Garry, to find that the rebel leader and his men had departed a short time before.

Shortly after the military force, which had come to Fort Garry, had disbanded in the year 1871, Mr. Volume returned to Ontario, but was there only a short time when the word of more trouble came, and with a company of volunteers he joined reinforcements and left Fort William in the fall of 1872. Making this journey over a chain of lakes, it took three months to reach Winnipeg.

Mr. Volume was one of the charter members of the first Orange Lodge formed in Manitoba, No. 1307. He was instrumental in forming the Army and Navy Veterans' Association in the city, and was for many years honorary secretary-treasurer of that organization. He was a life member of the Old Timers' Association and honorary life member of the North West Field Force Association.

He was in the employ of the Canadian Pacific Railway car service department for many years. From this organization he retired 15 years ago.

His wife having died six years ago, there survive one son, John S. Volume, of Nelson, B. C., and three daughters, Mrs. T. H. Moore, Toronto; Catherine S. Volume and Mrs. H. W. Sadler, of Winnipeg; Lawson A. Volume of this city is a nephew.

The funeral will be held Wednesday at 2 o'clock from Thomson's mortuary, Broadway, after which the body will be taken by his daughter, Mrs. Sadler, to Madoc, Ont., for burial in the family plot.—Winnipeg Tribune.

On arrival at Madoc on Friday the body of the late Mr. Volume was borne to the grave by his four nephews, and two grandsons, Messrs. John McCaffrey, William Sinclair, George Wright, James Watson (Perth), John Moore and Earl Burnside.

Rev. William T. Brown officiated.

URGES ABOLITION OF COUNTY COUNCILS

At the Ontario Municipal Association convention held recently in Toronto, President Wilkinson commended the Ontario Government for having made it compulsory for municipal councils to secure Ontario Municipal Board sanction before embarking on large capital expenditures.

He supported a suggestion to abolish county councils stating they were out of date.

"Throughout the country there seems to be a general pick-up in employment although we have not noticed it down in our section," said Mr. Wilkinson. "I believe there is nothing to be gained by piling up tax burdens which do not strike at the root of employment problems."

The president lauded newspapers which spoke out fully in municipal affairs and took a leading interest in their conduct.

"Such action results in better administration of municipalities," he said. "In the past it seems to me some papers are not frank enough in criticising the action of councils. The ordinary man is influenced to a great degree by the papers and feels they are in fact leaders of a community or province as the case may be."

"The newspapers therefore have a great responsibility and should in all cases be free with their criticism on the method of government in municipal activities."

\$2,500 TOBACCO SOLEN BY TRUCK

Burglars entered the Barrie Wholesale Tobacco Warehouse and escaped with cigarettes and tobacco valued at \$2,500, in a truck. Loss is covered by insurance.

Cases were broken open and cartons passed out through a small aperture in the rear, just inside the door, which had been jammed open. A plan of the building and marks made by the truck were discovered in the lane-way.

PIONEER DOCTOR VISITS MARMORA

Dr. and Mrs. T. O. Byrnes and infant daughter Mary Elizabeth, arrived in Marmora on Monday of last week after a short stop at Toronto, it being their first trip outside the Arctic Circle in nearly three years. Dr. Byrnes, a graduate of the University of Toronto, was one of the first white men to arrive at Cameron Bay in the Great Bear district, following the spectacular discovery of silver and radium in the territories. Mrs. Byrnes, who was formerly Miss Marion Shannon, daughter of Mr. and Mrs. Daniel Shannon of Marmora, joined her husband later after an adventurous 3000 mile flight from Edmonton.

When Dr. Byrnes first arrived at Cameron Bay, there were only a few tents and camps, his was the first permanent cabin to be built and later little Mary Elizabeth was the first white child on record to be born inside the Arctic Circle. Cameron Bay being one of the most isolated mining camps in the world. The only means of travel for about ten months out of the year was by dog team or aeroplane. On one occasion after a severe accident, at the mines, Dr. Byrnes accompanied a patient by aeroplane about six hundred and fifty miles to Akilavik on the Arctic Ocean. When starting their return trip after the operation, the rubber skills on the aeroplane became deadened by the severe frost and the plane crashed on the take-off. A rescue plane arrived at the hospital, having come over the mountains from the Yukon, the other lines being closed owing to the extremely bitter cold. Dr. Byrnes arrived back at Cameron Bay on Christmas Eve from his most exciting sick call after being away seven weeks.

During Dr. Byrnes' stay at Cameron Bay it grew from a few straggling tents to a good sized village, which now enjoys most of the comforts of a southern town, but still lacks the added luxuries of motor car or electricity.

Dr. Byrnes has been engaged as company doctor at Beaver Lodge, Lake Athabasca, Saskatchewan, another pioneering gold district in the extreme northern part of Saskatchewan and plans to leave for there shortly before the winter sets in.

ITALY WILL CALL 200,000 TROOPS

A Reuters despatch from Rome, Italy, said Premier Mussolini declared in speaking of his troops, 200,000 more troops will be called to the colors "in order to face any eventuality that might arise."

"The world must know once again that while there is talk so absurd and provocative of sanctions, we will not give up a single soldier, a single sailor, or a single aviator but will bring to the highest degree the power of all armed forces of the nation," the despatch quoted Il Duce.

Concluding a 200-word speech, Mussolini was quoted as saying: "You have given during the last few days evidences of the very high morale with which you are inspired, making us certain that if tomorrow the country calls you to accomplish hard tasks, you will undertake them with enthusiasm, courage and resolution, determined to the end."

ROBERT ALEXANDER, BRIGHTON, KILLED

Robert Alexander, 64-year-old Brighton resident, was killed early Saturday morning when struck by a car driven by Clifford Cassan of Campbellford, on the highway east of Cobourg.

Cassan told Provincial Constable Blucher of Colborne, the head lights of another car obscured view of the pedestrian until he was quite close and Alexander suddenly crossed in front of the car and was struck.

Alexander was taken to funeral parlors in Grafton, where Coroner Dr. Peacock found death due to a fractured skull. An inquest was opened and after the body was viewed adjourned for a week.

HUNTING SEASON MAY BE CURTAILED

Scarcity of partridge has raised doubt there will be a hunting season for that bird in Ontario, it was stated recently by officials of the Fish and Game Department.

Fish and Game Protective Associations and field men for the department are engaged in a survey of the fall hunting prospects generally and have turned in reports which would indicate the department would be ill-advised to permit a season for partridges.

The department, it is understood, is considering a plan of extending the pheasant season over that of normal years.

RAWDON BRIDE-TO-BE FETED BY FRIENDS

On Wednesday afternoon eight girls journeyed to the home of Mrs. Herb. David and spent a social hour with their eldest daughter, Jean, who is a bride-to-be.

The bride's trousseau was on display and at the close of this happy event, Miss Edna Thrasher read the following address and Miss Isobel Turner presented Jean with a silver water pitcher.

At Pleasant, Aug. 28, 1935.

Dear Jean: Hearing of your approaching marriage, a number of us folk of the community felt we could not let this opportunity pass without in some way remembering you.

Although you have not been in our midst very much, we feel that through the rest of the family living here, you are one of us. We ask you to accept this silver pitcher with our kind regards, and may it ever keep fresh in your memory the afternoon we spent with you previous to your marriage.

In the new home you are about to establish may God's richest blessing attend you through health, wealth and prosperity.

Jean very suitably replied, thanking her friends for their remembrance and later Mrs. David and daughters served a delicious lunch. Those who attended this function were Misses Edna Thrasher, Vera McAdam, Betty Hoard, Isobel Turner, Francis McKeown, Eileen MacMullen, Faye Andrews and Mildred Sharp.

QUINTS FIFTEEN MONTHS OF AGE

Dr. Allan Roy Dufosse watched the Dionne quintuplets enter their 15th month of life on Wednesday and then hurried off to the Canadian National Exhibition in Toronto where their parents, Oliva and Elzire Dionne, already were visiting.

But there was no reason for the 15-months-old youngsters to feel deserted on their "birthday." Several hundred persons crowded around their hospital-home to watch them go through their two daily appearances and there were two kind nurses to look after their wants in the hospital.

They all gained weight in the last month for a total of one pound, 15 3-4 ounces and now weigh 95 pounds, 9 1-2 ounces. Emilie headed the weight-gaining list with an advance of 12 1-2 ounces; Yvonne was next with 8 1-2 ounces, Annette put on 6 3-4 ounces and Marie three. Cecile found the past month's heat kept her waist line slim. She added only one ounce.

HOUSING LOANS PROVE POPULAR

Finance Department officials are kept busy with an increasing number of applications for house-building loans under the Housing Act passed at the recent session of Parliament. Loan companies in various parts of Canada have reported a flood of applications and inquiries.

In the usual case 20 per cent of the cost of the building project is put up by the owner, the private lending agency advancing 60 per cent and the Dominion Government 20 per cent of joint loans. Applications received call for loans on dwellings, apartment buildings, duplexes. They are about equally divided between individuals wanting to build homes and contractors building for sale.

CHILD KILLED BY FATHER'S TRUCK

Fatally injured by the wheels of his father's truck, the fifteen-months old son of Mr. and Mrs. Sydney McIntosh, of McDonald's Corners, died a few hours after a particularly sad accident on Sunday, August 18th.

Mr. McIntosh, backing his truck into the yard of his home, did not notice his young son near the rear of his machine, which struck him, inflicting fatal injuries.

Coroner Dr. A. W. Dwyre decided that no inquest would be necessary.

GLASGOW WILL BUILD 70,000 HOUSES IN DECADE

Elimination of slums has been taken up by the United Kingdom with the determination to have the work completed at the earliest possible date. Scotland will see builders busy during the next few years carrying out the schemes drawn up. The corporation of the City of Glasgow will build 70,000 houses in the next ten years and the Paisley corporation 2,000. Canada ranks second as a source of supply for softwoods for the Scottish market, excepting pit props, box boards and sleepers, etc., Latvia being the largest source of supply.

CENT A MILE Round Trip Bargain EXCURSION

FILM STUDIOS

GIVEN TRENTON

Premier Hepburn recently wiped out the last traces of the Ontario Government's motion picture industry.

The old Trenton studios are being donated to the Town of Trenton, provided the town fathers convert it into a public gymnasium. The four employees of the industry who survived Mr. Hepburn's Queen's Park house-cleaning of last September have been served with notification of dismissal, and will not be reinstated to the civil service unless, suitable openings for them materialize.

Ontario started to make pictures and films in 1919, and since that time, according to Mr. Hepburn, has spent \$1,750,000 on the work. "And," he informed the press, "we haven't a thing to show for that huge expenditure but a lot of useless, obsolete, out-of-date film."

LIGHTER SIDE TO STORY

There is a lighter side to the grim reality of the trekkers' march on Ottawa. A wedding was reported in the camp recently. The bridegroom was one of the leaders of the Rock-cliff relief camp walkout. The bride has been identified with the Ottawa labor movement for some time. "But don't give our names to the press," the bride pleaded with newspaper men. "My husband is going to work tomorrow and he has disassociated himself with the marchers."

"Is marriage a cure for the trek business," she was asked. "It is for us," she replied. Meanwhile the young women who had marched from Toronto, Windsor, Niagara Falls, Hamilton and Sudbury crowded around the bride and offered congratulations.

YOUNG PEOPLE'S LEADERSHIP CAMP

The first Young People's Executive Leadership Camp, which has been in session for the past week at Oak Lake Summer School Grounds, was brought to a close on Sunday, Aug. 25th, at 11 a.m., and was climaxed with a sacramental service under the direction of Rev. C. H. Ferguson of Northport and Rev. Roy Rickard of Colborne.

This camp was established for the purpose of developing leadership among the Young People's officers of the local Society's Presbytery and Conference Unions, and included the leaders of such societies throughout Montreal and Ottawa Bay of Quinte Young People's Conference Unions.

This was the first of such a gathering and was met with such marked success that before departing for home those present made the necessary arrangements for another meeting of the same nature next year.

Oak Lake is becoming more and more famous each year for such conferences, and the number of the summer schools meeting there is gradually increasing.

TWO BOYS KILLED CLIMBING POLES

On Wednesday last two Montreal boys, both 13 years of age, Alexander Dunphy, and Jean Paul Mercier died as the result of similar accidents in different parts of the city within a few minutes of each other. In each case death was due to a fall and an electric shock.

Mercier lost his balance, as he tried to locate a piece of rope from a live wire while perched on top of a pole in a field off Brookbrook street east opposite the Canada General Company plant, and in falling grasped a power wire with both hands. He suffered a severe electric shock and fell to the ground unconscious.

Alexander Dunphy, son of W. F. Dunphy, was fatally injured under similar circumstances. He fell from a steel tower near the Lachine Canal at the western limits of the city which inflicted severe burns before he rolled off them and fell to the ground 30 feet below. Companions summoned assistance and the injured boy was taken to the western division of the Montreal General Hospital where he died.

WEDDING ANNIVERSARY

Mr. and Mrs. Fred Fenn of Springbrook, celebrated their forty-fifth wedding anniversary on Monday, August 26th. To their great surprise they were presented with an anniversary cake, a silver dish, a dinner and tea set of Crown Ducal English China and two salad bowls to match.

Those present for the occasion were their three daughters and two sisters, and some cousins: Mr. and Mrs. Percy Bateman and family, of Bonarlaw; Mr. and Mrs. Herb White and Robert, Oshawa; Mr. and Mrs. John Sanford and Donald, Oshawa; Mr. and Mrs. Will Irwin and Helen, Madoc; Mr. S. Peterson, of Thomasburg; Mrs. Ketcheson and Mr. Donohoe, of River Valley, and Miss Blanche, at home.

QUINTS MUST HAVE MORE TIME TO REST

The five little Dionne girls are not yet sufficiently grown up to do without sleep and as a result Dr. A. R. Dufour, their physician, has decreased their public appearances must be reduced from four daily to two sessions.

Nevertheless, says the grey-haired country doctor, the babies will appear only at 11 o'clock in the morning and 3 o'clock in the afternoon. The 1 o'clock and 5 o'clock showings have been cancelled.

MYSTERY ATTACK ON COBBOURG CHEF

Mystery surrounded an attack on Victor Angis, chef at a summer hotel in Cobourg, who was badly beaten on a dark Cobourg street, but not robbed and could give police no description of his assailants nor suggest a motive for the attack.

Passing motorists on Monday night saw the man lying on the road with two men holding him. They stopped to investigate and were told he had been struck by a car. The accident was reported to police, who found Angis in a lane where he had been dragged by his assailant. He suffered from severe cuts on the face.

Mrs. Arthur Tiffen, a widow, of Bracebridge, who operates a service station and refreshment stand near there, was recovering from a beating inflicted by three thugs who looted her establishment. After being gagged and bound, Mrs. Tiffen was tied in her home while the men stole money from the till, oil, gas and cigarettes.

FLEMING FAMILY MEET AT OAK LAKE

In the coolness of the shores and the shade of Oak Lake on Wednesday afternoon the descendants of Robert and Samantha Fleming held their fifth annual picnic. The reunion of friends and relatives attracted more than sixty persons who thoroughly enjoyed the day's outing.

At noon a perfectly prepared lunch was served by the ladies on the grounds, and after the dinner a program of sports of varied nature was carried out. The winners of the events were as follows:

Boys' race, five years and under—Douglas Reid.
Girls' race, five to ten years—Doris Cooke.

Boys' race, five to ten years—Maurice Rollins.

Girls' race, ten years and over—Mrs. Don Campbell.

Boys' race, ten years and over—Sheldon Calvin.

Ladies' Shoe Kicking Contest—Miss May Stevenson.

Ladies' Walking Race, forty years and over—Mrs. William French.

Boys' race, ten to fifteen years—Carl Rollins.

One of the feature attractions of the afternoon was a tang-up soft-ball game between Harry Rollins' Blue Shirts and Clarence Rollins' Nipper Swats. The latter team eked out a narrow win, defeating their opponents by the score of 13-12.

While preparations were being made for the afternoon supper, two games of horseshoes were played featuring such well known contestants as William Holbert and Richard Fleming, who showed the younger players many of the finer points of the game. The day was closed by participation in further games, and a halt to the day's festivities was not called until dusk had settled over the district.

It was decided by the members of the family to invite all the Fleming family to join in a reunion next year. This matter was left in the hands of Secretary Harry Rollins, of Belleville.

Only one note of sadness tinged the day on Wednesday. Since the last reunion one year ago two of the immediate members of the family, namely the late Mr. W. H. Rollins of Ivanhoe, and Mr. Alexander Fleming of Crookston, have passed on. Special tribute was paid to their memory.

EVANGELINE BOOTH TO SPEAK AT S. ARMY CONGRESS AT TORONTO

During the last five years, Miss Evangeline Booth has travelled more extensively than during her long and active career as a Salvation Army Officer. In these later years she has journeyed to France, Japan, India, Ceylon, Australia, New Zealand, Norway, Sweden, and Finland, and in Great Britain. Now she is coming back to Canada, where she held territorial control thirty years ago, to conduct the Army's Fifty-third Annual Congress in Canada. From October 4th to 10th, in Toronto, remarkable gatherings have been booked to be held. The largest buildings including the Maple Leaf Gardens and the Varsity Arena, have been engaged for the purpose of accommodating the huge crowds desiring to see and hear this world-woman.

TREKKERS LOCKED IN FREIGHT CARS TILL TRAIN GOES

Boarding three Canadian Pacific Railway box cars recently seventy homeward bound hunger marchers attempted to get out at North Bay, but were foiled, when C.P.R. police locked them in the cars until the morning freight had pulled out for Sudbury.

The trekkers were then released and returned to their headquarters at Wallace Park. It was expected they would leave on foot.

"Ray", 20-year-old Timmins girl, who accompanied them, went home by train, her fare being paid by the city of North Bay. Sixteen are making ready to continue their homeward march to Kirkland Lake.

5,948,603 MAY VOTE IN FEDERAL POLLING

A total of 5,948,603 Canadians are eligible to vote on October 14th, according to the compilation made by Col. J. T. C. Thompson, Dominion Franchise Commissioner. That figure represents the general registration of voters on the basic list.

Most of the constituency lists have been sent out to the different parties. Each candidate nominated is entitled to 21 copies; and to meet the apparent demand 100 copies have been made of each of the lists.

BELLEVILLE MARKET SATURDAY

Fruit consisting of peaches, plums of various kinds, pears and apples, grapes, predominated upon the market at Belleville on Saturday, the display being exceptionally large. The market was in many respects the best held for some time with little change to note in prices.

During the past week there has been a slump in the hog market, with a decline of about 50c per hundred weight for live hogs and dressed pork. There were no changes to note in the prices of grain over the previous week.

The display of vegetables was exceptionally large and fine with but slight changes to note in prices.

In the interior of the market building dairy products were offered for sale in considerable quantities as was also home cooking, which was exceptionally tempting. Considerable trading was done in this part of the market. Poultry was plentiful with prices fair.

Quotations were as follows: dressed hogs, cwt., \$12.00; live hogs, cwt., \$8.50; butter, lb., 25c; eggs, No. 1, doz., 25c; pullet eggs, doz., 17c to 18c; chickens, 60c to \$1.10; live chicks, each, 7c; broilers, pair, 50c to 70c; onions, peck, 40c; carrots, peck, 30c; parsnips, peck, 30c; turnips, peck, 30c; beets, peck, 25c; tomatoes, bu., 50c; lettuce, bunch, 5c; radishes, per bunch, 5c; new potatoes, peck, 15c; new cabbage, each 5c to 10c; sweet corn, doz., 15c.

Prices on fish were as follows: lake salmon, lb., 18c.

Prices on fruit were as follows: gooseberries, box, 10c; huckleberries, quart, 15c; wild grapes, basket, 35c; muskmelons, 5c, 10c, 15c; watermelons, 10 to 15c; pears, basket, 60c to 85c; plums, basket, 40c to 65c; peaches, basket, 50c to 70c; green gages, basket, 50c to 60c.

MAN AND WIFE ARE FOUND DEAD

Edward Rea, aged 30, son of A. R. Rea, Toronto, and his wife Alice, 29, were found dead in bed in their room at the Prince Arthur Hotel at Port Arthur, at three o'clock on Saturday, August 24th.

Dr. Charles Powell, coroner, after an investigation, declared the deaths were caused by potassium cyanide poisoning. A package containing some of the poison was found in the room, and near the bed was found a letter apparently written by the woman, and signed by both the man and wife, explaining the act.

The police did not reveal the full contents of the letter, but they said it was stated in the message that the reason was financial difficulties. The couple were believed to have been dead ten hours when they were found, in their room.

Mrs. Rea was formerly Alice Allard, of Fort William. Mr. A. E. Rea, father of the deceased, will be remembered in Trenton in connection with the construction of the Dominion Combining Mills, of which he was the superintendent.

Mr. Edward Rea, the deceased, was associated with his father in Trenton. They resided in the house now occupied by Mr. M. W. Anderson, King street.

HARVEST GARNERED BY FARMER FRIENDS

The community spirit thrives stronger than ever in the Bancroft district.

Taken suddenly ill recently, Mr. Ed. McLean, well known farmer of that section, was confined to his home for a lengthy period. His crops planted earlier matured and were ready for harvesting. Mr. McLean, however, was unable to attend to the work himself.

Neighbors gathered around and held a harvesting bee. Now Mr. McLean's crops are all in and latest word is given that he is progressing favorably.

A card of thanks for the valuable assistance given him by his neighbors is contained in the current issue of the Bancroft Times.

PLANE COMPETITION

ABANDONED IN BRITAIN

Largely because of the heavy demands being made on the aircraft industry in connection with the Royal Air Force expansion program the Air Ministry, after consultation with aircraft manufacturers and air transport operators, has decided to drop the 26,000 pounds prize composition for a fast, economical, medium-sized transport airplane.

A further objection to the specification originally prepared by the Air Ministry was the machine asked for was one which nobody would be likely to want.

LOCAL AND PERSONAL

Mr. and Mrs. F. Fleming were visitors in Bancroft recently.

Mr. Carl Moore spent the week-end with his family in Orillia.

Mrs. David Phillips is spending two weeks in Toronto with her son and daughter.

Mr. and Mrs. Jesse Reid spent the week-end in Ladowne visiting the latter's mother.

Mrs. Harry Sharpe and son George of Lindsay, were guests at the home of Mr. Roy Taylor last week.

Miss Elsie Keller and Geraldine Lohy spent last week-end visiting friends in Ottawa, Quebec and Cardinal.

Mrs. Carl Moore and children have returned home after spending the past week with the former's mother at Orillia.

Miss Elaine Taylor has returned home after spending a week with her friend, Miss Dorothy Prior in Toronto.

Mr. and Mrs. Roy Taylor and family, also Miss Louise Koenig, spent a day at the Toronto Exhibition last week.

Mr. and Mrs. William Humphries and two granddaughters of Toronto, spent the week-end at the home of Mrs. Roy Taylor.

Miss Dorothy M. Nickle returned to her duties in Montreal on Friday last, after spending two weeks at her home in Madoc.

OBITUARY

In Madoc village on Thursday morning at the home of his son, Mr. Clarence Kilpatrick, there passed away an aged resident, Mr. William Kilpatrick. The late William Kilpatrick was the son of the late Samuel and Mary Kilpatrick and was born in Huntingdon township June 9, 1849. He was the last surviving son of a family of twelve children. Mr. Kilpatrick is survived by one son, Clarence, and a grandson, Cecil. His wife, formerly Miss Jennie Kane, passed away five years ago. In politics he was a staunch Conservative and in religion a Methodist. His funeral took place on Saturday, with interment at Lakeview Cemetery, Madoc.

chicken\$1.00

(Continued on page 7)

Taking your Dollar to Market

EVERY year your family, and every family of your ac-
quaintance, spends about 70 per cent. of its income just
for living, exclusive of rent—so economic experts tell us.
Think what this means—seven dollars out of every ten
invested in food, clothing, household utilities and all the
multitude of things that keep a family comfortable and
happy.

That part of spending is readily understood. But do
you realize that every manufacturer and retailer of these
necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and
well. It requires careful business methods to get the best
possible returns from each dollar that leaves the family
purse.

The clever woman goes for help to the advertise-
ments in her local paper. There she finds a directory of
buying and selling. She learns about the offerings of
merchants and business people. She compares values.
She weighs quality and price. She takes this opportunity
of judging and selecting almost everything she needs
to feed, clothe, amuse, instruct and generally bring up
her family.

Do you read the advertisements? You will find
them willing and able to serve you in the business of
purchase.

ADVERTISEMENTS ARE GUARDIANS OF YOUR

POCKETBOOK—READ THEM CAREFULLY

Satisfactory Service

Frequently users of the Condensed
Advertisements in The Review marvel
at the results achieved.

The cost is small. These small adver-
tisements are universally read and
often accomplish results in value far
beyond the cost of insertion.

THE NORTH HASTINGS REVIEW, MADOC, ONTARIO

DO YOU EVER STOP
TO THINK?

(By Edson R. Waite)

L. Gassaway, member of Congress from Oklahoma, says: Newspaper advertising has done more than any other single force in the world to educate the American people. Every phase of human activity almost has been made commonplace and familiar through display of a sort that tends to make people, even with only a scant knowledge, an opportunity to know all the merchandise and, more than that, has been the tutor for millions of people buying.

Recognizing this fact, I made it my first act when I decided to seek election to Congress to place my position in every legitimate newspaper in my district, regardless of its politics. From time to time I resorted to display advertising to impress upon the public my views and opinions on questions in the campaign. To the newspapers I give all the credit for the successful reception I received, for without their facilities it would have been impossible for me to have carried my plea to so large a district.

I sincerely believe that a person who does not read the advertisements in a newspaper is neglecting an important phase of his economic affairs. He would be buying without regard to quality or price.

Needless to say, I am another who resents "fly-by-night" publications which spring up during campaigns for the purpose of "chiseling" candidates for office. This is unfair to established newspapers and unfair to the candidate. It is not to be tolerated.

How powerful do I consider the press of America that I would not to sell any program to the public could not at least win the respect of the active support of the press. As long as we have newspapers, there is really no worry of revolution, communism or other anarchistic dangers to the form of government.

The first formal industrial plan in America was that of the Grand Trunk Railway of Canada, established October 1, 1874, states an article in the August issue of the Canadian National Railways Magazine. The plan in Canada was on the Intercolonial and Prince Edward Island Railways, in 1907. The initiative in the establishment of plans providing for granting of pensions to employees in North America was wholly Canadian.

Steel workers in Scotland are enjoying good times these days, particularly in the west of Scotland where they are busily occupied supplying the demand for heavy products. Not since the immediate post-war boom have conditions been so good and prospects are encouraging.

ADVERTISING
Is Good For Us

The dusty picture of an optimist and a pessimist—the optimist being the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that is is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemination of news and information

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What
Stores Are Busiest ?

Is it not those stores which give out most information about what they have to sell? The public is daily spending money—probably \$2 a day for every man, woman and child in the trading area covered by the circulation of our newspaper—or, say, \$2000 for every 10000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our own community for food, shelter, clothing and for all other things.

TEACHER LOSES LIFE DROWNING

1

Jean Paul LaMarche, Montreal was in a critical condition on Wednesday suffering from burns received in an explosion that resulted when he peered into a barrel of iodine while holding a lighted match. Several thousand dollars damage was caused to the building of the Corporation Pharmaceutique Française.

The Ontario committee and officials of the Retail Merchants' Association voted to petition the Dominion Government to change the Thanksgiving date from October 24th to Monday, October 21st.

Another case of infantile paralysis was reported to the Toronto Civic Department of Health on Tuesday, bringing the total for the year to 16 resident cases and three cases from outside points which have been treated in the city.

**FIVE ARE INJURED
IN HEAD-ON CRASH**

When two cars crashed head-on at two-thirty o'clock on Tuesday afternoon on the provincial highway, one mile west of Riley's, seven miles west of Belleville, five persons were injured and had to be removed to the Belleville General Hospital in two ambulances for treatment.

1961 of the car. He was lacerated on
hands and legs.

The car was later found some distance away.

to Lady Alice Montagu-Douglas-Scott, is announced.

DOWN

Go Motoring Costs When You Own an Oldsmobile

OLD
SMO
BILE

OLDSMOBILE OWNERS who formerly drove expensive automobiles are amazed at the economy of "The Car That Has Everything"! Others who have "stepped up" from small cars are delighted to find in Oldsmobile little increase over the low running costs to which they are accustomed.

But then, most people know Oldsmobile's reputation for thrift. Moreover, they realize that, later on, when ordinary cars require repairs and overhauling, Oldsmobile will be delivering the same satisfying, trouble-free service. Why? Because General Motors has built into it dependability and long life.

Oldsmobile for 1935 gives you, among scores of desirable modern features: solid steel "Turret Top" Bodies by Fisher; Hydraulic Brakes; Knee-Action; Synchro-Mesh Transmission; and No-Drift Ventilation. Why not test for yourself the worth of each of these advancements. We will be glad to demonstrate for you a Six or Straight Eight. We are eager to show you how surprisingly easy it is to become an Oldsmobile owner.

"PARTY IS THE MADNESS OF MANY FOR THE GAIN OF A FEW"

\$2.00 to the United States

Established April 6, 1877.

Number 37

MADOC, HASTINGS COUNTY, ONTARIO, SEPTEMBER 11, 1935.

Single Copy, Five Cents

ANNOUNCEMENT

Mr. and Mrs. John Chambers of Madoc, announce the marriage of their fourth eldest daughter, Eva Bell, to Mr. Kenneth R. Holmes of Stirling. The marriage took place on September 18, 1935.

ROAD MEETING HELD IN BANCROFT

Members of the Roads and Bridges Committee of Hastings County Council held their regular meeting at Bancroft on Thursday, Reeve Jas. Moore of Elzevir, chairman, presided over the deliberations.

CROWE LAKE ROAD WORK IS STARTED

Following a line of survey made through that section by engineers of the Department of No. Development some time ago, work on the new Crowe Lake road near Marmora is expected to start this week. Mr. B. McInroy has been appointed foreman. It was stated at the Madoc office of the Department.

BREAKS ARM

Mr. Arthur Wilson, West Huntingdon, had the misfortune to break his right arm while engaged in plowing on his farm. At the time of the accident Mr. Wilson was using a disc plow, which when it struck a buried stone, threw Mr. Wilson to the ground. He was taken to Belleville General Hospital where, after an X-ray examination, the fracture was reduced.

CELEBRATES BIRTHDAY

About fifty friends and neighbours gathered at the home of Mrs. Wm. Herrington of Huntingdon township on August 31st, it being her 74th birthday. The house was decorated in pink and white. At 12 o'clock all sat down to a heavily laden table of good things to eat which included a three-storey birthday cake that had 75 candles on it. In the afternoon the young people played ball games and races, while the older folks visited and talked about old times when a dainty supper was served at six o'clock, after which all went home wishing Mrs. Herrington many more birthdays.

Her two granddaughters, Misses Ruby and Hazel Murray sang "Silver Threads Among the Gold."

OBITUARY

WILLIAM J. WRIGHT

After being in failing health for some time and a patient in the Belleville General Hospital since September 1st, William James Wright, late of the eighth concession of Madoc township, died in that institution on Tuesday evening of last week.

The late Mr. Wright, who was in his 42nd year, was born in Huntingdon township, his parents being the late Mr. and Mrs. Allan Wright. He had lived in the Madoc district all his life, and was engaged in farming. He was a member of the Presbyterian Church and was highly esteemed by all who knew him. Fraternally he was a member of the Loyal Orange Lodge No. 300, West Huntingdon. During the Great War he enlisted and went overseas with the 21st Battalion from Belleville and was slightly wounded.

Surviving him are his widow, formerly Miss Bertha Fluke of Thomasburg; one son, Malcolm, and one daughter, Gean, both at home; two brothers, German Wright of West Huntingdon; Murney Wright of Madoc Village; one sister, Mrs. Harvey Leeman of Belleville.

CARD OF THANKS

Mrs. William Wright and family wish to take this opportunity to thank their many kind friends and neighbours who so kindly helped them in their recent bereavement.

DEATHS

WRIGHT—At the Belleville General Hospital, on Tuesday, September 3, 1935, William Wright, aged 42 years.

WEDDINGS

JONES-SPENCE

Mr. Albert Arthur Jones, of Huntingdon Township, and Essie Elizabeth Spence, of Moira, were married quietly at the parsonage at Thomasburg on Saturday evening, August 31st, at 7.30 o'clock. Rev. H. B. Herrington performed the ceremony. Mr. and Mrs. E. Earl Jones acted as witnesses. Their friends wish the young couple many years of happy married life.

REAVIE-SIMMONS

A very pretty wedding was solemnized at the Log Cabin on No. 7 highway on August 26th, when Susan Cora, youngest daughter of Mr. and Mrs. Perry Simmons, Actinolite, was united in marriage to Arthur Neil, second son of Mr. and Mrs. Neil Reavie of Elzevir. Rev. M. Price officiating. They were attended by the bride's sister, Elizabeth Simmons of Detroit, and the groom's cousin, Mr. Robert Hamilton, of Huntingdon, Quebec.

The bride was becomingly attired in turquoise blue crepe with brown accessories. The bridesmaid wore aqua marine crepe with black accessories.

After the wedding a very tasteful dinner was served to about thirty guests at the home of the bride's parents. Later they left for the home of the bride's brother, Mr. Murney Simmons, where a large number of friends had gathered to spend an enjoyable evening dancing. The young couple received many beautiful and useful gifts.

BAILEY-MONTGOMERY

A very quiet but pretty wedding was solemnized at the home of Mr. and Mrs. Nathan Montgomery, Huntingdon Township, parents of the bride, on Wednesday, September 4th, at 12 o'clock, when Helen Suzanna Montgomery, eldest daughter of Mr. and Mrs. N. Montgomery, was united in marriage to Charles Douglas Eugene Bailey, only son of Mr. and Mrs. Jas. Bailey of Eldorado.

The bride, who was given in marriage by her father, looked charming in a navy blue dress and hat with shoes and gloves to match. A wedding dinner followed with only immediate friends present.

The young couple left for Toronto and other points and on their return will reside at Eldorado. Rev. Mr. Kennedy of Madoc, performed the ceremony.

FLEMING-LEWIS

A quiet but pretty wedding took place at St. Peter's Manse, Madoc, on Saturday evening, August 31st, when Helen Ruth, daughter of Mr. and Mrs. Russell Lewis, Madoc Township, was united in marriage to John Fleming, son of Mr. and Mrs. John Fleming, also of Madoc Township. The ceremony was performed by Rev. W. A. Hunter. The young couple were attended by Mr. and Mrs. Robert McCaffrey. The bride looked smart in an ensemble suit of dawn blue rabbit's hair cloth with blue accessories. The bridesmaid was dressed in a tan ensemble suit with tan accessories. Mr. and Mrs. Fleming are residing in Madoc Township.

MARVIN NELSON

DEFEATS YOUNG

Marvin Nelson, three times long-distance swim champion of the world, on Friday night evened his ancient grudge with George Young, when he managed to beat the Catalina Kid in the Canadian National Exhibition's special five-mile race.

It was a ding-dong battle from start to finish. First Young took a slight lead. Then Nelson went to the front and held his place. And in a driving finish in which the Toronto swimmer made a final desperate effort to overtake his big Iowa opponent, Nelson managed to keep sufficiently in front of him.

Fifty thousand spectators, who jammed the entire waterfront from end to end of the swim course and rivalled the crowds that used to attend the big marathon swims roared a bedlam of encouragement as the two swimmers, battling neck and neck, came up the last half-mile leg.

INDUCTION OF REV. I. E. KENNEDY

The induction of the Rev. I. E. Kennedy to the charge of Trinity United Church, Madoc, deferred on account of holidays and union services in the Presbyterian and United Churches, was conducted in Trinity United Church on Friday evening, September 6th, with only a fair attendance of the congregation due to several other attractions and meetings.

Officials of the Belleville Presbytery were present to take charge of the induction service.

Rev. Mr. Beckel, of Rawdon Circuit, took charge, with Rev. Mr. Hollingsworth of Marmora, to charge the congregation and instruct them in the part they must play if the ministry of the next few years is to be a successful one.

Rev. Mr. Rollins of Stirling, charged the incoming minister and urged him to the full performance of the serious duties laid on him as pastor.

After welcoming Rev. Mr. Kennedy and extending to him the right hand of fellowship, Mr. Kennedy was called on to address the congregation, which he did briefly repeating some of the requests laid on the people in the address of the previous Sunday.

Mrs. T. Jones rendered a beautiful solo, "Just Today," and the choir led in suitable hymns, "The Church's One Foundation," and "Stand, Stand Up and Bless the Lord." Breathe on Me Breath of God." Beautiful gladioli and other flowers were used in decoration.

Following this service the congregation and ministers were invited to the Sunday School rooms where a delightful lunch was served and a pleasant congregational half hour spent followed by informal speeches of congratulation and encouragement made by the visitors and some of the members of the Official Board.

The thanks of all were tendered to the ladies in a genial speech by Mr. James M. Irwin and cordially responded to by all.

LAURIE LEWIS

AND J. A. GUNTER CHOSEN CANDIDATES

Laurie Lewis of Belleville, stationer and Judson A. Gunter, lumberman, were last week placed in the field in local ridings as candidates in the coming general elections by supporters of the Reconstructionist Party, led by the Hon. H. H. Stevens.

L. Lewis is the South Hastings candidate and J. A. Gunter will run in Hastings-Peterborough.

At a largely attended and successful nomination meeting held in their clubrooms at 249 Front street, Belleville, Mr. Laurie Lewis, well known resident of Belleville was the unanimous choice as candidate to represent the Stevens Reconstructionist Party in the riding of South Hastings at the coming federal elections.

The meeting, which was presided over by the chairman of the evening, Maurice Dettlor of Deseronto, and secretary of the party, attracted representatives from throughout a wide area. Chief speaker of the evening was Mr. H. I. Helmuth, Eastern Ontario organizer. Other speakers were W. Walker, Toronto, who introduced Mr. Helmuth to the meeting and Mr. Lewis.

An immediate start on organization work was announced by Mr. Lewis. This will follow the first official meeting of the party to be held in Deseronto in the near future, it was stated.

THIEVES ENTER BANCROFT GARAGE

Stringer's garage at Bancroft, was broken into Monday night during which a .38 calibre revolver and holster were the only articles stolen. It was reported to police. It was believed that two men travelling in a large blue sedan were responsible as they were seen loitering around in the vicinity of Bancroft Monday.

BIRTHS

HARRIS—In Madoc Township, on August 22, 1935, to Mr. and Mrs. Philo Harris, a son, Harold Grant.

Miss Eleanor Cochran has returned to Blenheim.

MADOC FAIR, 1935

Once again the Executive of the Madoc Agricultural Society wish to thank kind Providence and the public for the success, the Fair has attained in the past twelve seasons. We now have a grounds and equipment for an agricultural exhibit second to none in Class A Fairs and it is paid for. We have this year added a new home for the horses and colts and are now in a position to house all live stock. The community of the district have this year contributed most generously for special prizes which will help the exhibitor wonderfully. We are determined to make Madoc Fair the best that can be made and you have co-operated with us.

This year we will have special acrobatic acts, dancing, log sawing, bands, merry-go-round, loud speakers, races, the best exhibits in Ontario, a courteous management and a corral welcome. We also hope to have the Hon. Duncan Marshall, Minister of Agriculture, with us to address you, along the lines of Fairs and Agricultural Societies.

We thank you for the past assistance and will thank all for a continuance of his or her support. We promise you a real Fair and the best of attractions. If you want to spend a pleasant day with your friends, just make that day the second of October and meet them all at Madoc Fair. We leave the success in your hands. James Kincaid, President; Samuel Rollins, Treasurer; Will J. Hill, Secretary.

MEETING OF TRINITY W. M. S.

The W. M. S. of Trinity United Church met for the September meeting at the home of Mrs. Wareham Harris with Mrs. Hamm as leader.

After the opening hymn, "O Master Let Me Walk with Thee," the scripture lesson, taken from John 15:9-17, was read by Miss Tumely, being followed by an appropriate prayer by Mrs. Hamm. Mrs. Rutherford read the devotional leaflet, the subject being "Friends, Forever."

The business part of the meeting was conducted by Mrs. H. Bailey, and assisted by the Secretary, Mrs. Broad. A report was received from the Christian Stewardship convener, Mrs. Fox. Plans for packing and forwarding a bale were discussed.

"Highlights of the Year's Work" in the form of a questionnaire were ably given by Mrs. Bailey. The last chapter, "The Indian Church That Is To Be," of the Study Book, "Builders of the Indian Church," was sympathized interestingly by Mrs. Hamm. The members have for eight months been following the gradual though certain progress, despite great opposition, of the Indian church that is so well known by the author, Stephen Neill. The concluding sentence, "Lift Up Your Eyes," is significantly placed before the people, that this work be ever advancing.

The meeting was closed with prayer offered by Mrs. Hamm. The social half hour with Mrs. Fox and Mrs. J. Smith as assistant hostess, was enjoyed by all.

MEETING OF ST. PETER'S W. M. S.

The regular monthly meeting of St. Peter's Church W. M. S. was held at the home of Mrs. George West on September 5th. P. M. No. 579 was chosen as the opening hymn. Mrs. J. McCaffrey led in prayer, which was followed by a scripture reading by Mrs. George Wright, Luke 5-15.

The minutes of the last meeting were read by the secretary-treasurer, showing there were thirty members present. Collection amounted to \$5.40. It was decided that the bale of clothing for the West should be forwarded at once.

Mrs. Johnson gave a reading, "A Day's Visit in Formosa," to the leper colony. Mrs. Curry gave a reading about Western Relief and its needs.

Hymn No. 582 was sung and the meeting brought to a close by all repeating the Lord's prayer in unison.

Mrs. Grace M. Lowry of Madoc, has returned home after spending two months with her parents, Mr. and Mrs. J. A. Bryden at Flinton.

LOCAL AND PERSONAL

Mr. and Mrs. Neil McGuire of Toronto, spent the week-end in Madoc. Mrs. George Bassett and daughter Doreen, spent last week in Toronto.

Miss Annie Burns of Toronto, was a week-end visitor in town.

Mrs. Maggie Caverly of Belleville, was a visitor in town this week.

Kodaks, Films, Developing, Printing, Rupert's Drug Store. 14-26

Mrs. Thomas Bulpit of Ottawa, was reviewing acquaintances in town on Sunday.

Radios for sale, and tubes tested free at Johnston the Druggist.

Mrs. W. Herrington and son Peter, spent last Friday at the home of Mrs. L. Murphy of Madoc.

Indigestion disappears like magic after using Biama-Rex. Johnston the Druggist.

Miss Lillian Bresnahan of Renfrew, spent a few days with her aunt, Mrs. F. E. Brown.

Mrs. Elwood Cleak and Miss Jean Cleak, left for their home in Windsor recently.

Mr. and Mrs. Clinton Holden of Renfrew, spent a few days with Mrs. F. E. Brown.

Mrs. W. F. Ashley of Belleville, is spending a week with her sister at Crookston.

Mr. and Mrs. Weir of Ohio, U.S.A., are spending a week with Mr. and Mrs. George Lang.

Misses Hazel and Mabel Ross of Toronto, spent Sunday with their mother, Mrs. Walter Ross.

Mrs. T. J. Dafee of Flinton, spent a week recently with her niece, Mrs. Manley Yearwood of Madoc.

Mrs. E. West left on Saturday for Peterborough, where she will visit her daughter, Mrs. F. Lattimer.

Mr. and Mrs. Philip Carr of West Huntingdon, were visitors at the home of Mrs. R. Richmond on Friday.

Mr. and Mrs. Jeffrey and Miss Jeffrey of Detroit, were visitors at the home of Mr. and Mrs. Charles Martin.

Mrs. Jennie Pincock of St. Catharines, spent the week-end in town with her sisters, Mrs. Alexander and Mrs. A. Kincaid.

Mr. and Mrs. Fred Feeney, spent a few days recently at the home of Dr. M. W. Feeney, Elgin, also Rev. J. S. Feeney of Wolfe Island.

Mrs. Morrice Vollick and son, Mr. Wesley Vollick, and grandson Buster Thompson, spent Sunday in Trenton with the former's brother.

Mr. and Mrs. W. R. Kelly moved to Madoc from Ottawa last week and are residing in the home formerly occupied by Mrs. George Maybee.

Miss Marguerite Feeney of the Dominion Bank staff, has returned after spending the vacation with Mr. and Mrs. Arthur Venters, in St. Catharines.

Mr. and Mrs. McCann of North Bay, and Master Jim Wilson of Toronto, visited Mrs. McCann's mother and brother, Mrs. Joseph Burns and Mr. James Burns.

Mrs. John McCaffrey of Madoc, Mrs. Harry Connor and Mrs. Ralph Neal of Marmora, motored to St. Catharines on Monday to attend the funeral of Mr. Bruce Metlor.

Mr. Louis Long of Grand Rapids, Mich., and Mr. Maynard Lubbin of Coopersville, Mich., visited Mr. and Mrs. George Lang at their cottage at Moira Lake during the past week.

"PEREX"—HEALS SKIN AILMENTS. Proved by hundreds from coast to coast to be unequalled for Eczema, Psoriasis, Impetigo, Boils, Pimples, Chaps, Pemphigus, Erythema, etc. 50c; \$1.00; \$2.00. Ask Johnston the Druggist.

Mr. and Mrs. Wesley Huffman, Chester and Jack of Belleville, also Mr. and Mrs. Allen Huffman and son Ronald, of Markham, were guests of Mr. and Mrs. R. P. Wellman on Sunday.

Mr. and Mrs. H. Crozier (nee Miss Beattie Morrison), and Mr. Adam Morrison of Brantford, are spending a few days at the home of Mr. and Mrs. R. Wickham and renewing old acquaintances in town.

CAUGHT 26 LB. 'LUNGE'

While trolling in Moira Lake over the week-end Mr. George White was successful in hooking and landing a twenty-six pound 'lunge'. Several smaller ones have also been caught during the past few days.

PURSUIT GOES ON FOR ESCAPING TRIO

Found abandoned in a clump of bushes and badly damaged, Robert Redner's automobile, stolen by three hold-up men in Belleville on Monday, was discovered by Provincial Police one mile north of Salem off Highway No. 2 late Monday afternoon. In the automobile were found a large quantity of liquor, burglar's tools and other articles that had been taken the night previous at Gananoque. The trio made a successful escape into a nearby woods and evaded a cordon of police, who kept an all night vigil that is still in progress.

Mr. Redner's car was returned to Belleville, along with the loot, by Ontario Provincial Police late Monday night, the vehicle having to be towed from its place of hiding. The hold-up men, who had ordered P. C. Thompson from the vehicle at the point of a gun Monday morning, were sighted once on Monday. The desperadoes drove the car hard and fast until the water in the radiator ran out, causing the bearings to burn and the engine head to crack. The engine of the motorcar is a complete wreck, it was said on Tuesday.

FIFTH TEACHER IN HIGH SCHOOL

Owing to the large number attending High School here this term, it has been found necessary to have a fifth teacher, Miss Hamlyn has been selected to fill this position. Mr. Cummings of Peterborough, is taking Miss Uhrich's place of last year's staff.

HERE AND THERE

A Toronto judge recommends that a wife and her hubby should spend their vacation apart, as an aid to domestic harmony. Perhaps His Honour is correct, but after the "Misus" and her holiday it is doubtful if there would be sufficient money left to permit the husband to even take a fishing trip.

SEPTEMBER

The air of Autumn is second to none for sweetness, yet 'tis not the honeyed sweetness of late Spring and Summer, but sweetness with a tang in it, which acts as a flick to our nostrils, and we quicken our step unconsciously and walk more firmly. We may not feel the swift-winged, light-heartedness that we did in the Spring, but there is a fullness in our laughter, a deep fundamental tone in our joy that swings us along the tangled woodland ways with a strength that is untiring.

A new life has been born in us. It was the vigor of autumn seas and the joy of downward dancing waters; it has strange powers and is filled with dim memories.

AN HONEST WORKMAN

Is never afraid of an inspector. Values his honor above his wages. Gets real pleasure out of his job. Depends more upon ability than pull. Is not envious of success of his employers.

Is always to be preferred to one merely clever. Doesn't have to speed up when the boss comes in.

Believes that work is a blessing and not a curse.

Always gives something that wages can't pay for.

Doesn't nurse the thought he is not getting a square deal.

Looks after his tasks and lets the boss take care of itself.

HELPING BOYS

"No man stands so straight as when he stoops to help a boy."

With so many millions of men out of work it is such an easy matter to become careless and pay no attention to boys. Men are doubly busy with the affairs of business and trying to figure out how they can live up to their duties. Worrying details occupy one's mind. Yet, all about us, are boys who need help—the help that comes from encouraging words, a helping hand, a little boost. All these helpful things take just a minute of one man's time—and yet they mean so much to a boy.

It does not take long for a boy to grow and develop into a man. It may be that what we say today will have a big influence on what kind of man he will be. Are we doing the thing that will help the boy? Just a cordial word of greeting in the morning as the boy is on his way to school will frequently give the lad just the needed encouragement for that particular day. Do we do that? Can we truthfully say that we have been the means and channel by which a boy gets inspiration to do better things?

There is so much we can do in helping a boy without ever knowing—to take any time to do it. Most men are willing to do this if they only realized how easily it can be done.

"No man stands so straight as when he stoops to help a boy."—Allston, Neb., Times Herald.

THIS AND THAT

Asleep-at-the-wheel drivers cause 20,000 accidents a year, more than 30 per cent of them being collisions with other cars. The man who drives in Belgium does not need a license, but by having ordinary plates as-

sumes responsibility for the car no matter who drives it. At a busy intersection in Minneapolis, police have a new traffic loudspeaker through which careless pedestrians and motorists are admonished, publicly, for their sins. The Automotive Club of New York is circulating home movies teaching children, graphically and quickly, the traffic facts of life. An audible warning device manufactured in England sounds an alarm when you drive above the speed limit. By telescoping it into a trunk-like compartment when not in use, an English firm has built a sleeping room to carry on the back of the car. A new windshield accessory has been invented. It is a small spray nozzle above the wiper and is said to be swell for removing ex-bugs, dust and road spray.

MILES AND MILES FOR SMILES

The young sirens of Callander are certainly "doing their stuff." At latest computations they were luring tourists off the beaten path at the rate of 10,000 cars a month. Every time the smiling quintuplets are held up to the gaze of the curious throng beyond the wire fence which surrounds the Dionne hospital, it means that the fame of the youngsters spreads still further abroad and more and more tourists may be expected. It means money for the Provincial Treasury, too, if the estimate is correct, that nearly \$12,000 a month in gasoline taxes is being paid by visitors to the Quintuplets' home. Then 200,000 gallons of gasoline are being consumed in that period, or an estimate of 4,000,000 miles travelled. That means 40,000 cars with an average trip of 400 miles each. That is really not too high an average per trip because many of the license plates carry the names of California and Florida and Texas, and they all go up the North Bay highway for the express purpose of seeing the babies.

SCHOOL DAYS ARE HERE AGAIN

"The whining school boy," with his satchel and bag, creeping, fad, creeping like a cat to school. This is how school days are described by the "whining" boy in describing the seven ages of man in his play "As You Like It." Public and High Schools have again opened their doors when pupils and teachers entered the old familiar buildings to commence once again the round of duties which will last for the longest season of the year, until Christmas. We doubt, as the Shakespearean description, whether there will be much whining or creeping to school a happy feature of the long summer holidays. Children of today are given, is the fact that towards their close the children tire of the inactivity from work and tires a little of play, too, so that when the opening day arrives the majority are ready and willing to proceed in pursuit of their studies for four months.

To some, the five and six year olds, particularly in the rural sections, school opening presents a new and wonderful adventure. The school building they have often admired is to be entered and explored. The realm of story book, the intricacy of arithmetical problems, art and physical training present to the starters something new each day and each week, and their first year at school is usually one of unbounded enthusiasm and delight.

May we refer just briefly to those who have been going to school regularly for some time. Some, with honor, have passed their summer examinations and proudly look ahead for new and greater fields to conquer, while others, perhaps a little crestfallen through failure to pass exams, are not so eager for the fray. To those who did fail and are perhaps a little downhearted, or who may have an inferiority complex regarding their own accomplishments may we step right into the work, cooperate with your teachers and parents, for both want to help you, and your dis-appointment of this year will turn to glorious achievement next year.—Picton Gazette.

REMINISCENCES

The following items have been taken from the file copies of the Review.

FIFTY YEARS AGO

September 10, 1885

Mr. William Orr is making some improvements to his residence, putting on a slate roof and building a tower.

The Salvation Army flag now hangs from the belfry of the old Methodist Church.

The Model School term commenced yesterday with 32 students in attendance.

Three hundred people attended Barnum's show in Belleville on Tuesday.

A dynamite explosion was heard and felt by many persons in this village on Friday.

Mr. D. Lee of Eniskillen, has been engaged to act as assistant to Mr. Marshall, principal of the Model School.

The Salvation Army have purchased the old Methodist Church from the Trustees for the sum of \$1,000.

The trustees of the Methodist Church at Eldorado are offering for sale to the township for use as a hall the B. C. Church, for which they have no use since the union.

Very many American tourists are passing over the Canadian Pacific between Toronto and Montreal.

Five lines of railway are now under construction in Manitoba.

On Wednesday noon a wagon load of dynamite from Tweed powder mills in charge of George Morton and Jas. Simmons, drove into Madoc. After dinner they started for Burleigh Falls, but near Lakefield the dynamite exploded and killed both men and the horses.

Settlers still continue to come in and the assessment roll for Dungan and Faraday show an increase in population of nearly 100 for the year 1885.

TWENTY-FIVE YEARS AGO

September 8, 1910

A few evenings ago Miss Alice Orr was surprised by her Sunday School class previous to her removal from the village. Miss Laura Connell read an address to her and Miss Tilly Aeslette presented her with a silver napkin ring, engraved with her name and date.

Married—At the Presbyterian Manse, Madoc, on September 7, 1910, by Rev. H. S. Graham, John A. Boray of Crofton, to Jennie Plane, of Madoc Township.

Mr. E. J. Shirley has recently purchased the Huff property, where he has been residing.

At the local Cheese Board 600 boxes were boarded and sold at 10 11-16 cents.

Messrs. Richard Collings and Fred Broadworth, were in town on Monday on their way to Bannockburn to attend the funeral of their father-in-law Mr. William McKleod.

Queensboro picnic on Wednesday was a great success. Madoc Band was in attendance. Mr. M. Delyea held the lucky ticket in the drawing. Miss Bridget Laffen, who sold the most tickets, got first prize and Miss Rose Laton second prize.

A pretty wedding was quietly solemnized at Peterboro by Rev. J. G. Potter on August 25th, when Mr. A. McEwen was married to Miss Aletha Solmes of St. Ota.

Rockwell's New Sunny South Company will appear in the Opera House on September 13th.

Died—In Madoc township on September 2nd, Ella R. Burris.

Cooper defeated Remington in a football game at Remington on Thursday.

FIFTEEN YEARS AGO

September 9, 1920

Mr. John A. Thulman of the Anglo-American Talc Company, is sending out samples of talc in baby blue packages with the words "Madoc Kid Finish," printed thereon.

Mr. Norman Kilpatrick of Crookston, and Miss Teresa Lloyd of Bannockburn, were married in Tweed on August 25th.

Mr. and Mrs. John McIntosh of Belleville, spent the holiday at their cottage at Moira Lake. They have just returned from a five months' trip to the Old Country.

The marriage of Miss Lottie Chambers to Mr. Clarence W. Brown, son of Mr. and Mrs. W. T. Brown, of Madoc, was solemnized at St. Paul's Church, Rochester, on September 1st.

A pretty church wedding was solemnized in North Parkdale Church, Toronto, by Rev. Balfour, when Miss Minnie Nixon was married to Mr. Roy Tumulty.

On Wednesday, September 1st, Miss Susie Parm of Corbyville, was united in marriage to Mr. Ernest Pigen, son of Joseph Pigen of Madoc.

Three hundred and five cheese were boarded on September 3rd, and sold at 26 1-8 cents.

HURRICANE TURNS

BACK TO OCEAN;

200 TO 500 DEAD

The tropical storm which desolated the Florida Keys and killed or washed to sea an estimated 200 to 500 persons pushed across Georgia on Thursday and headed back to the ocean.

Striking the Keys that string down the tip of the Florida Peninsula on Monday of last week at a speed which a lighthouse keeper said was 125 miles an hour, the hurricane drove the Morgan liner Dixie on a reef, sent mountainous waves over the tiny Key Islands, crushed the frame work camps, left dead strewn about or lodged in trees and enmeshed in tangled wreckage and destroyed communications.

It carried its torrential rain and swirling wind along a north-eastward course across the state, into Georgia and toward the Carolinas. Citrus crops were damaged in Florida, pecans and peanuts in Georgia.

Rescue crews labored to get food and medical aid to the injured and other refugees on the desolated Keys.

RUSHING WALLS OF WATER CRUMPLE CAMP BUILDINGS

The tropical storm that lashed the Florida Keys, leaving behind 100 or more reported dead, swung up the western side of the peninsula on Wednesday and battered at St. Petersburg and Tampa as it passed.

Reports from the Key West Naval District Commander indicated 700 persons were marooned on the Matcumbe Key in the centre of the devastated area. Lack of communications and duplication of reports from varied sources made it difficult to compile a list of casualties.

The storm was reported moving slowly northward with winds of full hurricane intensity. Residents of Cedar Key, island community off the Florida coast, where the peninsula turns west to form an inverted "L" prepared for a blow from the storm centre during the day.

Bodies of three, killed in Tavernier, almost flattened by the hurricane as it passed in the night, were brought to Miami.

CHARLOTTE ACRES

SWIM CHAMP.

On Thursday the swimming world acclaimed the first Canadian girl to win a Canadian National Exhibition swim.

When Charlotte Acres stroked her way smoothly to the finish line in Lake Ontario Wednesday night, the 22-year-old Vancouver brunette brought the five-mile professional title to the Dominion and earned \$1,000 prize money for herself.

"I'm awfully glad to bring Canada through to the front," she said as she climbed briskly up the ladder at the finish float.

The dark-skinned Pacific coast girl who finished third last year, outdistanced an international field of fifteen veterans and newcomers. It was her third try for the title.

Five starters were forced from the water before Charlotte heard the cannon boom that signalled her victory. A crowd estimated at 25,000 to 50,000 lined the waterfront at Exhibition Park and cheered the Canadian girl.

JUST ONE

A prospective bridegroom who resides in the neighbourhood of Smiths Falls, made application from the municipal clerk for a marriage license, and as there is little doing in that line in that particular locality the stock was allowed to run out. Not to be outdone, the would-be benedict telephoned the Perth Clerk enquiring if he had any marriage licenses, who in turn replied in the affirmative and asked how many was wanted. Over the wire came a burst of surprise in this fashion:

"Heavens, man, how many do I require? I just want one. Should I have more than that?"

His mind was set at rest by the Town Clerk that one was the necessary number, and he stated that he would be right up for it, and no doubt he is now comfortably and securely wedded for life.

CHILD SWALLOWS NAIL AND DIES

Rushed to the Toronto Hospital for Sick Children from Acton, Ont., after he had swallowed a two-inch nail. Bobby Bradshaw, only son of William Bradshaw of Acton, died on Wednesday following an unsuccessful operation to remove the nail from the child's windpipe.

The child, lying on the floor of his Acton home, apparently picked up the nail and put it into his mouth.

NEW TECHNIQUE

IN DISPLAY

A new technique in exhibition displays features the Canadian National Railways exhibit this year at the Canadian National Exhibition. It consists of the use of satin for display purposes with special drawings and designs dyed upon it by specially prepared dyes. It was developed by the National System and so intricate is the method used that only one craftsman could be found in Eastern Canada capable of performing the work.

One of the features of this new exhibition technique is the pleasing and glossy effect secured under indirect lighting. Probably the outstanding example shown is that featuring the 35th birthday of The International Limited, Canada's famous train which has operated daily, each way, since 1900, between Montreal and Chicago. A huge satin plaque, treated in the modernistic design, shows the route of the train and the various important cities it serves. The color scheme of a deep, unusual crimson and black, makes it, coupled with the decorative plaque of a 6100-type locomotive, over the doorway, one of the centres of interest of the railway building.

Other satin displays of unusual interest and illustrating the varied treatment and wide opportunities offered by this new medium, are featuring a West Indies scene, with the white hull of the "Lady Nelson" in the foreground, surrounded by other West Indies scenes, and of the House of Parliament, treated in a broad outline, with a splendid model of The Chateau Laurier, at Ottawa in the foreground, and framed by transparencies of the various other Canadian National hotels and summer resorts. These two big satin displays flank a colorful, symbolic painting outlining in a vivid pictorial way the world-wide service given by the Canadian National Express by land, on sea and in air.

The main exhibit of the Canadian National building this year is a topographical display showing the Canadian Rockies, with Jasper Park Lodge nestled amid the huge mountains rising about the valley, and the main transcontinental line of the railway between Montreal, Toronto, Winnipeg and Vancouver winding about their base. Done on a vast scale, covering more than 50 feet in width and 25 feet in depth, a bird's-eye view of this most famous of Canadian playgrounds is given in a manner in keeping with their grandeur. Many of the mountains, including the well-known Old Man Mountain, tower in their might above the Lodge, while others are shown in their impressive ranges, rising in the background. Each mountain is done to scale and The Continental Limited is seen operating about their base, stopping at Jasper Station, while motor cars race to and from the station and lodge as the train draws to a stop, with rivers glistening in the valley and glaciers gleaming in the distance. Specially prepared for this year's big show, the topographical display combines the latest in mechanical invention for exhibition purposes with a scenic effect unequalled by past exhibits.

Among outstanding features, among the many interesting displays is that of the Canadian National Telegraphs, showing electrically the speedy cable service between London, Eng., and Toronto, a one-minute service, and Vancouver, a two-minute service. Flashing lights trace the seconds which separates the three cities, so far flung by miles, but brought together by cable and telegraph to only seconds of distance. In no other way would it be possible to give an effective demonstration of this fact as by this latest use of electricity to trace out, first the 60 seconds separating the "Heart of the Empire and the "Queen City," and the 120 seconds required to span an ocean and a continent.

8,000 SEE QUINTS

It was a banner week-end for the Dionne quintuplets who performed before nearly 8,000 persons in four appearances.

On Tuesday Dr. A. R. Dafee estimated that 7,000 persons on Sunday saw the five little sisters when they made their appearances on the veranda of their hospital home, 3,500 at each show. On Tuesday the crowds dwindled to 300 and 400.

Dr. Dafee reported all the babies in excellent health, with a new tooth each for Emilie and Marie. The five youngsters showed an aggregate gain of 6 1-4 ounces in weight since Friday. All gained except Cecile, whose weight was unchanged.

The editor of a Missouri weekly paper carried this notice:

"Attention subscribers. When your subscription expires come in and renew promptly if you want me to give you a good boost toward the golden gate when you expire."

THOU SHALT NOT KILL

Drive Carefully

NEWS AND INFORMATION FOR THE BUSY FARMER

(Furnished by the Ontario Department of Agriculture)

When packing eggs for shipment, a good practise is to brush the hands lightly over each filler as it is packed to make sure that no eggs are protruding above the top of the filler. Such eggs almost invariably will break in transit. Before packing a case, examine the bottom and sides. If any nails are loose or have fallen out, replace them.

Notification of Animal Disease

Horses, mules, and asses of all ages and classes are liable to contract any of the serious contagious diseases of the skin known as mange, scabies or itch. Mange is scheduled under the Animals Contagious Disease Act, which requires that every owner, breeder, dealer or veterinary surgeon suspecting the existence of this disease shall immediately notify the nearest veterinary inspector. Treatment is carried out under quarantine, the following mixture being used officially for hand treatment under the supervision of an inspector: Sulphur, 2 pounds; oil of tar, 8 ounces; raw linseed oil, 1 gallon.

Feeding of Lambs

Quality is important in lambs. Finish and weight along with breeding play an equally important part in determining quality. While improvements in the breeding and feeding of lambs has increased the quality of the finished product, there is still much to be done in order to supply the trade with what it desires throughout a greater portion of the year. Buck lambs do not please the consumers, and tend to discourage buying of lamb. For a number of years the price of buck lambs has been cut below that of wether and ewe lambs, and on and after July 2nd of this year two cents more will be paid for ewe and wether lambs than for bucks. A premium will be paid for good quality, well-finished lambs up to 90 pounds over those ranging from 100 to 110 pounds. In order to get top price castrate all male lambs not intended for breeding purposes and finish the lambs to a desired weight. This requires extra feed, and it will be necessary to grain the lambs on pasture. With the way this season is starting off grain feeding on pasture may be necessitated more than in the past. It is a good plan to pick out the earliest and fastest-growing lambs and crowd them for market. As the season advances the price may drop. Early summer sales are always at higher prices than fall sales. Light lambs should be held back until they have taken on the desired fleshing. It is by paying attention to market requirements that the best returns are obtained from the flock.

Feed and Manure as Sources of Organic Matter

When the farm manure supply is not sufficient to maintain the organic matter content of the soil at a satisfactory level peat or muck may be used to furnish that important constituent. The best way to employ these materials as a source of organic matter is to first compost them with manure for a period of four to six months before application; to use them in the air dried condition as a litter to soak up the horse manure in and about the stable. An added advantage in these treatments is that the nitrogen of the peat and muck is, to a large degree, rendered available for plant use.

Fig Feeding Methods

Although there are several methods of preparing meal mixtures for feeding pigs, the following rules are recommended as safe practices in producing hogs of the desired type: (1) Grind all grain. Fine grinding is recommended especially for young pigs. (2) Soak meal mixture between feeds; do not use too much water but feed as a fairly thick slop. (3) Hand feeding is the best method for securing hogs of a desirable type. (4) If necessary, a self-feeder may be used after pigs have reached the growing stage of development. (5) Keep pails, troughs, and other feeding equipment clean. Mouldy or decaying matter will cause feeding troubles, and (6) Supply clean drinking water.

Head the Hive with a Prolific Queen

The foundation for the next year's honey crop, says the Dominion Apiarist, is laid by making sure that every colony is headed by a young and vigorous queen early in August so that she has sufficient time to produce a large force of bees before the end of the brood rearing season. To perform the duties expected of her the queen

must have ample room for maximum egg production and there must always be an adequate supply of food available for the brood she produces. Other conditions being satisfactory, strong colonies headed with a young vigorous queen in the fall are the best assurance of strong colonies the following spring and a strong force of field bees in time for harvest.

The Maintenance of Soil Fertility

A more permanent agriculture for southwestern Ontario will require a more definite soil building program than has been practised on many farms in the district during the past decade or two. Have we become so interested in cash crops in many districts that we are overlooking some of the fundamentals in the maintenance of soil fertility? Shall we be able to maintain soil fertility and crop yields under many of our present systems of farming? Is our whole program on the average farm definite enough to insure improvement rather than decline? These questions deserve the serious consideration of the man who is thinking of the future as well as of the present possibilities of his farm.

We certainly have access to better seed today than was available thirty years ago. However, good seed alone will not insure continued good yields. The humus in the soil and soil fertility must be maintained as well. These facts are borne out in the various rotation studies of the Dominion Experimental Station Harrow, Ontario.

While nothing has been found that will quite take the place of barnyard manure in a soil building program, the available supply is entirely inadequate to meet the demands of our soils in most sections of Southwestern Ontario. Where an adequate amount of manure is not produced on the farm, either more livestock should be kept or green manure should be produced in the soil by the use of such soil crops as sweet clover, rye and soybeans. After all, a green manure crop is the cheapest method of adding humus to the soil. Alfalfa, as well, should play a much more important part in our soil building program. It is the cheapest and most productive hay crop we have and, in addition, should be utilized for pastures much more than it is at present. A more definite soil-building program, coupled with good soil management, will certainly result in a more permanent and profitable agriculture.

900 CANDIDATES

EXPECTED IN FIELD

With more than a month remaining before Canadians choose the members of the Dominion's 18th Parliament, the number of candidates nominated for the 245 seats is greater than when nominations closed for the past two elections, a survey by the Canadian Press discloses.

Indications are when the country's 5,948,503 eligible electors vote on October 14th, there will be at least 900 candidates in the field.

There have been 556 nominations to date, 11 more than after nomination day in 1930.

LARGE APPLE CROP

A total output of 100,000 barrels of apples in the Georgian Bay district, 65 per cent of which will be winter apples, is estimated by the Georgian Bay fruit growers, according to the weekly crop report of the Ontario Department of Agriculture.

STAR CHANGED HANDS

The Hastings Star has been sold by W. W. Knight of that village to Mr. George Lucy of Campbellford. The new proprietor of The Star has been employed with the Campbellford Herald for the past fifteen years.

Congratulations are open to Mr. John Finnegan of Marmora, cheesemaker of the Marmora Cheese Factory, who won six firsts at the Belleville Exhibition. Mr. Finnegan has won several notable rewards in dairy classics and it is his intention to exhibit at The Royal Winter Fair, Toronto.

Down in Picton on Sunday there was a man walking around with a fur coat on him. He said the weather was so changeable that he wasn't taking any chances. He had better put his coat away. There will be a few mighty hot days yet before September 21st brings in the first day of fall.—Trenton Courier-Advocate.

SCHOOL AGAIN

Trooping by with song and shout,
See the children come!
Not to sound of bugle call
Nor to beat of drum;
But to school-bell's merry chime
Keeping step in tuneful time.

Hearts as light as summer air,
Free as birds a-wing,
Fear they not the lessons long
That the days may bring.
Happy hearts at work or play—
That we might be wise as they!

For tho' grown we're children still
In life's rigorous school,
Learning lessons every day
By precept and rule;
May we joy in work or play
Till life's school is closed for aye.
—Helen B. Anderson.

ARRIVAL DELAYED LORD TWEEDSMUIR

Lord Tweedsmuir, Canada's next Governor-General, will arrive toward the end of October instead of on October 10th, it was learned from Lieut. Col. E. D. Mackenzie, Comptroller to the household of the Governor-General, who returned from Great Britain in the liner Empress of Britain. The new Governor-General will reach Canada after the general election, on October 14th. Mackenzie said that the actual date on which the Lord and Lady Tweedsmuir will sail had not been decided on at the time he left England on Saturday.

BARN AND CROP

BURNED AT STOCO

John Healey of Stoco, had the misfortune to lose his barn and the season's crops of hay and grain by fire on Tuesday of last week. The fire was the result, it is believed, of burning some weeds and rubbish lying some distance from the barn, sparks igniting the structure which was soon a mass of flames. It was impossible to save any of the crop of some nine hundred bushels of grain which had been threshed just a few days previously. Neighbours assisted Mr. Healey in removing some farm machinery but could do but little else. The loss is partly covered by insurance. Mr. Healey's loss is deeply regretted by the entire community, as it is a serious one involving the loss of the entire season's crop.

MILLAR WILL STANDS,

MOTION DISMISSED

Action brought by James A. Nowell of Los Angeles, Calif., to set aside the will of the late Charles Vance Millar, Toronto barrister, was dismissed by F. H. Barlow, K.C., Master of the Supreme Court of Ontario, at Toronto on Friday. Millar died some years ago.

The plaintiff took the ground the provisions of the will were against public policy in so far as a portion of the estate was left to the Toronto mother who gave birth to the most children within ten years after Millar's death.

UNION S. S. PICNIC

HELD AT THE CEDARS

The annual Union Sunday School picnic of Bethel, Roslin, Moneymore and Thomasburg appointments was held on Monday at the "Cedars," Cannifton, with a good attendance. At noon baskets were produced and the tables were laden with good things which everyone enjoyed. After dinner a program of races was enjoyed, followed by an interesting baseball game. Some remained for the evening meal. All returned to their homes feeling they had spent a very enjoyable day.

HUNTER SHOOTS

BIG HOOT OWL

There is an old saying to the effect that birds of a feather flock together. That this is not always true may be gathered from the following incident which concerns a battle between a flock of crows and an owl, both of which species are barnyard thieves. Clarence Waddell of Almonte, was walking through Wm. Rea's bush, the other day when he heard a great hubbub amongst the crows. On investigating he found the angry birds were attacking an owl which was sitting on the branch of a tree. He brought down the owl with a shot from his gun and found that the crows had picked out many of its feathers. The owl had a wing spread of 52 inches and weighed 20 pounds.—Almonte Gazette.

The Official Contest Board of the American Automobile Association announced recently that Sir Malcolm Campbell bettered 300 miles an hour in his speed run over the Bonneville salt flats, near Wendover, Utah, on Wednesday.

SAVE TO BUY AND BUY TO SAVE

READ THIS HEADLINE FORWARDS OR READ IT
BACKWARDS—IT GIVES YOU THE SAME,
SOUND ADVICE!

You have certain living expenses—rent, food, clothing, light, and other necessities. You save money every week so that these bills can be paid at the first of every month. Whatever else you buy must come from surplus savings, over and above those set apart to cover living costs. To make those savings buy the utmost value for the money is the essence of true economy.

Save to buy — then buy to save. Know what you need to buy before going to the store. Know what you can afford to pay before you start out to make a purchase. This is the one sure way to get the most for your money.

Make it a habit to

Read the Advertisements

in The Review every week. By doing so you will learn where to buy the things you need and where your dollar will buy the greatest value. The advertisements will show you where to purchase better food, better clothes, and yet save you money. They will help you live better and enjoy the good things of life.

They Help You To Buy In Order To Save

MAY BURN BODIES IN STORM AREA

Three separate investigations have begun to determine whether war veterans who died in the tropical hurricane which swept the Florida Keys could have been saved.

Simultaneously, relief workers, under the personal direction of Governor Dave Sholtz, marshalled their force to bring order out of chaos and to meet the threat of pestilence.

Estimates of the total dead in the terrific winds which tossed water over the islands to drown many, ranged from 246, the figure of Washington Red Cross headquarters to 1,000.

Funeral pyres may burn in desolate spots as the wind and water and the passing of time—the storm struck the Keys on Monday night of last week—has turned bodies into things of sheer horror.

Governor Sholtz, before leaving on an aerial survey of the stricken area, said it might be necessary to burn the bodies to avert an epidemic.

Dr. T. S. Kennedy, district sanitary officer of the State Board of Health, agreed with the governor.

"JUMP IN FOUNTAIN", AND YOUNG LADY DID

"Go," exclaimed a worried clerk in a booth in the pure food building at the Canadian National Exhibition to a bothersome young lady, "go jump in the fountain."

And she did, disporting herself like a mermaid in a silken dress as she joined the goldfish in the fountain in the centre of the building. A constable hauled her out.

MOTHERS INDULGE IN FREE-FOR-ALL FIGHT

Motherly love caused a street fight when two children started to quarrel at Welland. The respective mothers joined the fray and Mrs. Teresa Yocco brandished a book over the head of Mrs. Anita Beaudoin who responded with blows, the two ending up in a heap on the street.

Brought into court on a charge of common assault both women were allowed to go on a bond to keep the peace for one year.

CANNING FACTORIES DELUGED WITH ORDERS

As a direct result of the Ethiopian troubles in Italy at the present time, Belleville canning factories were reported by one local manager to be experiencing what may be the biggest season they have had in years.

Due to war scares in Italy, tomato growers have lost much of the market this year, turning to other lines. British buyers, turning to Canada for a large supply have been burning up wires and cables asking quotations and confirming bids.

"For the first time in a good many years we can be a little independent this season," declared the local manager exhibiting a fat book of orders. Canadian tomatoes, although the supply is not great, are being given the preference.

STEAL CLOTHING OF LADY BATHERS

Three women on Monday of last week had to drive from Cobourg to Peterborough, almost forty miles, in their bathing suits after their car was broken into while they bathed at Cobourg beach, and all their clothing was stolen.

Included in the loot was the purse of Miss Greta Reynolds of Peterboro, containing a wrist watch and a small sum of money; The purse of Mrs. A. Thompson of Keene, who lost \$4 and various articles of children's clothing.

Mrs. J. Frye of Peterborough, owner of the car, was robbed of a black motor rug, blue coat and white dress.

BOY WOUNDED BY SHOT FROM RIFLE

On Sunday, August 29th, Harry L. Thurston, 16, Front street Trenton, accidentally discharged a .22 calibre rifle owned by Overton Crosby, while playing in a shack near the river on Front street, the bullet entering the leg of Robert Couture, 8, son of Mr. and Mrs. Joseph Couture.

Dr. J. W. Farley was called and the wound was dressed.

The boys playing with Robert were Eldridge Crosby, Clarence Pickel and Charles Allison.

FAMILIES TAKEN CARE OF

Families of unemployed men, working under the Harvest Workers' plan of the Ontario Government, will be taken care of by Municipal and Provincial Relief Administrations, while the men are on the farms, it was indicated in an outline of the plan distributed to clerks and relief administrators of Ontario municipalities on Friday.

Patrolman Walter Mitchell of New York, observed a tattered beggar sobbing when passersby ignored his outstretched hand. The mendicant talked of suicide and the officer took him in custody for safe keeping. A search of the man's clothes revealed \$375 in currency and bank books showed deposits of \$6,722.

GRANDMOTHERS ATTEND INSTITUTE

The annual Grandmothers' meeting of the Women's Institute of Eldorado and Bannockburn was held at the home of Mrs. S. Martin, Eldorado, on Tuesday evening, September 3rd.

There were about thirty present including five grandmothers. The president, Mrs. J. Gawley, opened the meeting by all singing the Institute Ode followed by all repeating the Lord's prayer. The roll call was answered by "Quotations my grandmother used." The minutes of the last meeting were read and approved. A letter of appreciation for a box of fruit was read from Mrs. H. Dean, also a letter which had been received regarding a sewing class which is to be held from September 9th to September 15th in the Orange Hall, Eldorado. Mrs. L. Robinson favoured with a reading, "What Shall We Do With Grandpa," followed by "Sixty Years of Farming," by Miss A. Thorpe. Mrs. L. Robinson sang a solo, "Great Grandma." Mrs. Fred Comerford gave a reading, "The Lang of Beginning Again." Miss Florence Walker gave a demonstration, "Arranging Bouquets" which was very instructive and interesting. Miss A. Holmes proposed the toast to the grandmothers and Mrs. Fred Comerford responded. Miss Grace Robinson then gave a reading, "My Mother." Prizes were then awarded to the grandmothers.

Most Modern Grandmother—Mrs. J. Gawley, box of candy.

Oldest Grandmother—Mrs. G. Empey, box of candy.

Grandmother with most relatives belonging to the Institute—Mrs. Comerford, spool of thread.

Grandmother with least grey hairs—Mrs. G. Robinson, thimble.

Mrs. Walker was presented with a vase and bouquet of gladioli.

The meeting was closed by the singing of the National Anthem. A lovely lunch was served by the hostess and her assistants. The grandmothers were given a seat of honor. A social half hour was enjoyed by all.

DARING JUVENILE
BURGLAR TAKEN

Called by Montreal police as the most daring juvenile criminals ever to pass through their hands, an unnamed 14-year-old burglar was arrested during the week-end. He will appear in juvenile court on a charge of stealing \$200 worth of cigarettes from the Muirhead Forwarding Company there. He escaped custody three times.

The boy told police he had fled to Kitchener, Ont., last week to dispose of goods he had previously stolen in Montreal. There he picked up two companions and the trio came back to Montreal on a freight train, police said. One of the boys was arrested and returned to Kitchener.

The boy was arrested last month with five companions and sentenced to serve a term in a Montreal institution. He escaped before going to the school, however, by striking an officer in the face.

Arrested again, he escaped with three companions from the jail school. The three boys were arrested at St. Jerome, Que., a week later but the young ringleader again eluded arrest.

SPICE ISLE OF
THE WEST INDIES

The island of Grenada is the largest producer of spices in the British West Indies. Cocoa is also produced, it being the largest single export in 1934. Of late, attention has been directed to the growing of bananas and Grenada is increasing her exports to Canada. The value of exports from Grenada, as between 1934 and 1933, increased by 10.4 per cent, due to increased value of nutmegs, mace and bananas. The United States was Grenada's best customer during 1934, displacing the United Kingdom, which ranked second, with Canada occupying third place. In the matter of imports the United Kingdom was the chief supplier followed by Canada. Empire sources accounted for 79.6 per cent of the total value. As regards foreign sources of supply, the United States was in the lead followed by Japan, Holland, Germany and France.

SUSPENDED DRIVER
MUST BRING PLATES
TO POLICE COURT

Magistrate Tinker checked and double checked in court at Toronto on Tuesday. To insure convicted reckless drivers whose permits have been suspended do not drive during the suspension period, he ordered such persons bring the license plates of the vehicles to court.

1,000 WEDDING GUESTS AT MILLIONAIRE BRIDAL

Lowering skies on Saturday shifted the scene of Lucille Parson's wedding to 20-year-old George Vanderbilt, heir to \$20,000,000.

Instead of having a garden ceremony on the brink of a lily pond, as planned, the two were married late Saturday in the living room of Miss Parsons' home at Llewellyn Park, N. J. Reception for 1,000 guests followed.

LEADING PAINT MANUFACTURERS ANNOUNCE

PRICE REDUCTION

First Quality House Paint

Now \$3.75 per gallon
\$1 per quart

The Quality Remains Exactly The Same. Only The Price Is Changed.

Dating from to-day, the price of first quality house paints manufactured and sold by the undersigned companies is reduced from \$4.65 to \$3.75 per gallon.

There has been no change in market conditions or manufacturing costs to justify this step. We feel, however, there is urgent need for action that will make it possible for house-holders to obtain the highest quality paints at the lowest price consistent with strict maintenance of quality.

Thousands of people all over the country have been forced to put off much needed painting. Thousands more have been misled by "bargain" prices into using inferior paint of little or no value. We want to make it easier for you to enjoy the advantages of painting with first quality paint only, and are confident that the generous reduction in price now announced is the best way to accomplish this.

THIS IS OUR CONTRIBUTION TOWARDS NATIONAL RECOVERY

MEETING OF
BETHESDA W. A.

The regular meeting of the Bethesda Women's Association was held in the church parlors on Thursday, September 5th.

Mrs. Holland, president, opened the meeting with hymn No. 38, which was followed by the Lord's prayer. Mrs. H. Keller then read the scripture lesson, which was taken from Colossians 3, 12th verse. Prayer was led by Mrs. Harry Mullett. Minutes of last meeting were read and approved.

Mrs. Coulter then gave an interesting talk, her theme being "Peace." Each member responded with a verse in the Bible using peace as their key word. Hymn No. 136 was then sung.

Mrs. Geary gave missionary current events. This was followed by Mrs. Holland giving a reading on temperance, "Nobody's Business." A duet was then rendered by Mrs. Geary and Mrs. French with Mrs. Coulter presiding at the piano.

After singing hymn No. 252 the meeting was closed with prayer by Mrs. Holland.

HOUSE BLOWS UP,
TWO DAMAGED

A terrific blast of unknown origin shattered the home of Luke Putinta, Fort Erie, Ont., and damaged two neighboring houses on Saturday. The Putinta family were visiting in Toronto and the house was unoccupied. Occupants of the other two houses received minor injuries.

A gaping hole in the ground and splintered wood from the two-story frame dwelling is all that remained of the Putinta house. Sections of the structure were hurled 150 feet in the air.

Mr. and Mrs. Alfred Britnell, asleep in their home west of the Putinta house, suffered a few scratches when their bed was covered with glass.

Tony Kepatsky's house on the east side of the explosion was shaken by the blast, caught fire and was partially destroyed. Kepatsky, his wife and three daughters were thrown from their beds but otherwise unhurt.

An investigation was opened immediately by Fire Chief Armstrong. Loss is estimated at \$7,000. The shock of the explosion was heard for miles.

PAINT PRICES
SHARPLY REDUCED

A sharp reduction in the price of first quality house paint to \$3.75 per gallon is announced by the manufacturers of some of Canada's best-known brands of paint, the reduction to take effect immediately.

In making the announcement, the companies concerned state that the reduction is not justified by any change in market conditions or manufacturing costs. They point out, however, that during the past few years many householders have been misled by "bargain" prices into using inferior paint with results that reacted unfavourably on the whole industry. Drastic action was felt to be necessary to check a situation that seriously threatened property values all over the country.

The new low price is designed to make it easier for property owners to use first quality paint only, with resulting benefit to property and to the community in general.

The companies announcing the reduction are Canada Paint, International Varnish, Martin-Senour and Sherwin Williams.

BELLEVILLE MARKET
SATURDAY

There were but few changes to note in prices for farm and garden products offered for sale on Saturday's market at Belleville, over those which prevailed the previous week. The attendance of both sellers and buyers was large and in consequence there was considerable trading. The display made was exceptionally fine especially of fruit, and melons in particular.

During the past week the hog market showed some improvement in prices for live hogs and dressed hogs, advancing ten and fifteen cents per hundredweight. In the grain and hide market there were no changes to note.

The interior of the market building was filled with dairy and home made cooking products at prices which were reasonable.

Quotations were as follows: dressed hogs, cwt., \$12.15; live hogs, cwt., \$9.00; butter, lb., 25c; eggs, No. 1, dozen, 25c; pullet eggs, dozen, 17c to 18c; chickens, 60c to \$1.10; broilers, pair, 50c to 70c; onions, per cwt., 40c; carrots, per cwt., 30c; parsnips, per cwt., 30c; turnips, per cwt., 30c; beets, per cwt., 20c; tomatoes, bushel, 40c to 45c; lettuce, bunch, 5c to 10c; pork, 20c; new cabbage, each, 5c to 10c; sweet corn, dozen, 10c.

Prices on fresh fish were as follows: lake salmon, lb., 15c; white fish, 17c; mud cats, 2 lbs. for 25c.

Prices on fruit were as follows: huckleberries, quart, 20c; wild grapes, basket, 35c; muskmelons, 5c, 10c, 15c; watermelons, 10c to 15c; pears, basket, 80c to 85c; plums, basket, 40c to 65c; peaches, basket, 45c to 60c; green gages, basket, 50c to 60c.

SCHOOL SQUABBLE
REACHES COURT

The problem of two teachers claiming one job in the junior room of school section N. 13, Raleigh, in the colored settlement of Buxton, will be temporarily eased this week while counsel submit prepared written arguments for Magistrate Arnold of Chatham to decide whether he can try Miss Marie Hanson, 27, on a charge of trespass. The majority of the Trustee Board claims she was dismissed.

The easing of the situation will be possible through undertakings given in police court on Saturday morning by the accused teacher and the trustees.

Miss Hanson every day this week will go to school just before nine o'clock, walk right in, turn around and walk right out again. That will be an indication she does not intend to break the contract she claims to have.

Miss Gern Watts of Merlin, the teacher whom the majority of the Trustee Board claims now has no job, will also be present but not in the role of spectator she has played all week. She will have the job of instructing the youngsters after Miss Hanson has left. It is on the record this proposed line of action will in no way prejudice the legal rights of Miss Hanson in either civil or police court.

Monday, according to I. B. Craig, Chatham lawyer engaged by Miss Hanson, he will institute a civil action against the trustees claiming damages for breach of contract and it will be in a civil court, in all likelihood, where the dispute will be disposed of.

KOPAN IS PRINTED ON
CANADIAN NEWSPRINT

Canadian newspaper is put to all sorts of uses besides newspapers. Down in Netherlands, India, in addition to use by small newspapers, newsprint sheets are used for printing the Koran and certain cheap native Chinese books. About a year ago these sheets were also used for making cigarettes but this trade has since disappeared, rice papers being used. Canada captured first place last year for the supply of newsprint, followed by Sweden, Japan, Norway, Austria and Germany. The year previous was the first in which Canadian newsprint appeared in the statistics. The bulk of the Canadian newsprint in rolls and sheets comes from the West Coast, smaller parcels from Eastern Canada. Prospects are that Canada will still further increase her sales of newsprint to Netherlands, India.

SCOTCH TAKE MORE
CANADIAN FLOUR

Canadian flour in Scotland is very popular and is making good headway. For the first six months of 1935, Canada supplied over 69 per cent of the total imports, an increase of 7.5 per cent over the same period last year and 19 per cent over 1929.

—Waxed paper for sale at the Review Office. 125 ft. roll and in 50 packages.

DEEPER ATTACK
AT CORDOVA MINE

(From the Northern Miner)

The Cordova Mine is undoubtedly the most interesting gold property in Southeastern Ontario, because it has produced \$334,000 in past operations up to 1917. Now owned outright by Consolidated Smelters, its deeper development beyond 500-ft. depth, supplemented by investigation on existing levels, will be followed with much interest. When the Northern Miner visited the mine recently preparations for shaft sinking were practically complete. The No. 3 incline opening has had to be straightened out a new levels at 150-ft. intervals will probably be established below the present five levels. Electric power is obtained from the Hydro sub-station at Marmora.

It would appear that principal attention will be focussed on deeper development of the ore structure at No. 3 shaft that has been stope out above the bottom 485-ft. level, in the shaft area. Tonnage possibilities are believed good for old stoping reached a maximum width of 50 ft. in place. The old records and independent reports vary a good deal on grade of ore but it is reasonable to expect that present operators would be pleased with 2 oz. grade along with confirmation of present tonnage indications. A report by P. Kirkegaard, who managed the property in most of the previous operations, details that the ore treated averaged \$5 per ton, old price, or over 23 oz. per ton. It is the current price of gold at \$35 per ounce that attracts Smelters in the project.

The property is located in Belmont and Marmora townships, 115 odd miles east of Toronto and 12 miles south of Havelock station on the C. P. R. Past underground work has been spread out at numerous points evidenced by the presence of at least 10 shafts, two nearly 500 ft. deep and one 200 ft. deep. The old mill and several other buildings have been destroyed by fire years ago. The cost of producing the \$334,000 gold output has been variously placed at \$600,000 to \$800,000. Large sums of money in the old days have been spent on excessive plant facilities and elaborate buildings. At present 44 men are employed and lots of power is available with 3,000 ft. of air. A new hoist good for 1,500-ft. depth anyway has been installed. A new headframe has been erected at No. 3 shaft.

The veins occur in coarse grained diorite and gabbro, according to the records. The main vein structures strike roughly east-west and dip south. At No. 3 shaft the No. 3 occurrence consists of three east-west veins with several smaller cross veins. Bigger widths are caused by this intersection condition and bulges or chimneys in the occurrence are also suspected. The dig is 70 degrees south. Vein filling is quartz and chlorite schist with gold, pyrite and some pyrrhotite mineralization. Considerable of the gold is present in the free state and can be amalgamated. The vein structures are persistent and can be traced for great length. Exploration possibilities are reasonably good.

Fifteen veins are reported known altogether according to the old literature. Old operators did some work on most of them. The No. 3 shaft follows the vein and the stopes on the various levels at 100-ft. intervals are immediately adjacent to the shaft. Some very good widths can be seen. A total of 2,200 ft. of drifting is mentioned on the first levels at this shaft. It lies 1,200 feet east of the No. 1 shaft where there are also five levels, 1,500 ft. of lateral work and an average grade from various shoots reported at \$5 per ton, old price.

The deeper underground attack by Smelters will be closely followed. Geologically there is nothing known to affect the depth chances. A modern size-up of this mine's ore chances by capable operators will be tremendously important to the whole Southeastern Ontario gold area. As the property is now owned outright there is added incentive to bring home a winner. Costs in operation should be very reasonable on account of the fine location to good transportation, power and labor facilities.

The history of the mine is interesting. Gold was first found on it in 1890 and in 1897 the Cordova Exploration Company was formed. Between 1897 and 1903 a 30-stamp mill was operated and the ore was reported to average between .24 and .27 oz. per ton. The mine was closed from 1903 to 1911 when Peter Kirkegaard, well known in the mining activity of that part of Ontario, took it over. It produced gold on and off then until 1917, when a fire brought an end to operations. The fire destroyed the mill. No. 1 shaft and the electric generating plant. Consolidated Smelters had the property optioned in 1933 and the following year bought it outright.

POLICE USE DOG
TO FIND WOMAN

Climaxing a four-day search Provincial Constable W. J. Carey of Cobourg, found 73-year-old Fannik Wright about four miles from her home near Stoney Lake. The aged woman wandered away from the home of Andrew Sole, her nephew, on Wednesday afternoon.

Constable Carey borrowed a Labrador retriever owned by Bennett Oliver, summer visitor, and accompanied by Constable G. Reid, made the 70-mile trip to Kashiabog Lake, north of Stoney Lake. The dog picked up the scent soon after being loosed an hour later. Mrs. Wright was found alive on Sunday in a small woods. Her clothing was torn and how she survived the four days hunger and exposure is a mystery to police.

Dr. H. G. Carleton, summoned from Norwood, 25 miles south of where the woman was found, stated on Monday that he was hopeful of the woman's recovery.

CAR THIEVES FORCE
CONSTABLE FROM CAR

Ordered at the point of a revolver to "get out and get moving," P. C. Thompson of the Belleville police department, was confronted with three desperate characters, fully armed, as he was escorting an alleged drunken man to the police station shortly after 5 a.m. on Monday. Later it was disclosed that the trio had crashed their own automobile at Shannonsville, obtained a ride to Belleville, and stolen an automobile the property of R. Redner, Dundas street, in which they ordered P. C. Thompson to "throw up his hands," after one of the desperadoes had shouted "let him have it." The hold-up car then roared westward across the lower bridge and out of sight. The Trenton police were immediately notified and P. C. Walter Probert of that department tried to stop the trio as they raced through Trenton at a speed estimated at 70 miles an hour. Constable Probert drew his revolver and fired twice at the fleeing car, striking the rear of the vehicle both times.

PORTUGAL NIPS
REVOLUTION PLOT

Portugal's government frustrated an attempted revolution during Monday night and was in complete control of the situation there on Tuesday with fifty conspirators in prison.

Warned by its secret agents Syndicalist followers of Rolao Preto had formed an unexpected alliance with Communist elements and planned a sudden coup to overthrow the government, the authorities moved swiftly.

Besides fifty navy yard workers, they seized Captain Mendes Norton of the navy who had planned to take the dispatch boat Bartolomeo Dias. He was arrested with all his crew and put in irons.

ST. PETER'S PRESBYTERIAN
CHURCH

Rev. W. A. Hunter, B.A., B.D., Minister.

Sunday, September 15th.
9.45 a.m.—Sunday School.

Fraser—The Rector.

SPECIAL DEER
HUNTING LICENSE

New Brunswick will institute a special non-resident deer hunting license this season. The price is \$10.00 and the license will permit of hunters taking two deer and two bears during the season, which will extend from September 15th to November 30th. The regular non-resident deer license, the fee for which is \$25.00, will still be available. This latter license permits of the taking of two deer, two bears, ducks and partridge to the legal limit, in the open season.

NEW!!
the GREATEST TIRE
EVER BUILT FOR
TRACTION

This new tire—especially suitable for farm work—digs in and pulls on any road or surface—through mud, snow, sand, bad roads or no roads at all.

Note the deep, tough bars of rubber on this new tread that grip on any surface. These continuous, unbroken bars carry the load evenly, ride smoothly and give long mileage and even wear. Another feature is that the tread is self-cleaning—after every bite the dirt is pushed out. And, no matter how severe the operating conditions may be, the tread is guaranteed not to loosen from the body.

Ask your local Firestone Dealer for complete information.

WEEKLY NEWS LETTER FOR THE FARMER

Issued by the Central Experimental Farm, Ottawa, Ont.

Work With Flax at the Central Farm

Work with flax, at the Central Experimental Farm, has consisted chiefly in testing importations from other countries, and in attempts to develop still better yielding varieties by artificial crossing. These efforts have been quite successful. Good varieties, so far developed are Diadem, an early ripening sort, Novelty, a later but very high yielding variety, and Longstem. Attempts are also being made to develop varieties capable of resisting the disease known as flax wilt. Since flax grown in Canada is used chiefly in the production of linseed oil, a program of breeding work to obtain varieties with a high oil content is now in progress.

Crates Feeding of Poultry

Crates feeding of poultry gives the highest quality of flesh, and feeding in clean sanitary pens makes the best substitute. Only healthy birds of any kind will pay. Before confining the birds in crates or pens they should be given a laxative and freed of lice. Feed sparingly at first. Two to four weeks are required for finishing. At the Central Experimental Farm, it has been found that almost any good mixture of home-grown grains, finely ground and mixed with milk, will answer.

A satisfactory finishing ration may be composed of the following: one part finely ground whole wheat; one part finely ground whole barley; and one part finely ground whole oats.

Fresh skim-milk, whole milk or

SCHOOL RECORD FOR NO ABSENCE

Residents of Prince Rupert believe the city can boast of a school attendance record unparalleled, or at least unbeaten, anywhere in Canada.

Beatrice Berner, daughter of a local railway conductor, completed her public and high school studies with the record of having never been absent or late throughout her entire 12 years of school.

Beatrice received all her schooling there and never ranked lower than fifth. She is also an athlete of some note and is one of the city's best tennis players.

When she completed her public school education the school trustees presented her with a set of Shakespeare's works.

Mr. Michael Kirby who resides on the fifth concession of Huntingdon, narrowly escaped being killed one day recently when a two-year-old bull which he was driving became angry and threw Mr. Kirby to the ground injuring him severely. The accident happened near a fence and he managed to crawl under the fence or he would have been killed. He was rushed to a doctor and is now well again.

buttermilk should be used as a mixer.

Swede Roots for Seed

Seed roots for seed may be stored either in outside pits or in a dark, well ventilated cellar, free from frost, yet sufficiently cool to keep them from sprouting too early in the spring. When the roots are pulled the tops should be cut off about an inch to an inch and a half from the crown.

MENDING GRAIN BAGS

How often has the busy housewife been annoyed at the sight of husband bringing an armful of grain bags to the house to be mended, when she had a big day's work all planned. O! But you say "John always mends his own grain bags on a rainy day. I just give him scissors, darning needle, cord and patches and let him go ahead." Very well, then maybe he would like to know a better way.

One Monday morning recently my husband gathered up an armful of grain bags and called for a table, hot irons, and paste. It was a very hot morning and I brought the table outside, got a short, wide piece of board to slip into the bag, prepared some raw flour paste, gave him an old pair of worn out overalls for patches and left him to start the job while I washed the separator. I had many interruptions as I had to change the irons for him and run to his assistance as he was always getting too much "goosey" on the patch. However, the separator was finished at last and I helped finish the bag-mending job, and it was only a short time till we were through, and some of them had seven or eight patches.

One day previously, while cutting grain, the binder canvas got badly torn and they were trying to patch it with cord and darning needle when George got disgusted with the job and called for hot irons and paste, and they soon mended it making a much smoother job than if sewed.

Be sure your irons are hot enough to cook the paste and then the patch will outwear the rest of the bag and they would need a regular "soaking" to loosen the patch. The irons, of course, are all daubed with paste but by scraping it off the bottom before returning to the stove, they work smoothly, and when you are through and the irons cooled a cloth and water quickly cleans them.—Maude Fox.

W. M. S. PRESBYTERIALS GIVE MORE FOR MISSIONS IN QUINTE CONFERENCE

During the School for Leaders conducted by the W. M. S. of the United Church of Canada, Bay of Quinte Conference branch, at the Ontario Ladies' College at Whitby, and which closed on Saturday, August 31st, a concise statement of the contributions made towards W. M. S. work at home and abroad by the various presbyteries in the conference was given by Miss L. Lazelle Brown of Belleville, branch treasurer. The statement was for the first and second quarters of this year, and was as follows:

Pres.	1st Qt.	2nd Qt.
Belleville	\$1,456.00	\$3,394.00
Cobourg	1,400.00	1,784.00
Kingston	1,438.92	1,491.44
Lindsay	871.00	1,680.00
Oshawa	1,505.59	1,958.52
Peterboro	1,200.00	1,900.00
Renfrew	1,686.00	2,725.00

Two Presbyteries, Kingston and Peterborough, showed a decrease from last year. All other Presbyteries show an increase.

A concise synopsis of the annual meeting held in Belleville last May, was given by the recording secretary, Mrs. B. L. Barnes, of Peterboro.

NECK-TO-KNEES SUIT IS RULE AT BRONTE

When swimmers started to wander through the town of Bronte in swimming suits, the County Council decided to amend the public morality law. The law now restricts "any person appearing in a public place, not in the vicinity of a bathing beach, unless wearing a proper garment, not transparent, properly fastened and stretching from the shoulder to the knees." A fine of not more than \$20 with a jail option will be the penalty for further offences.

Taking your Dollar to Market

EVERY year your family, and every family of your acquaintance, spends about 70 per cent. of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

That part of spending is readily understood. But do you realize that every manufacturer and retailer of these necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements in her local paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and business people. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the business of purchase.

INDIANS ATTACKED BY CRAZED MAN

Terror gripped the hearts of Indian dwellers in the nearby Montreal Lake country as Royal Canadian Mounted Police pressed a search for a hooded man reported to have attacked two lone campers.

First word of the unknown attacker was brought to Waskesiu Lake, Sask., by Tom Beatty, half-breed Indian who travelled from Montreal by canoe.

While Beatty sat over his camp fire, a hooded figure approached, he said. The man had a sack over his head with slits cut in it through which he was able to see.

The men struggled with each other and the hooded man threw Beatty's

FATE DOGS PARTY ON MERCY ERRAND

Fred A. Bowen of Chatham, is in hospital there seriously injured and Wymil Dawson of Coatsworth, has a broken shoulder as result of an automobile crash there recently.

Dawson had just finished rushing Mr. and Mrs. Elmo Crosby, of Mishawaka, Indiana, to a doctor after their car was ditched in Tilbury East Township when his own car crashed into Bowen. Both cars overturned and Bowen was hurled against a fence post suffering skull fracture.

pot of tea over the half-breed. Then he fled.

It was to have these burns treated Beatty came to Waskesiu and told of the attack.

DID YOU EVER STOP TO THINK?

(By Edson R. Waite)

J. B. O'Hara, president of Dr. Pepper Company, says of newspaper advertising:

"For many years, prior to 1927, Dr. Pepper Company and other soft drink manufacturers confined advertising largely to mere name display and repetition. The public, unenlightened, considered all carbonated beverages as a sort of childish vice. We knew Dr. Pepper was more than a mere thirst quencher. We knew its 100 calories of vital 'fuel' value; of its quick almost uncanny effect in reviving human energy and increasing efficiency. We knew most people needed a 'pick-me-up' at least three times daily, mid-way between regular meals.

"We realized also that people generally did not know this. We decided to enlighten them. Our story was of an educational nature. It required words . . . pictures . . . and a medium of wide distribution, which could be correlated with our needs without prohibitive waste.

"We selected the newspapers. We summed up our thoughts in the now famous slogan: 'Drink a bite to eat at 10, 2 and 4 o'clock. The public caught on, responded in a big way. We expanded year by year, from the three original cities in Texas, to a South-wide distribution and popularity.

"Naturally we believe strongly in newspaper advertising and invest in it heavily. It has paid us well. As evidence of our faith in it, we will, in 1935, spend for newspaper space more of our appropriation than for space in any other medium."

SECTION MAN HURLED 100 FEET

Struck by a Montreal-Toronto flier on the main line of the Canadian Pacific Railway about 1 1/2 miles east of Finch, Ont., on Friday, Jonah Alguire, 55, of that village, was killed. Oscar McConnell of Finch, was injured, but William A. MacMillan escaped. All three, residents of Finch, were section hands employed by the C. P. R. The men were working on the right-of-way, their tools lying in a hand car on the westbound track. The train was seen approaching about half a mile off and the men hastily sought to remove the hand car from the rails. While still struggling with it, Alguire was struck by the locomotive and hurled 100 feet. McConnell was injured when hit by the hand car and taken to Smiths Falls Hospital.

Alguire was killed instantly. He is survived by his wife, two brothers and one sister.

SMALL BOAT LEAVES HALIFAX FOR ENGLAND

Two New Englanders and seven Britons aboard the little yacht *Sesplane* were to set out from Halifax late Thursday on the second leg of a return trip across the Atlantic from Boston to England.

Skipped by Frank Pollard of London whose luxuriant crop of whiskers belies his 20 years, the squat craft is expected to make the Old Country in three weeks, something less than her time for the westward crossing. Captain Pollard is accompanied by four professional sailors and four amateurs.

ROOSEVELT'S PENS PRIZED AS SOUVENIRS

If presidential signatures on noted United States laws should look a little joggly to future historians, it should not be surprising.

What if they had to sign their names with ten pens? That's the number President Roosevelt used on the Guffey coal control bill. Some say he has used as many as 30 writing a signature! One letter, or two, or three—then a different pen.

The pens are generally given as souvenirs to Congressmen who have worked for the bills.

LOAN INTEREST RATE IS 3-4 P.C.

Finance Minister Rhodes announced on Wednesday the government had raised a loan of \$20,000,000 in New York for five months bearing the lowest interest rate ever obtained on Dominion administration borrowings. The loan, running from September 1, to February 1, 1936, bears interest of three-quarters of one per cent. It was obtained from a group of Canadian and United States banks and will be used to retire Grand Trunk Railway Company of Canada seven per cent debentures due October 1 which are payable in New York.

ADVERTISING Is Good For Us

The dusty picture of an optimist and a pessimist—the optimist being the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that is is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemination of news and information.

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What Stores Are Busiest ?

Is it not those stores which give out most information about what they have to sell? The public is daily spending money—probably \$2 a day for every man, woman and child in the trading area covered by the circulation of our newspaper—or, say, \$2000 for every 1000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our own community for food, shelter, clothing and for all other things.

ELDORADO

A treat is in store for those who can hear Rev. Dr. Fletcher of Odessa, who has charge of the Anniversary services in Eldorado United Church next Sunday, September 15. Corn cutting and stooking is the chief occupation of the men these days. Next thing will be silo-filling. Miss Ruth Andrew of Madoc, spent the week-end at her home here.

Mr. and Mrs. D. E. Jones and Harold Chambers, returned home on Thursday evening after attending the Toronto Exhibition.

Rev. Fletcher returned home on Saturday after a restful holiday spent with his brother in Frohisher, Sask.

Mr. and Mrs. John Fitzgerald and Jack attended the Centreville Fair on Saturday.

Mrs. Leslie Robinson spent Wednesday with her sister, Mrs. S. Moorecroft, Hazzard's.

Miss M. Wright of West Huntingdon has returned to take charge of the Bests School.

(Intended for last week)

Mr. and Mrs. D. E. Jones and Mr. Harold Chambers are spending a few days at Toronto Exhibition and at Winona visiting the former's brother, Mr. G. R. Jones.

Mr. C. Mallory, representative of Temperance and Moral Reform, had charge of the services in the United Church on Sunday evening.

Miss Lilly Wright of Newburg, is spending a few days at her home at Kellar's Bridge.

Mrs. John Fitzgerald and Jack spent a few days last week attending the Standard Church Camp Meeting at Ivanhoe.

Mrs. William Blackburn, John and Joy, were the dinner hour guests of Mrs. A. Harvey on Monday.

Who wears a broad smile these days? Mr. and Mrs. Clayton Blackburn. It's a boy!

Miss Ruth Andrew left on Monday to take a position in Madoc.

Miss Iva McCann spent a couple of days last week at Baptiste Lake.

Miss A. Holmes, Mrs. Andrews, Ruth and Doris, called on Mrs. Clayton Blackburn one evening last week.

Mr. and Mrs. William Blackburn and children spent a Sunday recently with Miss Mary Marshall at Plainfield.

QUINTE'S ISLE OF LAKES AND BAYS

Mrs. (Dr.) J. J. Broad of Toronto, is stopping for a time with Mrs. W. Thomas.

Mr. and Mrs. Arthur Keene and family spent a recent Sunday with his brother, Mr. Thomas Keene and family at The Outlet.

Mr. and Mrs. R. Mayhew entertained friends from Madoc over the week-end.

Mr. and Mrs. John Sherwin and daughter of Kenmore, N. Y., were week-end guests of his mother, Mrs. Sherwin, Hillier, and his sister, Mrs. Earl Marvin.

Mrs. Will Fox of Wellington, spent the week-end with her nephew, Rev. E. C. Burr and Mrs. Burr, visited Mr. and Mrs. George Fox on Sunday and also visited Mr. and Mrs. Ross Burr.

Mrs. George Fox and Miss Irene Fox attended Communion service at St. Andrew's Church, Picton, on Sunday morning.

Mr. George Eckert of Toronto, is spending his holidays with friends at Wellington.

Mr. Clare Boyle spent last week in Toronto.

Mrs. Billy McEwen and son James McEwen, Mrs. John White and sons of Cobalt, spent Sunday the 1st inst. with Mr. and Mrs. Tom Boyle.

Mr. and Mrs. Sylvester Thomas entertained company from Eldorado on Sunday.

Mrs. George Fox spent Monday with Mrs. T. Boyle and Mrs. C. J. Wright, Wellington.

(Intended for last week)

Miss Geraldine Bowerman of Toronto, is visiting her parents, Mr. and Mrs. John Bowerman, Bloomfield.

Mr. and Mrs. Earl Marvin and wee son were recent guests of her mother, Mrs. Sherwin.

Mr. Harry Burris and his two daughters, Mrs. Lorne Ayles, Mrs. Kenneth Ayles, also Miss Gwen Ayles, left on Thursday for Buffalo for a short visit with his son and family. Mr. and Mrs. Arthur Burris and Ramona.

Mrs. George Fox called on Mrs. G. Benedict at the home of her daughter Mrs. C. Reddick, Rossmore, on Saturday. Mr. and Mrs. Harry Blakely and Lillian of Eldorado, spent Sunday the 29th ult.

Mrs. J. R. Marvin visited Mrs. C. J. Wright, Wellington, one day recently.

Mrs. (Dr.) Thompson is entertaining her mother, Mrs. A. Volker, of

WEST HUNTINGDON

Mrs. George Post spent Thursday afternoon with Mrs. C. Sills.

Several L. O. L. members from here attended the funeral of the late Mr. W. Wright at Madoc. Much sympathy is extended to the bereaved ones.

The regular monthly meeting of the W. M. S. of the United Church was held at the home of Mrs. S. Fargey on Tuesday afternoon. Several members were absent, but a large number of visitors were present.

Miss Hilda Moorecroft is attending High School at Belleville.

Miss Evelyn McInroy spent Labor Day in Stirling, the guest of Mrs. A. Weaver.

Mrs. E. T. Saries visited at the home of her daughter, Mrs. C. McGee, on Tuesday.

Mr. and Mrs. G. Cook attended Toronto Exhibition last week.

Mrs. Uorris of Fed.

Mrs. Norris of Perth, and Mrs. Turner, Sr., spent a few days last week at the parsonage.

Mr. and Mrs. William Fox have returned from New Brunswick.

MALCONE

Mr. and Mrs. John Cracknell, also Mr. and Mrs. Benson Wannamaker, of Corbyville, spent Sunday at the home of Mr. and Mrs. Henry Weese.

Mrs. Henry Nickle is spending a few days at the home of her son, Mr. Morcy Nickle, Madoc.

Miss Lola Gawley, daughter of Mr. and Mrs. Walter Gawley, was taken to Belleville General Hospital for an operation for appendicitis last Friday. The last report was that her condition was favorable.

Mr. and Mrs. John Cracknell and Mr. and Mrs. Benson Wannamaker of Corbyville, also Mr. and Mrs. Harold Long and family of Madoc, were Sunday visitors at the home of Mr. and Mrs. Clarence Weese.

Mr. and Mrs. Joseph Bermingham, of Niagara Falls, N. Y., are spending their vacation with Mr. and Mrs. F. Fox.

Mr. Leonard Howarth spent last Sunday in Belleville.

Mr. and Mrs. Levi Wannamaker are visiting in Havelock.

Mrs. Dan and George McCrimmon spent last Thursday in Marmora.

Mr. and Mrs. Clarence Weese and little son called on Mr. and Mrs. L. Ellis, Marmora, on Thursday evening. Congratulations to Mr. and Mrs. Morcy Nickle on the arrival of a new son last Monday.

KELLAR'S BRIDGE

Mr. and Mrs. McKenzie of Deloro, were Sunday guests of Mr. and Mrs. William Boyle.

Miss Ena Sandford, R.N., of Whitby, is home for a three week's holiday.

Mr. M. J. Wright has gone to visit his sister, Mrs. E. V. Eastman, of Wyandotte, Michigan.

Mrs. Will Tate had a quilting bee at her home on Tuesday last.

Rev. W. P. Fletcher, D.D., of Odessa, will have charge of the anniversary services in Eldorado United Church next Sunday. Everybody who can should hear this gifted speaker.

Miss Lilly Wright of Camden East, has returned after a week's holiday at home.

BANNOCKBURN

Miss Annie Anderson spent a few days in town last week.

Mr. William McEwen and Mr. and Mrs. Frank Chambers, visited Mr. and Mrs. Onderdonk at Rednersville on Sunday.

Miss Mary Dordon has gone to Frankford to reside with her sister.

Mr. and Mrs. W. Best of Frankford, were Sunday visitors here.

A number of men are now employed taking up the old Quinte tracks.

Mr. Earl Sandford of Oshawa, is holidaying here.

IVANHOE

During the past week the guests at the home of Mr. and Mrs. Albert Duggan were Mr. and Mrs. Joseph and Gordon Stockdale and Miss Mabel McKnight of Toronto, and Capt. J. W. Winters and his daughter, Audrey, of Winnipeg.

It is about forty years since Mr. Winters visited around here. While here he called on friends in Frankford, Stirling, Madoc Township, at the old home of his sister, the late Mrs. Robert McKnight; and at Marmora, his birthplace.

St. Mary's and her sister, Mrs. McGee of London.

Mr. and Mrs. Stanley Sandford, Mr. and Mrs. McCreary of Eldorado, spent the week-end in Prince Edward visiting Mr. and Mrs. Ves. Thomas and Mr. and Mrs. Murney Parks.

MILLBRIDGE

School reopened on Tuesday with Mr. Anderson back again as teacher. The W. A. held a dance on Wednesday evening in the Orange Hall. The attendance was very good despite the heavy rain. A. Hunter and J. Wilson provided the music.

Mrs. Joseph McCaw of Eldorado, was home for a few days visiting her parents, Mr. and Mrs. G. Davidson.

Rev. and Mrs. Brazill were calling on several of the homes on Friday.

Mr. and Mrs. Frank Morgan of Buffalo, are visiting Mr. and Mrs. J. Landon.

Mr. and Mrs. Fred Campbell and boys, also Mrs. Campbell's niece, of Toronto, called on Mr. and Mrs. Anderson on Friday night.

Mr. and Mrs. A. Reid and family were in Marmora on Thursday afternoon.

QUEENSBORO

The various public schools opened for the fall on Tuesday, with Miss Bonter in charge of Queensboro, Miss Meredith at Sager's, Miss Gawley at Moore's and Miss Kells at Pine View.

Misses Mabel and Merle Groves, Veronica and Monica Laton, Agnes and Rita Barry, Margaret Leslie and Isabel Holmes, began the High School term in Madoc last Tuesday.

Mr. and Mrs. John McCaw spent a few days last week with Miss Ida McCaw.

Messrs. C. Thompson and J. Moore were among those who took in the Toronto Exhibition last week.

Mr. and Mrs. Harry Sager, Mrs. Read and Mrs. Bulpitt of Ottawa, were week-end visitors to Queensboro.

The C. N. R. bridge at Queensboro is being demolished this week.

SCOTCH SETTLEMENT

Mr. and Mrs. Nell McGuire of Toronto, and Mrs. Embury of Madoc, were Sunday afternoon callers of Mr. and Mrs. James McGuire.

Mr. and Mrs. Russell Rodgers of Tweed, were Sunday guests at the home of the latter's parents, Mr. and Mrs. Robert Woods.

Most of our people attended the funeral of the late Mr. William Wright in Madoc on Friday of last week. Mr. Wright was a former resident of this place.

Mr. and Mrs. S. Moore of Wallbridge, were recent visitors at the home of Mr. and Mrs. Jos. Ashe.

Mr. Thomas Ashe of Madoc Township, was a visitor here one day last week.

WING BREAKS OFF; TWO DIE IN CRASH

Two persons were killed and two others injured in airplane accidents near Toronto on Sunday. Two other planes landed with difficulty as fog and rain shrouded this section of Ontario.

Ronald Brooksbank, 21, of Coniston, Ont., and Maurice Welsh, 22, of Toronto, were killed when a wing of their plane came off and their ship crashed near Richmond Hill, 16 miles from Toronto.

No one knew what caused the wing to part from the plane. Officials of the Transport Company that owned the ship said it was in perfect condition. Police and Coroner were continuing their investigations Monday.

Welsh, who held a commercial pilot's license, went up for a flight with his friend. He had hoped to put in his 100th hour in Sunday's flight.

Charles K. Berry and Edgar J. Labelle were injured when the plane owned and flown by Berry crashed in a field near Streetsville, 25 miles west of Toronto. Flying back from an air meet at Buffalo they lost their bearings in fog and rain. Berry, unable to find a safe landing place, "sat down in the farm of John Harper. Labelle suffered a fracture of one leg, a fractured hip, a broken nose and possible fracture of the skull. Berry was badly cut and bruised but was released from hospital later.

Two other planes flying back from Buffalo nearly got into difficulties. Chas. Flack and Harry W. W. Rowe attempted on two occasions to reach Toronto. Failing to reach the city they flew back to Hamilton and landed safely.

CANADIAN CANNED APPLES GROWING MORE POPULAR

Canada increased her share of the canned apple trade of the United Kingdom by 28.5 per cent for the first six months of 1935, as compared with the same period last year, 51,829 cases being imported during the 1935 period, or 32 per cent of the total imports. A like improvement is recorded with regard to canned pears. Peaches and cherries were off while loganberries declined nearly one-third, the United States showing an increase of 209.4 per cent. The decline in Canadian shipments of logan berries is probably due to short crop in British Columbia. The use of canned apples in Britain is rapidly replacing the evaporated variety in the bakery trade.

SHEEP AND WOOL INDUSTRY OF AUSTRALIA COMMENCED IN 1820

The sheep and wool industry of Australia commenced in 1820, after the coastal ranges had been crossed. At that time there were 150,000 sheep in Australia. Today there are 112,926,931, representing 16 per cent of the world's sheep. Australia produces 25 per cent of the world's wool. The Commonwealth's prominent position in the sheep and wool trade is due to the peculiar suitability of the soil in raising sheep, indigenous grasses and equable climate, also to the good foundation laid by the pioneers of the industry and the great attention which has been paid to breeding. There are in Australia 89,000 wool growers. There was an increase in the total number of bales of wool sold at the close of Sydney wool-selling season this year of 12.06 per cent over last season, this season totalling 1,217,166 bales. Japan was the most prominent buyer. Germany was also more prominent in the market than for some time. England, France, Italy and Belgium bought in moderate quantity.

FRED MOSSMAN ROBBED OF \$48.

Awakening to find a burglar in his bedroom, Fred Mossman, Sidney, had his life threatened early Sunday morning when the robber pointed a revolver at him and shouted, "One move and I'll plug you." The burglar then made a successful escape through a window and beat a hasty retreat with \$48.15 and some canned goods taken from the cellar.

The Provincial Police were notified and subsequently recovered about \$45.00 of the money, found strewn about the premises, where the robber had apparently dropped it in his hasty getaway.

Mr. Mossman was suddenly aroused at 3 a.m. Sunday when he heard a noise. When he sat up in bed the robber ordered him to be quiet, stating that he was armed, although Mr. Mossman could not distinguish the gun through the darkness. The matter was investigated by Provincial Constable W. McBrien, who with the aid of his flashlight discovered the money strewn along the ground where the robber had dropped it in his hasty escape. The police are still investigating. Two bottles of fruit were also found outside of the house.

Miss Elda Tufts and Miss Helen Courneyea of Tweed, spent the week-end with Mr. and Mrs. Harry Tufts and Mr. and Mrs. Robert O'Riordan, Madoc.

DEATHS OVER THE WEEK-END

Los Angeles—E. L. Doheny, 79, internationally-known oil man.

Vancouver—John Galt, 67, Steamship agent.

New York—Edward H. Coy, 47, famous Yale football captain.

Toronto—F. Murray Davis, 45, publisher of the Weekly Times.

Granby, Que.—William Thompson Brown MacDonald, 70, Maple Sugar Industrialist.

Toronto—Alexander Hay Boat, 70, former registrar of Sudbury District Surrogate and High Courts.

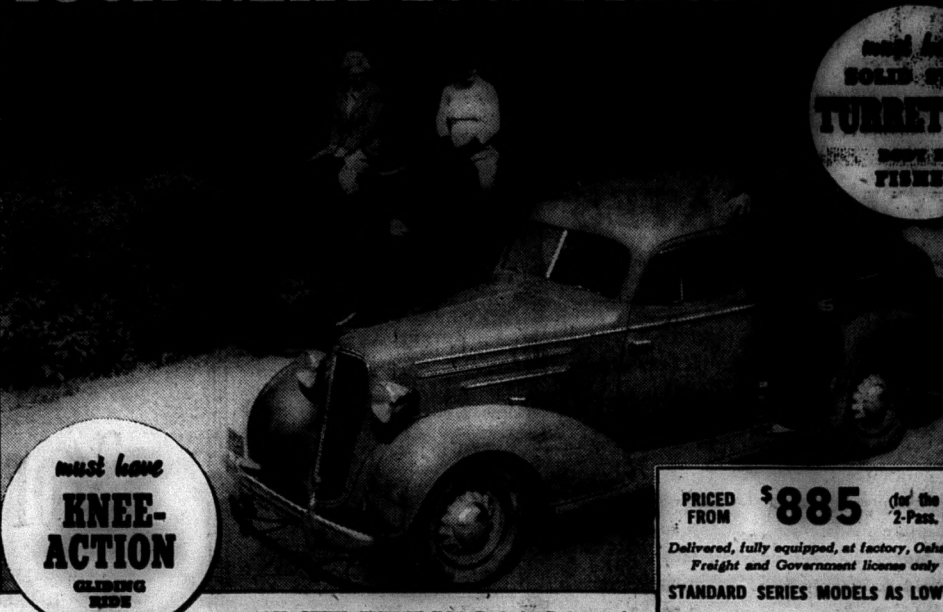

NOT A BOOTLEGGER IN RICHMOND HILL

The villagers at Richmond Hill are law-abiding people, Reeve J. Greene believes and he is proud of them. "There is not one bootlegger in Richmond Hill," he said on Monday. "I have had a special investigation made throughout the village and have been unable to find a trace of one." He admitted, however, there were a few in the adjacent territory.

WEDDINGS

MOORE-BURR
Miss Alice Burr, Madoc, daughter of Mr. and the late Mrs. J. H. Burr and Albert John Moore, of Sulphide, son of Mr. and Mrs. Albert Newton Moore, were quietly married on Thursday, September 5th, at the Log Cabin, Actinolite. Rev. Merritt Price performed the ceremony. The bride-maid was Edith Burr, while Harry Moore of Sulphide, supported the groom. The young couple will reside at Sulphide.

REV. A. H. FOSTER DIES AT LINDSAY

Word was received in Madoc on Saturday announcing the death at Lindsay on Friday night of the Rev. A. H. Foster, who was a pastor of Trinity United Church eight years ago.

The late Mr. Foster had been stationed at Sandwich, Ont., and was on a visit to friends at Lindsay.

Surviving him is his wife, formerly Miss Ethel M. Haggerty of Cherry Valley.

The funeral took place at Lindsay on Monday.

MISCELLANEOUS SHOWER

On Friday evening a large number of Rawdon people gathered at the home of Mrs. T. Sine, Rawdon, and tendered her daughter, Mildred, and husband, a miscellaneous shower.

Mrs. Cadden delighted with two vocal solos and Mr. William Rummals contributed several harmonica selections. The bride received many lovely gifts.

On Monday evening Mr. and John Grilla (nee Mildred Sine) were given another miscellaneous shower by their friends. The event was held in their future home at Carmel, and a large number of friends attended from Seymour and Rawdon. The newlyweds received a lovely assortment of beautiful gifts.

After a short program and lunch the evening was spent in tripping the light fantastic.

PRESENTATIONS TO C. G. I. T. GIRLS

On Saturday afternoon the Senior C. G. I. T. Girls and Mr. Laug's Sunday School class were royally entertained by Mr. and Mrs. George Laug at their cottage, Moira Lake.

The afternoon was spent in games and in the evening supper and a marshmallow roast were held on the beach. During the supper hour Miss Grace Garrett in an impromptu address presented Miss Aileen Kelly, Miss Violet Akey and Miss Ivah Spencer with C. G. I. T. pins. Miss Aileen Kelly is taking up her studies in Toronto University. Miss Violet Akey will enter Toronto General Hospital as nurse-in-training and Miss Ivah Spencer will attend Normal School at Peterboro. A hearty vote of thanks was tendered the host and hostess.

BEE STINGS TONGUE OF LITTLE GIRL LICKING LOLLYPOP

Strangest accident of the year occurred at the Western Fair grounds, London, on Friday. As a little girl extended her tongue to enjoy a lollypop, a bee alighted and injected its sting. She was treated by St. John's Ambulance Association.

Sager-Moorcroft—That Toronto Hospital for Incurables be paid per W. Hunter \$14.00. Carried.

Miller-Gawley—That the County of Hastings be paid \$43.75 per Mrs. M. McMoran (sister). Carried.

Miller-Sager—That Earl Burns be paid \$7.00 in salary. Carried.

Moorcroft—That James A. Nade be paid \$5.00 for taking a Gunyout to Belleville. Carried.

Sager-Moorcroft—That Council go into committee of the whole on By-laws, with the keeve in the chair. Carried.

A by-law setting the tax rates for 1935 was introduced and finally passed.

Council resumed.

Miller-Moorcroft—That Council adjourn to meet on Monday, September 23rd at one o'clock. Carried.

Earl Burnside, Clerk.

WEDDINGS

ARMSTRONG-REID
A pretty early autumn wedding was quietly solemnized at the United Church at West Huntingdon at two o'clock on Monday, September 16th, when the Rev. H. A. Turner, the pastor, united in marriage Frances Christina, only daughter of Mr. and Mrs. Melville Reid, of West Huntingdon, and Charles Franklin Armstrong, son of Mrs. Armstrong and the late Mr. C. Armstrong of Glen Ross. The only attendants were Mr. and Mrs. Jack Armstrong of Glen Ross.

The bride and groom left on a motor trip to Toronto, Niagara Falls and Buffalo, the bride travelling in a frock of navy blue Metlasse crepe trimmed with polka dot, navy felt hat and accessories and grey coat. Upon their return they will reside at Glen Ross.

BRITAIN STAGES BIGGEST SHAM WAR

The biggest British army manoeuvres since the Great War opens in Hampshire today under the personal direction of Sir Archibald J. Montgomery Massingberd, Chief of the General Staff.

Fifty thousand men, 300 tanks, several cavalry brigades, and squadrons of planes from every military district will be represented in the battle zone of 100 square miles.

The plan of General Massingberd approximates closely one of the outstanding engagements of the late war making a nearer approach to actual warfare than in any manoeuvres since the Armistice.

WEDDING OF PRINCE IN LATE NOVEMBER

The wedding of the Duke of Gloucester, third son of the King, to Lady Alice Montagu-Douglas-Scott, will take place during the last week in November, it is understood in court circles.

According to the Star, the King and Queen will confer with court officials after their return from Balmoral Castle, their summer residence, with a view to setting the exact date.

MISCELLANEOUS SHOWER

A delightful miscellaneous shower was held at the home of Mr. and Mrs. Russell Lewis on Wednesday evening last, in honour of Mr. and Mrs. John Fleming (nee Helen Ruth Lewis).

The evening was spent in dancing after which to the strains of the wedding march, played by Miss Rita Lahey, the bride and groom entered the room followed by Grant Lewis carrying a basket decorated in white with cut flowers and overflowing with gifts. They took their stand under a lamp of confetti. Miss Mary McCoy read the following address:

Madoc, Ont., Sept. 11, 1935.

To Mr. and Mrs. John Fleming.

Dear John and Helen:

It gives us, your friends and neighbors, gladness to be able to congratulate you on this, the beginning of your united voyage on the sea of married life. We put forward the hope it will be a long, happy and prosperous one packed with those things which make for a fullness of life.

To you, John, we extend the glad hand of welcome and hope that you may spend many happy years together. While a number of us are not personally acquainted with you, we trust as time passes on, we will become better acquainted and our friendships will increase. We are glad to know that you have found for your life partner one who is so highly esteemed.

You, Helen, have grown from childhood in our midst, and we have always found you willing to lend a helping hand in any required assistance. We extend the glad hand and wish you every joy and happiness.

We sincerely hope you will be making your home among us, and that these gifts in the years to come may be the means of recalling pleasant memories of this gathering.

Signed on behalf of your friends and neighbours: Len Ward and Gordon Love.

The opening of the presents followed and Mr. and Mrs. Fleming thanked everyone for their thoughtfulness and gave them all a hearty invitation to visit them in their new home.

Lunch was then served and all expressed pleasure for a very pleasant evening.

INAUGURAL MEETING OF REBEKAHS

The inaugural meeting of Belleville District No. 39 met at Stirling on Tuesday afternoon at 3 p.m. Sister Jennie Morrison, Past District Deputy of Madoc, opened the meeting and received Sister Effie Bailey, District Deputy President, into office.

Sister G. Elliott of Stirling, was elected Secretary-Treasurer for the year 1935-36. Representatives were present from Belleville, Tweed, Thomassburg, Frankford, Stirling and Madoc. Sisters A. McBain, M. Stocklosar, L. Smith, J. Morrison and V. Tanner attended from Madoc.

After the business of the day was concluded a lovely supper was provided by the Stirling sisters. All the visitors stayed for Stirling's regular meeting in the evening, at the conclusion of which a dainty lunch and social hour was spent.

HASTINGS-PETERBOROUGH NOMINATIONS ON SEPTEMBER 30

With advance nominations to take place two weeks from last Monday in nearly one-third of the electoral districts, full instructions already have been issued to the various returning officers.

In 76 electoral districts these advance nominations will be held Sept. 30th. In the remaining 167 districts nominations will take place October 7th, a week from polling day.

Numbering 16, Ontario electoral districts in which advance nominations will be held on September 30 are: Algoma East, Algoma West, Cochrane, Fort William, Frontenac, Addington, Grey-Bruce, Hastings, Peterborough, Kenora-Rainy River, Muskoka-Ontario, Nipissing, Parry Sound, Port Arthur, Renfrew South, Temiskaming and Victoria.

FORMER MADOCER IS MARRIED

The following was taken from the Halifax Mail of September 5th. Mr. Harold Cross is a former citizen of Madoc and the son of Mrs. William Cross and the late William Cross of Madoc.

CROSS-FRANCIS

At St. John's Church, Fairview, this morning at 11 o'clock Miss Olive May (Myrtle) Francis, daughter of Mr. and Mrs. A. Francis of North Sydney, was united in marriage to Rev. Harold Falls Cross, rector of the church, in a ceremony which was impressive and beautiful. The little church had been prepared by the many friends of the young couple, both of whom are held in high regard. Golden glow, asparagus fern, and rich hued autumn flowers were used in profusion, making it a lovely scene for the ceremony itself, which was performed by Right Rev. John Hackenley, Bishop of Nova Scotia. The full Anglican marriage service was used, which included the communion service.

The bride made a charming picture in her gown of white satin, cut along princess lines, with which she wore a long veil with a tiny cap encircled with orange blossoms. She carried a shower bouquet of pink Madam Butterfly roses.

Miss Ada G. Francis, sister of the bride, attended as bridesmaid, wearing a frock of pale green organza with hat to match, and carrying a bouquet of sweet peas.

Little Miss Betty Marie Foster, a niece of the bride, was the dainty little flower girl, in a brief full frock of blue angel skin with a bonnet to match. She carried a little basket filled with white cosmos.

Rev. J. Franklin Rudderham, rector of the Anglican Church at Port Medway, attended the groom.

The full choir was in attendance, Miss Vera O. Coulstring, organist, playing the wedding marches. Wagner's Lohengrin being used as the processional, as the bride entered the church on the arm of her uncle, Jas. W. Francis, by whom she was given in marriage.

"The Voice that Breathed O'er Eden," "O God of Bethel," and "We Hail The Heavenly Father," were the hymns sung.

Miss Coulstring sang "O Promise Me," during the signing of the register. Mendelssohn's wedding march was used as the recessional.

Immediately following the ceremony a reception was held at the home of Mrs. Maurice Foster, the bride's sister, for immediate relatives only. The bride's mother, Mrs. Aquila Francis, who greeted the guests with her, wore a gown of burgundy crepe with radium lace with hat to harmonize.

Later Rev. and Mrs. Harold F. Cross left for a honeymoon trip to Cape Breton and other parts of the province by motor. For travelling the bride wore a suit of grey tweed with hat, shoes and accessories to match.

Upon their return they will take up residence in the attractive Hasckell bungalow, Dutch Village Road.

The host of friends of the popular young couple join in wishing them all happiness in the future.

IMPROVED OUTLOOK FOR FELT BUSINESS

Silver fox breeders in the Maritimes are looking forward to a much improved felt season this year. Letters have been good and well up to the high standard of previous years, and a recent report from one of the big fur dealers in London, England, revealed the quantity of silver fox pelts remaining on hand at the sales-room was very small, with every appearance of a likely shortage before the new season's skins arrive.

C. N. R. EARNINGS FOR WEEK OF SEPTEMBER 7

The gross revenues of the all-inclusive Canadian National Railways for the week ending September 7, 1935, were \$3,127,368, as compared with \$3,194,469, for the corresponding period of 1934, a decrease of \$67,101.

HERE AND THERE

The war to end all wars has evidently not taken place yet.

A man takes his wife for better or for worse only to find he has got her for good.—Quebec Chronicle-Telegraph.

The modern girl uses spinning wheels—four of them with rubber tires and a spare.—Regina Leader-Post.

A St. Thomas man was released from jail one day and was back the next night. We will have to do something to make our jails less attractive.—Chatham News.

An exchange says "that a lot of fellows who spout about capital and labor, never had any capital, never employed or tried to employ anyone, and never did any labour."—St. Mary's Journal-Argus.

The gift of an urn made of Canadian gold and standing 17 inches high, will be made to Her Excellency, the Countess of Beasborough, from the women of Canada before she leaves for her English home on September 25th. A bound book in royal blue covers, containing the names of those who subscribed to the gift, will also be presented to Lady Beasborough.

Economic recovery and stability are very slowly returning. Business is better; taxes and rents are being paid as they were not a year ago. No government, no idealist, no economist has been able to supply a formula for stabilizing business and increasing the buying power of the masses. More and more it becomes evident that the greatest single factor in the process of recovery must be personal thrift.

FOR THE YET UNTANNED
Whisper Star: California scientist says the sun will last for 150,000,000 years; which should be cheerful news to generations yet untanned.

TO BLUSH UNSEEN
Stratford Beacon-Herald: Another nice thing about a radio sermon is that people don't turn and stare at you when the preacher denounces your pet sin.

GOOD HEALTH
It is said that the health of man is his greatest asset.

The world often forgets that man's life does not consist of worldly goods. What matters the wealth a man has if he does not have good health to enjoy it? What matters the mines, the farms, the industries, if men do not have stout hearts and strong arms and the ability to work them and keep the old world going?

Good health is not only essential to industrial success, but for the enjoyment of life itself. Freedom from sickness and infirmity insures the condition upon which success is possible.

RUGBY AND RELIEF
The rugby season will soon be with us.

Last week some boys at an Ontario high school wanted to practise the great autumn sport. Last year's rugby balls had disappeared. The school board had decided to retrench and not purchase any new ones out of public funds. Some saw-ones were being provided out of the students' own funds but they were not available.

What happened?
A group of boys approached the athletic teacher to ask if a ball or two might not be secured from the school funds.

The rest of this column could doubtless be filled amplifying this little sidelight on a young Canadian viewpoint about the Dominion's biggest single business. Many of its implications were discussed at length in these columns last week.

Suffice to reflect how deeply its roots are sinking, when fifteen-year-old Canadian lads think relief rolls are synonymous with rugby balls.—Financial Post.

REHABILITATION SCHEME SUCCESSFUL

Despite the havoc wrought by rust in some localities, families settled under the Manitoba Rural Rehabilitation plan are maintaining a remarkably good record in the fourth year of operation of the scheme.

The Manitoba Rural Rehabilitation Commission began operations May 2, 1932. Since that time 762 families have been settled. Of these, only 44 have come back on relief, and of these 44, no less than 28 have applied for a second chance, which is in itself a pretty fair proof of the permanent attractiveness of the plan.

Fifty families have attained the "gold standard"—become entirely self-supporting. Another 250—practically one-third of the whole number—are on a partially self-supporting basis, getting along on grocery allowances of \$4 to \$5 per month, producing the rest of their subsistence themselves.

SHAVINGS

A postage stamp sticks to just one thing and succeeds.

Many a self-made man might be happier if he could blame the job on somebody else.

If you play with your money, how can you expect it to go to work?

In some cases the life of a very sick patient might be saved by showing him the biography that the minister expects to read at his funeral.

They used to beat the swords into plowshares. But now they beat the plowshares into niblicks.

A checkered career often ends in a striped suit.

The world contains an over supply of average men.

Generally the fellow who makes the most fuss about the way the elections goes did not vote.

The fool thought requires just as much time as that which turns out to be a big idea.

Love is the sweetest story ever told until somebody pulls the trap door from under you.

DO YOU KNOW

That cotton, the material from which we make our clothes, etc., now forms the basis for high explosives now used in warfare.

That newspapers, artificial silk and cellophane, all have the same parent—the wood pulp from our forest trees.

The most of our white wine vinegar is now made by trickling alcohol and water over wood shavings.

That anaesthetics were first used in 1846, the first being chloroform.

That the barbers used to be the surgeons during the middle ages.

That the diamond is the hardest material in the world but may be burned even as a piece of coal.

That the lowly milkweed could be made to yield rubber, oil, cloth, explosives, lacquers, and stock feeds.

That the skin of toad has been scientifically proven good for gout and that bee stings are good for rheumatism.

That previous to 1617 the druggist and grocer were one and the same person.

That the "fuss" in soft drinks or soda water is now made to a great extent by burning coal.

That sugar may be made from wood.

That the poison chlorine gas used in the great war was made from ordinary salt.

That a diamond, a piece of coal and a piece of graphite are chemically all skin brothers.

That dry ice is not ice at all but solidified carbon dioxide at a temperature of about 100 degrees F. below zero.

REMINISCENCES

The following items have been taken from the file copies of the Review.

FIFTY YEARS AGO

September 17, 1885

The Salvation Army of the village have on their program a banquet and baptism on October 3rd next.

A new industry has been started near Tweed to open a mica mine on the farm of Peter Courneyea who sold five acres for \$10,000.

Horse thieves are commencing operations in this village.

A number of our citizens will attend the camp meeting on the old camp grounds near Tweed.

At the village council meeting on September 5th, the levy for the current year's taxes was fixed at 19 mills on the dollar. Messrs. Samuel Rollins and Duncan McBeath were appointed fence viewers.

Harvest thanksgiving services will be held in St. John's Church with Rev. C. E. S. Ratcliffe, of Maberg, at both services on Thursday, 24th inst.

The following Madocers are in attendance at the Model School: Isabel Breakell, Maggie Breakell, Jennie Sinclair, Berta O'Hara. Thirty-six students are attending.

The officers of the 15th Battalion are arranging for a competition in rifle practice.

Mr. E. James of Bridgewater, supplied the place of Rev. Mr. Stratton on Sunday evening.

Coal is \$7.00 a ton.

The trustees of the Methodist Churches have decided to sell one of the parsonages. Rev. O. R. Lambly, District Representative, occupied the chair at the meeting.

The iron fields of Hastings County are attracting a lot of attention.

TWENTY-FIVE YEARS AGO

September 15, 1910

Glen Seymour, of Mishawaka, formerly of Madoc, rescued Carl Hogue, badly wounded, when he was run over by a launch.

On September 6th Miss Lily Fiddlen was united in marriage to Mr. Hugh Empey, by Rev. C. J. Young.

A quiet wedding took place in Bowmanville on September 7th when Agnes Pearl Osborne was married to Rev. Charles Melville Wright.

A pretty wedding took place in Madoc township on September 7th, when Margaret M. Trotter became the bride of Mr. John A. Keene. The ceremony was performed by Rev. S. Trotter, brother of the bride, assisted by Rev. M. McQuade.

On September 7th Miss Gretta Ketcheson became the wife of Mr. Albert W. Kingston, of West Huntingdon. Rev. Bamforth performed the ceremony and Miss Jenny O'Hara played the wedding march.

Miss A. Allan leaves today for a six months' sojourn with friends in British Columbia.

Mr. Samuel Forrestell of Springbrook, was killed on Thursday as he was driving home from Madoc.

Mr. C. J. Smith, who took third prize in the standing grain crop competition in oats was awarded fourth prize for the oats at Toronto Exhibition.

Col. Orr has returned from the great Exhibition and leaves this month for the West.

Miss Lily Dale and the Misses Aylesworth have returned to Whitby College.

Mr. and Mrs. Charles Smith of Crookston, are leaving for their new home in Campbellford.

FIFTEEN YEARS AGO

September 16, 1920

Miss Myrtle Ashe left on Tuesday to teach school at Combermere.

On September 8th at Weslemlenok the two daughters of Mrs. Harvey Guntar, Grace Irene McCrae and Cora Lee McCrae, were married to Norman D. Sleeper and M. Clayton Appleby respectively by Rev. Clark.

A delightful time was spent at St. Peter's Church on Wednesday evening in the celebration of the 35th anniversary of the ordination of Rev. Dr. W. S. MacTavish.

A very impressive service was held in Uxbridge when Rev. B. D. Armstrong was designated as a missionary to South China. After the service Mrs. Armstrong (nee Miss McBeath) was presented with a life membership by the Mission Band of St. Peter's, Madoc, and a purse from the W. M. S. of Madoc.

Rev. J. S. Mackay and Mrs. Mackay, returned missionaries from India, are in Toronto hospital at present undergoing operations.

The social held on Moses Bruyeau's lawn on Wednesday was the most successful of the kind that has been held by St. Henry's congregation in Queensboro.

The following are attending Peterboro Normal School: A. Harston, K. Laffan, M. McGhee, M. MacKenzie, M. Higgs, L. Sharpe, E. Harris, and J. Blair.

REV. D. C. HILL, B. D.,

NEW MODERATOR

The Presbytery of Kingston of the Presbyterian Church of Canada met in St. Andrew's Church, Belleville, on Tuesday, September 10th, with the Moderator, the Rev. A. G. Cameron, D.D., presiding and the Rev. R. J. Craig, D.D., officiating as clerk.

After devotional exercises the retiring Moderator, Dr. Cameron, having made reference to his term of office, and the work relating thereto, called for nominations for a successor. Several members of the court testified regarding the efficient and pleasant manner in which Dr. Cameron performed his duties during the official year.

The Rev. D. C. Hill, B.D., minister of the Foxboro-Roslin charge, was the unanimous choice of the court for the ensuing year. Mr. Hill, upon having been duly elected, in accepting office, thanked the court and made suitable reference to the responsibilities relating thereto and solicited the assistance of members.

Mr. H. L. VanCleaf of Picton, was re-elected equalizing elder and Mr. A. W. McLean representative elder, for St. Andrew's, Kingston, as successor to Mr. Diac.

Impressions of commissioners to the last General Assembly were given. Rev. Dr. Stephen spoke of the optimistic note evident at this, the highest court of the church. He stated that even representatives from the distressed fields of the West were hopeful. The Moderator, the Rev. D. T. L. McKerrill, proved a most efficient chairman and one who succeeded in creating a very happy and genial spirit throughout the assembly.

Dr. Stephen laid special emphasis on the success of the "Jubilee" service, and commented most favorably on the address of the venerable clerk of Kingston, who was the only commissioner at the Union of 1875. Other addresses deserving special mention were one delivered by the minister of Battleford Presbyterian Church who dealt with the contribution the church made to the Great West and one by Dr. Donald who spoke of the contribution the Presbyterian Church in Canada made to the Presbyterian Church throughout the world.

Rev. C. E. Kidd, another commissioner, corroborated the former speakers' remarks, and eulogized the report on finances of the church given by Mr. Dutton, which signified the possibility of clearing off the budget deficit by the end of the church year. Much credit was ascribed to the retiring Moderator of the Assembly, Rev. J. S. Shortt, D.D., for the fraternal spirit fostered in connection with the aftermath of the division of 1925. The Presbytery of Kingston was given special prominence in the general affairs of the Assembly.

The Clerk reported that the Rev. J. C. Evans, a former student of Queen's, was received to the status of minister in regular standing in the church and Presbytery ordered his name placed on the appendix to the roll of ministers. Mr. Evans is now serving as stated supply in Indian Head.

Mr. Jackson, student missionary, who rendered a very acceptable service in Nanapanee, during the summer, was tendered a glowing eulogy and was assured he leaves the bounds of Presbytery with the court's best wishes for future success in the work of the church.

Rev. S. M. Scott of Picton, presented to the court the report of Sunday Schools and Young People's Societies. Emphasis was laid on the importance of the Cradle Roll and of the Home Departments, Scripture memorization and the memorization of the shorter catechism; systematic giving to budget (missions), that Presbytery recommended to Synod the establishing of a summer camp for young people in the eastern section of the Province; the adequate representation by delegates to all S. S. and Y. P. S. rallies within the Presbytery, and to send representatives to the annual Provincial rally to be held in Galt in October of this year, that increased attention be given to teen age boys, and that Rev. Harold Reid, B.D., be appointed to have this work in charge.

Rev. C. E. Kidd of Gananoque, presented the budget report, which showed that satisfactory progress was being made in respect to that fund.

A motion was passed to the effect that a committee be appointed to prepare a program for topics for united prayer, to be used within the bounds of Presbytery with reference to securing a world plan.

Presbytery will hold its next ordinary meeting in this same place early in December next.

And maybe if you could see them for breach of election promises, there wouldn't be so many political candidates with their hats in the ring.

WEDDINGS

PHILLIPS-BENEDICT

An interesting wedding took place at the home of the bride on Saturday afternoon, September 7th, when Martha Elizabeth, daughter of Mr. and Mrs. F. Benedict, Foxboro Road, became the bride of Mr. William James Phillips of Belleville, son of Mr. and Mrs. J. Phillips, Morganstown. Rev. W. R. Merrick officiated.

Gladioli, ferns and foliages decorated the rooms. The bride, who was given in marriage by her father, wore a beautiful gown of white Viennese satin with train. She wore a long veil of silk net, fashioned in cap effect with orange blossoms and her bouquet was of Sweetheart roses, Gypsophila and showers of larkspur.

Miss Marjorie Park of Trenton, cousin of the bride, as flower girl, was the only attendant. She wore blue organdy and carried a basket of roses and larkspur.

Wedding music was played by Mr. S. Alec Gordon and during the signing of the register, Miss Anne Brown sang.

Mrs. Benedict, mother of the bride, wore navy blue and white with corsage of Sweetheart roses, while Mrs. Phillips, mother of the groom, was attired in black chiffon with corsage of Johanna Hill roses.

Buffet luncheon was served after the ceremony. The tea table with its lace cloth was centred with a wedding cake, bouquets of Sweetheart roses and pink tapers. Mrs. Harold Arnott and Mrs. Grant Phillips poured the tea. Miss Anne Brown, Mrs. A. Wannamaker, Mrs. J. Bush, Mrs. F. Park and Miss Muriel Park, served.

The bride and groom left on a wedding trip to Ottawa, Montreal, Syracuse and Buffalo. The bride wore for travelling a Spanish tile sheer wool crepe dress with brown accessories and brown tweed sport coat with collar. Upon their return they will reside at 58 Cedar street, Belleville. Guests were present at the ceremony from Morganstown, Castleton, Trenton and Ormsby.

REAL RECOVERY SEEN IN BRITAIN

Morley Smith, President of Dominion Stores Limited, who has just returned from a motor trip of several weeks throughout England and Scotland, observing chain store operations there, is very enthusiastic about the evidence of genuine and sustained recovery he saw in the Old Land.

While a number of depressed areas still persist, states Mr. Smith, such as the Manchester area, the Newcastle-on-Tyne area and some others, the greater part of the staunch old island appears well on its way back to a well-based and well-deserved prosperity.

Business in London is good, Mr. Smith said. The South of England is, on the whole, quite prosperous. Scotland is swinging back into more comfortable times. The motor industry is having a magnificent year. Almost everywhere one goes, hundreds of new and modern houses are in evidence, built or being built.

It takes a Canadian very proud of his British ancestry, said Mr. Smith, to see how the British people, stubbornly refusing defeat and making heavy sacrifices to balance budgets and to recapture business, are steadily regaining their prosperity. They are overcoming the depression, not by any artificial or spectacular methods, but by the application of common sense combined with their steady temperaments, their business integrity and their indomitable "will to win."

Great changes have been made and are in progress in Great Britain, concluded Mr. Smith, but their people recognize the wisdom of gradual evolutionary methods in preference to hazardous revolutionary panaceas.

BULLET LODGED IN SHOULDER

Arthur Gilroy, 23 years old, of Shannonville, was taken to the Belleville General Hospital, with a bullet wound in his chest recently.

The wounded youth was attended by Dr. G. S. Stobie, who reported his condition as favourable. Young Gilroy was found lying on the floor in his bedroom at his home, two miles north of Shannonville about 4.30 p.m. by his parents, after a rifle shot had been heard. The bullet is lodged in his shoulder blade, Dr. Stobie announced. The matter had not been reported to police at an early hour in the morning.

After the matter had been reported to the Provincial Police, Sergeant H. Thompson and Constable J. Kelly investigated and learned that young Gilroy had borrowed the .22 rifle from a neighbour, Thomas Blatherwick, stating he was going hunting. Later Gilroy was found by his parents lying on the floor of his bedroom, the rifle alongside of him and containing one empty cartridge.

NEWS AND INFORMATION FOR THE BUSY FARMER

(Furnished by the Ontario Department of Agriculture)

Swede Roots for Seed

Swede roots for seed may be stored either in outside pits or in a dark, well ventilated cellar, free from frost, yet sufficiently cool to keep them from sprouting too early in the spring. When the roots are pulled the tops should be cut off about an inch to an inch and a half from the crown.

A Good Time To Raise a Foal

According to the Dominion Animal Husbandman there is at present a definite scarcity of good, fresh, young horses for farm and city work and an increasing demand for them at fairly remunerative and generally increasing prices. Since it takes four or five years to breed, raise and develop a horse to marketable age, it will be some time before the demand can be satisfied, therefore present prices may be expected to hold or even improve for a number of years. It would seem, therefore, that it would be a profitable venture for any farmer who has a reasonably good draft brood mare, that he can spare from heavy work, to breed her and raise a foal.

Cheese Board Order

The local board hereby orders that all cheese manufactured by the following factories shall be sold through the medium of an organized cheese board: Registered numbers 840, 871, 628, 708, 1188, 763, 591, 998, 1393, 883, 872, 320, 706, 528, 922, 91, 737, 996. And further, that the South Leeds Cheese Patrons' Association is hereby designated as the agency through which all cheese from the aforesaid factories shall be marketed. Factories are exempt from this order during any period in which they are making a special type of cheese, such as High Coloured, Washed Curd, Triplets, Twins or any cheese made on special order which is other than the regular export type. This order to become effective on and after August 31, 1935.

Potatoes as Stock Feed

When the true value of potatoes as feed for live stock and poultry is realized, much larger quantities than at present employed will be used. With high prices for stock and poultry feeds and a surplus of potatoes in Eastern Canada, stock raisers near the plentiful supplies of potatoes have a good opportunity to reduce their feed bills by feeding potatoes. Other countries make much use of potatoes as stock-feed. In Germany, for instance, only 30 per cent of the total potato crop is used for table purposes, and approximately 40 per cent for stock feeding. On the other hand, in Canada 64.5 per cent of the crop finds its way to the table and only about 11 per cent for stock feeding. Stock raisers would be well advised to inform themselves on the proper methods of feeding potatoes in the ration to ensure the best results. In brief, potatoes are in fact "watered" carbohydrate concentrates. They may be used, therefore, as a substitute for barley and corn, as in the rations of pigs in which case it is important to bear in mind that four pounds of potatoes are equal to one pound of cereal meal.

Outworm Control

Although the farmer knows much about the matter, the amateur gardener little suspects that long before he sows his highly-prized seeds an enemy has been waiting in preparation for immediate assault. This is the cutworm which attacks all kinds and conditions of plants, and so far as agriculture is concerned, is such a menace that each year the Dominion and Provincial Departments of Agriculture publish the latest intelligence on the most effective means of counteracting the ravages of this destructive pest. Bran bait has given most effective control for many years and it is made up as follows: bran 20 pounds, Paris green 1-2 pound, molasses 1 quart, and water about 2 1-2 gallons. In making the bait, the dry ingredients should be mixed thoroughly first. The molasses is then stirred into the water and this solution added to the bran and Paris green. In mixing the bait only enough water should be added to reduce the material to the consistency of wet sawdust. The mixture must not be made sloppy but should be so that it will crumble in the hands and slip through the fingers easily. Land that was heavily infested last year should be treated before the plants are set out. This is done by broadcasting the bait at the rate of 15-20 pounds per acre a few nights before transplanting. The bait should be spread in the evenings just before dusk, and, if possible, on a still warm night.

Assistance for Sheep Industry

Ontario sheep breeders and sheep raisers are again to have the benefits of the Ram Grading and Ram Premium Policies. The Dominion Government realizing the importance of a continuous policy in the production and use of good rams are providing liberal assistance so that farmers may buy good rams with confidence at a reasonable cost to the purchaser. The government is anxious that purebred breeders of sheep should continue to improve the purebred flocks so that better quality rams and ewes may be produced. Furthermore, it is hoped that as a result of the use of graded rams on grade flocks throughout the province, the quality of market lambs will show a marked improvement.

All purebred breeders will be given an opportunity to make application for the Ram Grading Service and the premium which will be paid on graded rams will be as follows:

On the Purchase of	Bonus Payable By Dominion Department of Agriculture
XX Ram Lamb	\$4.00
XX Yearling Ram	6.00
XXX Ram Lamb	6.00
XXX Yearling Ram	10.00

These premiums apply only on rams officially graded under the Federal Ram Grading Policy in 1935.

Applications for Ram Grading should be mailed to James Telfer, Paris, Ont.

Housing Farm Equipment

Want of care of farm equipment causes heavy inroads into the operating costs of a farm, and the fact is not always appreciated that a machine should not be left out in a field or shed unless properly protected at all times from the effects of weather. It is not always feasible to afford this sort of protection to machinery on a farm, but a great deal more can be done to prevent deterioration than is sometimes the case. Machinery requires suitable housing all the year around, if the overhead is to be kept in check, although often in the exigencies of farming this is not always an easy matter. In the absence of proper protection from the weather, rust and decay play havoc with the various parts, and careful farmers make it a rule to get their machines under cover as soon as possible. These farmers know that stabling for machinery is as necessary as for the livestock. Besides building inexpensive but efficient sheds for their machines, they make it a rule to inspect each machine every day to see that the bearings have been properly oiled, that the nuts are tight, and the working parts are in alignment and working smoothly. These precautions have saved money, prevented loss through delay, and obviated exasperation and worry. The present day machine-worked farm really requires to be equipped with a forge, an anvil, a stock of dies, a drill, a tool grinder, and sets of hammers, wrenches, punches and chisels, not to mention a supply of stock repairs for replacement of parts.

FARM GIRL SEIZES BULL BY RING, SAVES BROTHER

Farmers of the Macleod, Alta., district praised the bravery of Marie Hunt, young farm girl, who seized an enraged bull by its nose ring and pulled the animal from a vicious attack on her 12-year-old brother Percy.

The lad, who suffered a punctured lung, when one of the bull's horns passed between his ribs and other injuries, is progressing favourably in hospital. The bull attacked the boy as he was driving a herd of cattle to water. The animal first attacked a dog, and then turned on the boy.

OLD CHAIR FOR \$1. YIELDS \$840 IN CASH AND WATCH

J. A. Blades of Vienna, Md., paid \$1.00 for a chair at a used furniture store in Salisbury, two weeks ago and now exhibits \$840 in cash and a gold watch as dividends on his investment. When he removed the old tapestry to re-upholster the chair Blades found the money and watch packed in the cushion.

BICYCLE REVIVAL KEEPS BRITISH MAKERS BUSY

The revival of bicycling which has taken place is bringing about increased activity among bicycle manufacturers in Britain. Touring and tandem models seem to be those greatest in demand.

BELLEVILLE MARKET SATURDAY

Potato prices rose sharply on the Belleville market on Saturday, from 20c a peck the previous week to 25c a peck and \$1.25 per bag last Saturday on reports of scarcity. Eggs also showed an advance in price, 28c and 30c being asked for No. 1 and 18c for pullet eggs.

A feature of the market, which was one of the largest held in Belleville for some time, was the display made of fruit, especially peaches and melons. Prices were on the whole reasonable. No. 1 Crawford peaches sold at 50c and 60c per basket, according to size, while No. 2 sold at 40c per basket. Musk and watermelons ranged in price from 5c to 15c according to size.

During the week the hog market showed a slight increase in price, live hogs being quoted at 9c per cwt. and dressed hogs \$12.50 per cwt.

Dressed poultry was offered for sale in considerable quantities and was fairly reasonable in price. Chickens ranged from 60c to \$1. each and broilers about 60c a pair. A few ducks were offered for sale and retailed at 75c each.

In the interior of the market building home cooking was prominently displayed with many buyers. Prices were reasonable.

No changes were reported in the grain or hide market.

Quotations were as follows: dressed hogs, cwt., \$12.50; live hogs, cwt., \$9.00; butter, lb., 25c; eggs, No. 1, doz., 28c to 30c; pullet eggs, dozen, 17c to 18c; chickens, 65c to \$1.00; broilers, pair, 50c to 70c; ducks, 75c; onions, peck, 40c; carrots, peck, 30c; parsnips, peck, 30c; turnips, peck, 30c; beets, peck, 25c; tomatoes, bu., 50c to 55c; lettuce, bunch, 5c; potatoes, peck, 25c; new cabbage, each, 5c to 10c; sweet corn, doz., 10c to 12c.

Prices in fish were as follows: lake salmon, lb., 18c; white fish, lb., 17c; mud cats, 2 lbs. for 25c.

Prices on fruit were as follows: huckleberries, quart, 20c; wild grapes, basket, 35c; musk melons, 5c, 10c and 15c; watermelons, 5c, 10c and 15c; pears, basket, 80c to 85c; plums, basket, 40c to 85c; peaches, basket, 45c to 60c; green gages, basket, 50c to 60c.

THIEVES GET

\$1,000 IN LOOT

Burglars, who have been making a drive on men's furnishings stores throughout Central Ontario during the last few weeks, invaded Prince Edward County on Thursday night and broke into Ern Ward's haberdashery store, taking money and goods estimated to be worth \$1,000.

It is believed Mr. Ward disturbed the intruders at their work when about 1 o'clock he entered the store to turn off the window lights. Piles of men's clothing were found at the top of the cellar steps ready to be placed in a waiting automobile.

Entry to the premises was made by forcing a rear outside cellar door. The car was backed close to the entrance and overcoats, suits, shirts and men's accessories loaded. The safe was unlocked and \$50. in cash some stock certificates and a loaded revolver taken.

Pictou, Belleville, and Provincial Police were called. All bridges and ferries leading to the mainland were notified, but no clue as has yet been discovered.

This was the second burglary of the day, as a summer cottage occupied by Robert Jamieson was looted of clothing, a radio and linen during the afternoon.

A blowing adder snake was killed last week by Mrs. Norman Cooper on the north-west side of Crowe Lake. Mr. and Mrs. Cooper and Mrs. O'Brien were coming out of the berry patch when the snake, which was in the path, jumped at Mrs. Cooper. She hit the snake with a club and it bit a piece out of the stick but she finally managed to kill it. The snake was 5 1-2 feet long and 5 inches through. It was dark blue on the back and light blue on the belly with black streaks running down from its head.

SOUND ADVICE !

You have certain living expenses—rent, food, clothing, light, and other necessities. You save money every week so that these bills can be paid at the first of every month. Whatever else you buy must come from surplus savings, over and above those set apart to cover living costs. To make those savings buy the utmost value for the money is the essence of true economy.

Save to buy — then buy to save. Know what you need to buy before going to the store. Know what you can afford to pay before you start out to make a purchase. This is the one sure way to get the most for your money.

Make it a habit to

Read the Advertisements

in The Review every week. By doing so you will learn where to buy the things you need and where your dollar will buy the greatest value. The advertisements will show you where to purchase better food, better clothes, and yet save you money. They will help you live better and enjoy the good things of life.

They Help You To Buy In Order To Save

PRESENTATIONS

On Thursday evening nearly two hundred relatives and friends including the surrounding neighbourhood, and also from Burnbrae, Campbellford, Springbrook, Bethel, Stirling, Mount Pleasant and nearby points, gathered at the spacious home of Mr. and Mrs. John Rainie, "Rainimede Farm," and tendered them a miscellaneous shower.

Rev. James E. Beckel took charge of the program and several entertaining numbers were given. Readings were given by Miss Grace Dayman, Miss Dorothy Hinds and Miss Priscilla Cook, vocal solos were contributed by Miss Leatha Hoover, Mrs. Harold Elliott, Bethel and Master Bobby Elliott of Bethel.

Two vocal duets were rendered by Misses Bernice and Dorothy Dunham and Misses Mildred and Annie Elliott.

Miss Lucille Dracup read the following address in rhyme to the newlyweds:

Wellman's, Sept. 12, 1935.

Dear Lillie and John:

We have gathered together one and all,

To bring you our wishes true,
For a long life of happiness,
With sorrows very few.

We hope you live in wedded bliss
Right here for many years,
And John, remember, often a kiss
Will dry a woman's tears.

Lillie, we know, will be faithful and good,

A helpmate in every way,
And remember Lillie, wholesome food,
Often helps to save the day.

Just bear in mind our timely hints
They are tested, tried and true,
And we know you will often thank us
For the interest we took in you.

We will all come back from time to time,

To see you in your home
To eat a bite, to sing awhile,
Perhaps to chatter some.

And now we'll end our little rhyme,
With wishes all sincere
We hope you'll like your presents
And can use each one with cheer.

Signed on behalf of Wellman's
community: Carlyn Johnson, Lillian

BEAT TWO ROBBERS
NOW WEDS GIRL

Last June two robbers attacked William G. Kendall and Jessie Hodges, seated in a parked automobile, and Kendall personally whipped them both, took away their gun and held them for police. Miss Hodges, it was learned on Friday, married her hero.

It was Mr. and Mrs. Kendall, wedded only Friday, who appeared in police court to testify against their assailants, Victor and Fred Harrington, of Weston, Ont., charged with attempting to rob the two who were found guilty and remanded five days for sentence.

RAISE HYDRO OUTPUT,
MINES TO TAKE POWER

Ontario Hydro Commissioner Roebuck confirmed reports on Saturday that the Commission would double its output at the Rat River plans in the Northern Patricia district.

The announcement followed a conference at which the Pickle Crow and Central Patricia mining interests agreed to take a minimum of 200 horsepower each, at \$65 per horsepower. Under the terms of the agreement, the rate is to be scaled down as consumption is increased.

20 YEAR OLD YOUTH
TAKEN WITH PARALYSIS

A 20-year-old youth in East York contracted infantile paralysis during the week-end to bring the total of non-resident cases to seven, the Toronto Department of Health said on Monday. There are 24 resident cases.

Two fruit packing houses near Vernon, B. C., were laid waste by a week-end fire that caused damage estimated at \$25,000. Police said they believed both fires were incendiary.

McGee, Hazel Heagle, Lucille Dracup, John and Lillie both suitably replied thanking their friends for the lovely gifts and inviting one and all to visit them.

The parcels, when opened revealed a lovely array of beautiful gifts, showing the esteem of the newlyweds.

All enjoyed a delicious lunch at the close and a social half hour of fellowship together.

ROBERT S. BELSHAW
DIES AT AGE OF 69
AT RAWDON HOME

Following a month's illness there passed away at his home on the first concession of Rawdon township on Friday, September 13th, Robert Samuel Belshaw, in his 70th year. The deceased was apparently recovering from his recent illness, suffered a relapse on Thursday night and passed away early Friday morning.

The late Mr. Belshaw, who was well known throughout the district, was born on the 4th concession of Rawdon township, a son of the late Mr. James and Mary (Buttiner) Belshaw. He resided on the 4th concession of Rawdon until the year 1901 when he and his family moved to their farm just north of the village of Stirling. For many years, a faithful member of St. John's Anglican Church, possessed of a kindly, cheerful disposition, deceased was held in high esteem by a wide circle of friends and his passing is deeply regretted by the entire community.

Left to mourn his passing are one daughter, Miss Pearl, at home, and two sons, J. Robert Belshaw, of Campbellford, and Roy Belshaw, of Belleville. There are also two brothers, Mr. George Belshaw and Mr. Buttiner Belshaw, of Stirling, and one sister, Mrs. Charles Mumby, of Harold. His wife predeceased him a few years ago.

The funeral took place on Sunday afternoon, September 15th, at 2 p.m. from the home to St. John's Anglican Church, Stirling, where service was conducted by the rector of the parish, Rev. A. S. McConnell, L.Th. Interment was made in Stirling cemetery. Mrs. G. C. Moon and Mrs. R. Clark are nieces of the deceased and Mr. Robert Comerford is a nephew.

TEAR GAS FOR JOBLESS

Clouds of tear gas poured from armoured cars, on Friday dispersed a milling crowd of unemployed in the latest flare-up of labor trouble which brought death to two persons and injuries to thirty others at Minneapolis last week.

One man, Victor Leeds, music teacher for the relief administration, was treated for gas-bomb burns at general hospital.

The police onset came when some 500 demonstrators, demanding a 35 per cent increase in relief allowances, moved on the City Hall after two hours of parading.

Police ordered the demonstrators to disperse. Shouted demands for release of one of their leaders taken into custody earlier in the day were the unemployed's answer.

As the police advanced, the armoured cars moved simultaneously, firing bursts of tear gas into the throng. For a time the demonstrators stood fast. Gradually the clouds of gas became too much for them, and a slow retreat, which quickly developed into a rout, ensued.

DIONNE QUINTS
GOING INTO MOVIES,
PARAMOUNT SAYS

Executives at Paramount Studios at Hollywood state negotiations to put the Dionne quintuplets in the movies "are practically complete."

They are so near to a successful conclusion, it was stated, two complete camera crews have been assembled and are ready to fly to Canada to begin work.

The famous sisters have been sought for a sequence in the Harold Lloyd comedy, "The Milky Way," story of a milkman. Steps to obtain permission from the Ontario Government for their film appearance began more than a month ago.

FREE INOCULATIONS
FOR THURLOW CHILDREN

First immunisation from small pox, scarlet fever and diphtheria for Thurlow children will begin about the middle of September, it is announced by Dr. Walsh, Public Health Officer for Thurlow, and Dr. E. G. Kennedy of Belleville.

The inoculations which will be free to children of school and pre-school age, will be held in the various schools at a date to be announced later, it was stated by Dr. Kennedy.

The injections are free and voluntary and will be given children from the age of one year upward. Parents who wish their children treated may accompany them to the various schools, where the clinics will be held, it was pointed out.

When Mrs. Marcus Graham of Victoria, took a 22 rifle from the wall to shoot a bush rat she returned it to the kitchen table. Joseph Irving, young son, picked it up and pulled the trigger. The bullet killed his three-year-old sister, Colynne Joyce.

HUNTINGDON SCHOOL
FAIR HELD AT
IVANHOE SCHOOL

Friday, September 13th, did not dampen the enthusiasm of the school boys and girls of Huntingdon Township, although the weather was very disappointing in the early hours of the morning. At ten o'clock a large number were present at Ivanhoe public school with their annual exhibits of cattle, poultry, grain, flowers, etc.

Much credit for the great interest displayed at the rural school fairs is due to the agricultural representative, Mr. Joseph Wilson, and his capable assistants, Mr. Harry Morrow, Stirling; Mr. William Heath, Harold; Mr. John Fargey, O.A.C., Guelph; Mr. Arthur Gould, Mrs. J. Wilson and Miss Aleatha Spry, of Stirling.

There were five schools represented at the fair as follows:

S. S. 1 and 3, West Huntingdon—Mr. Charles Moran.

S. S. 2 and 5, Moira—Mr. Harold Mott; Junior Teacher, Miss Ruth Emerson.

S. S. 10, White Lake—Mr. Lorne Anderson, Junior Teacher, Miss Mabel Latta.

S. S. 8, Fuller—Mae Merriam.

S. S. 12, Ivanhoe—Miss Marian Mutton.

Great interest was shown by the older residents of Huntingdon Township in this rural school fair. Among the prominent residents who attended the fair were Mr. R. Woods, reeve of Huntingdon Township; Mr. T. Elliott, Councillor; Mr. H. Wallace, Tax Collector; Mr. Samuel Tanner, Ivanhoe, and Mr. Howard Ashley of West Huntingdon.

In viewing the various exhibits one was impressed with the excellent quality of the potatoes, roots and vegetables. In the school room the exhibits presented an attractive appearance.

Mr. A. W. McGuire, inspector, was present and assisted with some of the judging. He is very optimistic regarding the future of our boys and girls, stating that the efforts of these fairs will not be fully realized until the girls and boys become the men and women of tomorrow.

The attendance was estimated over four hundred. The Ivanhoe branch of the Women's Institute conducted a successful refreshment booth under the capable leadership of Mrs. J. C. Sills, the president.

OBITUARY

SARAH LATON

On Monday morning, September 9, there passed away at the home of her mother, Mrs. J. E. Laton, Queensboro, Sarah Laton. The deceased lady had suffered from a lengthy illness, borne with great patience and Christian fortitude, receiving the last Sacraments with great faith and resignation. Sarah, as she was known, was beloved in the community. She was most charitable in word and deed and was always an indefatigable worker for the church. She loved the beauty of God's house and the place where "His Glory dwelleth." Miss Laton will be missed by a wide circle of friends. Besides her aged mother she is survived by three sisters.

Her funeral to St. Henry's Church, Queensboro, was largely attended. Rev. Father J. V. Meagher chanted High Mass for the repose of her soul. Her late pastor, Rev. J. P. O'Riordan, was in the sanctuary and recited the prayers at the grave-side. Many from Belleville, Tweed and Madoc joined the cortege.

THRESHING OPERATIONS
DESTROY TWO BARN

Two barns, a threshing separator, 300 bushels of oats, 30 cords of wood and a quantity of hay and straw were destroyed by fire at Greenbush on Friday afternoon.

Threshing operations were in progress at the time, and a ball of fire was seen to leave the machine and enter the mow. The new straw was soon ablaze and nothing could be done to save the barn or contents. The separator could not be drawn to safety, owing to a heavy platform which had been built beside it.

The separator was owned by Frank Morden of Picton, and was not insured. The barns were owned by Edward Miller of Picton. Mr. Smith working the farm, Mr. Miller's loss is partially covered by insurance.

15 YEAR TERM GIVEN
STOLE LOAF OF BREAD

A 15-year sentence for stealing a piece of bread was given Andrew Sturgess, 38, of Vancouver, Wash., by Superior Judge John W. Wilson on Saturday.

Sturgess pleaded guilty to entering the home of Mark Drake near Twin Gates. Nothing but bread was taken. The maximum sentence was made necessary under the law because Sturgess had served a previous term.

BODY IS PIERCED
BY FORK HANDLE

Highway and other accidents claimed five lives in Ontario during the week-end.

Thomas Wolanski, 41, and Joseph Donner, 37, drowned when their motorboat upset in the Niagara River off Queenston. One fell out and in trying to climb back into the boat upset the craft and both were drowned.

Miss Julia Berry, 58, was killed when an automobile in which she was riding was struck by a train at Courtland, near Tilsonburg. Her brother, Charles, in the front seat, was not hurt.

Herbert Baker, 29, was killed at Fergus when the automobile he was driving collided with a truck. His mother, riding with him, was thrown from the car and suffered only minor injuries.

Euclide Laplante, 26, jumped from a load of hay. The handle of a pitchfork pierced his body. He died 24 hours later in an Ottawa hospital.

Fears for E. Gerow, his baby and George Weir, missing on Lake Ontario were set at rest early Tuesday when they finally made shore. Their engine became disabled off Cobourg and efforts to row ashore were hampered by a wind that carried them eight miles out into the lake.

Len Pratt, 1933 President of the Orillia Lacrosse Club, and four others went to hospital after two accidents

TOOK HIS SOUP AWAY,
SO SHOOT WAITRESS

Anger over a soup incident in a restaurant was set down by Los Angeles police on Friday as the cause of a shooting in which a waitress and a customer were wounded, the former seriously. Donald A. Rothrock, 32-year-old attorney, was held, and was said by Detective Joseph Filkins to have admitted the shooting. The officer quoted Rothrock as saying he had become provoked because his bowl of soup was removed before he was through eating.

COLORED BABY BORN
WITH TWO FRONT TEETH

The Dionne quintuplets may have attracted the attention of the world but a tiny colored baby in hospital at Owen Sound has the medical fraternity of Owen Sound in a slight daze.

The infant is the daughter of Mr. and Mrs. Edward Green of Owen Sound. The father is a cook on one of the lake boats. The cause of all the bewilderment on the part of the doctors is because the child, born Wednesday night, had two teeth at birth—with another just breaking through. Both are front teeth.

occurred near Orillia as fans were returning home from the lacrosse game at Toronto.

PRESENTATIONS

On Friday evening a large number of friends and neighbours gathered at the home of Mr. and Mrs. Melville Reid to tender to their daughter, Miss Frances, bride-to-be, a miscellaneous shower. Mr. Arthur Wilson presided over this very interesting program. Mr. John B. Hagerman of Minto, delighted the gathering with two excellent solos. Miss Margaret Fitchett, pianist for the evening, also contributed a solo. The Misses Edna Reid and Verna Foster gave a duet. Speeches were given by Mrs. Murray Reynolds of Foxboro, Rev. H. A. Turner and Mr. Phillip Carr. Mr. Carl and Harold Thompson gave some excellent harmonica selections. Mr. Lorne Wilson of Stirling, contributed some musical numbers. Miss M. Wright then read the following address:

West Huntingdon, Ont.,

September 13, 1935.

Dear Frances and Frank:

We, your friends and neighbors, have gathered here this evening for a two-fold purpose. First, to extend to you our heartiest congratulations in your having reached the second important stage of your life, namely the matrimony stage. Second, some one has wisely said that our homes are the greatest and noblest institutions of our land; you are starting a new home. Our sincere desire is that your newly founded home will embrace all the virtues that go to make an ideal home.

You've launched your craft for life, Upon the matrimonial sea, And may you both while sailing o'er Staunch craftsmen prove to be.

Should clouds arise we grant that they

With silver may be lined; But quickly vanish even those, Leaving no trace behind.

And happy may your voyage be, With sunshine all along, To brighten both your paths, and make

Your lives one grand sweet song. Now with yourselves your joys will rest,

We hope they'll not be few, When many years have rolled around, With pleasure you'll review.

The marriage vows are sacred ties, Your hearts with joy doth bind, And as each anniversary comes, Your lives be more entwined.

To you, how bright the future looms What prospects are in view, And may they all be realized, Is our best wish to you.

Your home should ever be to you The dearest spot on earth, May cares pass lightly o'er, and leave,

A cheerful fireside hearth. We wish you every happiness,

In this, your wedded life; And may your days be full of bliss As husband and as wife.

May these varied gifts ever serve to remind you of your friends at West Huntingdon and to you and your intended husband, may these few lines serve to be your guide in life.

Signed on behalf of your friends and neighbours: Gertie Rushnell, Marjorie McInroy, Vera Wilson, Mona D. Wright.

A number of Frances' girl friends assisted in unwrapping the numerous gifts, after which both Frances and Frank thanked their many friends and invited them to visit them in their new home. The rest of the evening was spent in a social time.

W. M. S. EXECUTIVE PREPARES PLANS

An executive meeting of the Women's Missionary Society was held in Bridge Street Church, Belleville, on Thursday, September 12th, with an attendance of 17.

Mrs. W. C. Haggarty of Cherry Valley, presided, and led in the morning devotions. It was regretted that Mrs. D. B. Wilson and Mrs. M. E. Knox were absent through illness. The treasurer reported \$4,850.00 remitted to branch to date. Mrs. Farnsworth said Christian Stewardship is based on "Our love of God." The 1936 allocation will be ten per cent increase in givings, membership and subscriptions to the Monthly.

A motion was passed that Mrs. Farnsworth attend the four rallies and that each section be responsible for her expenses.

Plans were made to hold a special tenth anniversary banquet and pageant in Belleville in conjunction with conference on October 23rd.

The president urged that all letters sent to auxiliary secretaries be read at the meetings as they were most important.

Mrs. Herrington urged that a special canvass for subscriptions to the Monthly be made at an early date. It was pointed out that the Missionary meetings should be planned in three parts, something for each member to do, something for her to see, by way of a poster, and something to hear.

Mrs. W. S. Gordon of Tweed, was in charge of the afternoon devotion; plans are being made to hold Circle Rallies in Trenton and Napanee. Mrs. Bailey asked all to read page 21 of the Blue Book re Mission Bands.

In view of the large amount of writing which some of the secretaries do, it was decided to purchase four hectographs, one for the press secretary, one for Christian Stewardship secretary, one for the officers of the Napanee sections and one for the officers of the Madoc section. The Prince Edward officers have one at their disposal.

Mrs. Hooper urged that every member of every auxiliary earnestly pray for world peace and said that the peace sentiment in the world today is stronger than it ever was before.

The vice-presidents told of plans for coming rallies. Mrs. F. E. Walden delighted with a solo, "More Like the Master."

The presidents of Belleville auxiliaries met in the afternoon as corresponding members of the executive and gave their plans for the pageant.

A delicious lunch was served at noon in the dining hall at Tabernacle Church.

Members present were: Mrs. S. C. Gay, Foxboro; Mrs. W. C. Haggarty, Cherry Valley; Mrs. F. L. Hooper, Napanee; Mrs. H. Froats, Belleville; Mrs. W. S. Gordon, Tweed; Mrs. F. E. Walden, Picton; Mrs. George Finlay, Napanee; Mrs. E. J. Corkill, Napanee; Mrs. E. Farnsworth, Belleville; Mrs. Raymond Fretts, Napanee; Mrs. Stanley Spafford, Trenton; Mrs. Albert Empey, Eldorado; Mrs. H. B. Herrington, Thomasburg; Mrs. Frank Daffoe, Madoc; Mrs. Percy MacMullen, Stirling, R. R. 3.

PRESENTATION AND ADDRESS

Miss Vera Wilson of West Huntingdon, was hostess at a kitchen shower on Saturday afternoon in honor of Miss Frances Reid, bride-to-be. Miss Helen Wright read the following address:

Dear Frances:

Having heard of your approaching marriage, we, the members of your Sunday School class and friends have gathered this afternoon to spend a social hour with you before you leave us to make a new home in our community. You have our heartiest congratulations for a happy and prosperous married life. You have always given your services willingly to our class whenever called upon and we can assure you we shall miss your presence among us and as a slight token of our esteem for you, we ask you to accept these gifts. May they remind you of your friends in West Huntingdon.

Signed by your Sunday School class and friends.

Many useful articles were received by the bride-to-be, who gratefully thanked her friends. A dainty lunch was then served by the hostess.

To find another bride at your wedding is a bit of a surprise. A Toronto bride was nerving herself for the walk down the aisle in the crowded church when another bride hove into sight in veil and orange blossoms. Somehow she had come to the wrong church for the ceremony.

An advertisement in The Review won't wear off in the rain.

STOLEN SAFE IS FOUND IN FIELD

Found abandoned in a thick wood five miles northeast of Oshawa, the large cash safe stolen from the Belleville Canadian Department Store on September 3rd, was recovered on Saturday, completely wrecked and its contents missing. Detective Fred Isard, accompanied by Mr. W. J. McMillan, manager of the store, journeyed to the spot where the safe was found and identified it.

The safe was found by two children it being well secluded in a thick clump of bushes on Saturday morning. The matter was reported to the Provincial Police, who in turn conveyed the information to the Belleville authorities. Upon the examination of the safe it was disclosed that the robbers had broken open the safe door by continued pounding with a large sledge hammer and cold chisel. The door had been battered from its hinges and was found lying nearby. The contents of the safe, believed to be in the neighbourhood of \$500.00 in cash and cheques, had been removed.

Local and Provincial Police link the C. D. S. robbers closely with the trio of men to hold up P. C. Thompson and also of the opinion that the same gang entered Ward's store in Picton and rifled it. On Saturday night last the general store at Harrowsmith was robbed and a considerable amount of merchandise stolen along with the cash register. Later the cash register was recovered nearly minus over seven dollars in cash. The merchandise was not recovered, however.

MEETING OF COOPER AND REMINGTON W. M. S.

The regular monthly meeting of Cooper and Remington Women's Missionary Society was held at the home of Mrs. Stanley Rollins on September 5th at 2 p.m. Mrs. O. Taylor, the president, opened the meeting with hymn No. 144, after which Mrs. H. Rollins, Jr., offered prayer. The scripture lesson was read by Mrs. W. Phillips from Matthew 15:1-19. Roll was called with 26 ladies being present and two visitors. The roll call for next month will be a proverb. The minutes of the last meeting were read and approved. Business was discussed.

A chapter of the Study Book was given by Miss Mary Taylor, hymn No. 321 was sung, after which Mrs. G. Ferguson, temperance convener, took charge of the remainder of the program. Mrs. George Harris gave a reading, "Parable on Mothers," also short readings were given by seven of the ladies present. A reading entitled "Alcohol" from a social standpoint was given by Mrs. W. R. Rollins, also one from a business standpoint by Mrs. Fitzgerald, and one from a clergyman's standpoint by Mrs. John Woods. A duet was nicely rendered by Mrs. Fred Irwin and Mrs. W. R. Rollins. A contest, "The Books of the Old Testament in Correct Order," was put on.

Hymn No. 356 was sung and Mrs. Taylor closed the meeting with prayer. Lunch was served by the hostess and her assistants.

AND NOW POOR "BOSSIE" IS BEING VITAMIZED

Most people buy things from appearance and scientific analysis does not seem to have a very great influence. This is well shown in the case of the sale of alfalfa meal in Great Britain. Colour is of first importance. Even where an analysis shows other meal to be of the highest value in food content, buyers seem to be influenced more by its appearance. Canadian alfalfa is in demand. As regards English alfalfa, a system of artificial drying has been adopted which, it is claimed, improves the quality. The process takes 35 minutes and the time consumed between cutting and packing is only an hour or two. It is said if the plant be dried immediately after cutting, the A, B, C and D Vitamin contents are retained, which is not the case where the alfalfa is left out in the field, even for short periods, before drying.

SOUTH AFRICAN FRUIT INDUSTRY FLOURISHING

Fruit is one of South Africa's up and coming industries and has made such headway that it will soon be in the position of the Union's second industry, ranking next to wool. Gold is the chief export, entirely to Great Britain. Canada is South Africa's greatest potential market for fruit, particularly citrus. Sugar and maize, however, are the two main commodities which Canada takes from South Africa. Other products are wool, perfumes, sheep skins, manganese. Canada took 36 per cent of South Africa's exports in 1934 and moved from sixth to fourth place as regards imports an increase of over 100 per cent as compared with the previous year.

BLACK OPALS COME ONLY FROM AUSTRALIA

Black opals come only from Australia, which also supplies the finest opals in the world of four recognized varieties, boulder, sandstone, seam and black. Opals are generally found in a barren country and the fields of Australia cover an area of 250 by 550 miles in the centre of the continent. The opal is a combination of silica and water and has no colouring of itself but minute cracks, or fissures, and impurities in the stone give it colour. The black variety of opal is found at Lightning Ridge, in New South Wales, Australia, and nowhere else in the world. Some very fine stones have been recovered from the Australian fields. One weighing five ounces was found in 1911, valued at about \$3,500. Three large stones were found in 1928, 790, 590 and 232 carats, respectively. Since the fields were opened, the total value in opals obtained to date amounts to roughly \$8,000,000.

GERMANY CHIEF SOURCE OF SUPPLY FOR FRANCE

Germany has ousted the United States as the chief source of supply of goods to France. The United States takes second place with Great Britain third, Belgium and Luxembourg fourth, Australia fifth, principally wool. Imports from the United States dropped over one-third for the first six months this year as compared with last. Canada rose from 17th position to 13th, and registered the greatest increase as regards any nation. Of 39 countries listed, imports from 31 decreased and only eight countries registered an increase.

HOLLAND TAKING MORE GOODS FROM CANADA

Holland took from Canada more wheat, buckwheat, oats, flour, fresh apples, undressed furs, salmon, bronze and used bags for the first six months of this year as compared with the previous six months. There was a total increase in imports from Canada as between the periods mentioned of 13.2 per cent. Principal exports from Holland to Canada in point of quantity are rope, twine and sisal; paints (dry and paste); linen and cotton rags; plants; dextrine; Canadian figures show a substantial increase in imports into Canada of goods from Holland.

WEEKLY NEWS LETTER FOR THE FARMER

Issued by the Central Experimental Farms, Ottawa, Ont.

A useful export outlet for Canadian dressed poultry has been opened up in the British West Indies. 100 boxes having gone forward during the first week of August.

Canadian consignments of both barley and oats to the United Kingdom during the first six months of 1935 were each more than double those of the corresponding period of 1934.

Canada's representative at the annual meeting of the American Veterinary Medical Association, held in Oklahoma City in August, was Dr. A. E. Cameron, Chief Veterinary Inspector, Health of Animals Branch, Dominion Department of Agriculture. He was the representative of the Dominion on the Executive Board.

Canada, the United Kingdom, France, Germany, and Austria are leading world imports of fruit. Canada does not require to import apples, but the average annual imports of other fruits into Canada from 1928-32 included 74,000 tons of bananas; 73,000 tons of oranges, 20,000 tons of dried grapes, 12,000 tons of lemons, 11,000 tons of grapes and 8,000 tons of pears.

From January to June, 1935, Canada exported 6,103,449 pounds of leaf tobacco, 5,792,951 pounds of which went to the United Kingdom; 238,400 pounds to British West Africa; 52,895 pounds to British West Indies,

OBITUARY

MRS. SYLVANUS WOOD SINE
Clara Reid, beloved wife of Sylvanus Wood Sine, of the sixth concession of Rawdon, passed away at her home on Tuesday, September 10, on her sixty-fourth birthday.

Deceased had been in ill health for some time. She leaves to mourn her sorrowing husband and one daughter, (Freida), Mrs. Earnest Broadworth of Bethel, and three grandchildren, Eva and Nathan Sine and Douglas Broadworth. One son, Percy, predeceased her a few years ago.

She also leaves to mourn two brothers, Richard Reid, Ivanhoe; Charlie Reid, Madoc; Mrs. H. Brady, Bethel, and one sister in the States.

The funeral was held on Thursday in Salem United Church, and burial took place in Sine cemetery at Chatterton.

DR. K. D. PARK

Dr. K. D. Park, a dentist of Painsville, Ohio, died suddenly at Thompson Lake, about 10 p.m. on Monday of last week from an attack of acute indigestion. He was about 55 years of age. Dr. F. Nickle, of Eldorado, coroner, was called and decided an inquest was unnecessary.

The late Dr. Park had arrived on Saturday to be a guest at a camp erected by other friends on property at the lake, which they purchased some years ago. His wife predeceased him three years ago. As far as could be ascertained there were no children of the marriage. The remains were forwarded to Painsville, Ohio, by C. P. R. train from Bonarlaw on Tuesday afternoon. Mr. Dunham, of Mentor, Ohio, an intimate friend of the deceased, travelled with the same train.

NEW BUILDING ORDERED FOR GENERAL MOTOR.

Construction of a new building to generate gas for welding purposes at the General Motors plant at Oshawa was announced recently by W. Pearson, manager of the Standards Department. The building will cost \$4,000. It was also announced that a large addition to the Inspection Department, now under construction, will be completed by October 15th.

11,608 pounds to Belgium, and 7,513 pounds to other foreign countries.

The bulk of international trade in canned fruits is in the hands of three countries, the United States, British Malaya, and Australia, but increasing quantities are being exported from Canada and South Africa.

In the census of merchandizing and service establishments in Canada by the Dominion Bureau of Statistics for the decade 1923-33, sales of food products—that is, produce of agricultural origin—formed the largest single part of the retail merchandise trade, constituting 22 per cent of the total for the Dominion.

FRENCH TO BE TONGUE

QUINTS TALK—DAFOE

Dr. A. R. Dafoe of Callander, who brought the five Dionne sisters into the world, went to Ottawa to receive from the Governor-General the Order of the British Empire. He told how three of the quintuplets are now struggling to walk a few steps and the others standing shakily on their chubby legs. When they start to talk, said the doctor, they will speak French, the language they hear constantly. Dr. Dafoe said around 200,000 persons had motored to Callander this summer to see the babies, about half of them from the United States.

FARMER'S HARVEST IN,

HE GOES TO JAIL

Vaughan Reaume of Wallaceburg asked for two weeks to finish the handling of his crops when he was brought into court on August 26th on a charge of driving a car while drunk. He was released on his guarantee to return September 9th. The other day Reaume appeared, pleaded guilty and was sentenced to two weeks in the Kent County Jail at Chatham.

Reaume's car hit the rear of another car on Provincial Highway No. 40 and then hit a fence.

BANDITS LOCK

BUTCHER IN ICE-BOX

Winter still hovers many months away, but Paul Kryzan, Hamilton butcher, had a January in September feeling on Friday. Two men entered his shop early Friday, levelled revolvers at him, demanded his money and forced him into a refrigerator and slammed the door. The bandits then rifled the till.

Kryzan, teeth chattering in the cold, shouted but his calls could not be heard. He started to force the door and after 20 minutes of struggling, the lock gave way.

VICTIMS' BODIES ARE RECOVERED, INQUIRY IS BEGUN

The death toll in the mine explosion in the North Gawber colliery increased on Saturday to 17, as one of the eight injured men died in hospital. All 17 bodies were recovered from the Lidgett seam where the explosion occurred, the men being trapped by a wall of fire. Enquiry into the cause was put under way.

CANADA LOANS

ALBERTA \$2,250,000

Prime Minister Bennett announced that the Federal government has decided to lend the government of Alberta \$2,250,000, secured on its one-year Treasury bills, to tide it over until the end of October.

It will carry the Western Province until the end of October, when negotiations toward a total advance of \$18,389,000 will be opened with the next government.

37 PRISONERS IN

THE COUNTY JAIL

Not since two years ago when the highest registration on record of 47 prisoners was created has the local Hastings County Jail been as crowded as last week when a high total of 37 were confined. At the present time, however, owing to movements through the courts, only 26 remain. Of this number two are female prisoners. The majority of those confined are in for short sentences.

CATCHES CODFISH— SEES COLD WINTER

Capt. William Tracy of Long Branch, N. J., went to sea on Monday and came back with a codfish. That, said Captain Bill, who is an old-timer and ought to know, is an indication of an early winter, a long winter, and a cold one. Codfish, he said, are not due to reach that section until late in December.

ROBS FARMER OF MONEY AS MEAL IS PREPARING

Alex. Beauclair, 23, of Cornwall, was sentenced to six months in the Ontario Reformatory by Magistrate Massey last week on pleading guilty to stealing \$28.35 from the farm house of Otto Kramer, Timberstone township. The theft took place while a meal was being prepared for the man in return for a wood chopping chore.

Mrs. Anne Wallace, of Lindsay, charged with the murder of her five children, was found insane by an Ontario Supreme Court jury on Wednesday and was ordered by Mr. Justice J. A. MacKay to be placed in a mental institution.

Taking your Dollar to Market

EVERY year your family, and every family of your acquaintance, spends about 70 per cent. of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

That part of spending is readily understood. But do you realize that every manufacturer and retailer of these necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements in her local paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and business people. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the business of purchase.

ADVERTISEMENTS ARE GUARDIANS OF YOUR

THE NORTH HASTINGS REVIEW, MADOC, ONTARIO

DID YOU EVER STOP TO THINK?

(By Edson R. Waite)

Michael H. Wren, advertising manager of the New Haven (Conn.) Journal-Courier, says:

"Newspaper advertising today offers a golden opportunity to those who use it carefully and correctly.

"Today even children turn eagerly to the comic pages to certain advertisements. Why? Simply because the kids find romance, drama, colorful news of humor in the good ads.

"Never in the history of newspaper advertising has romance, glamour, colorful news or humor so dominated the selling message. Never has so much of it been packed into the column inch by alert copy-writers.

"As long as newspaper advertisers desire to offer real news, romance and thrills in their copy, advertising will continue to be as important to the readers as the day's news. By that I don't mean sensational advertising copy. The circus can come to town once a year, while good drama and romance will live forever.

"No longer do you hear readers remark, 'Don't pay any attention to that; it's only an ad.' Rather, 'Let's buy one of those; the ad. states they're reasonable and we certainly need one.' The ad. proved it!

"Promote your newspaper advertising campaign, as you would a show. Give them atmosphere, colorful appeal. The good advertiser is a good showman. He gives the public what wants, without bunk, and yet with plenty of entertaining features—and the public loves it and responds enthusiastically to the announcements.

"You newspaper advertisers, who are not injecting romance, thrills and humor into your copy are missing a great bet. You are missing greater profits and, what is equally important, an unlimited amount of good will among the readers."

MOTHER AND DAUGHTER CLASH

First mother and daughter entry in championship golf event over a 36-hole Columbia course, Mrs. R. S. Leachman and her teen-age daughter, Marian, from Berkeley, Calif., are still in the hunt for the Canadian Women's Open Golf Crown.

Utopia, according to one of these new optimists, is just around the corner. But isn't that corner getting a bit crowded.

STOREHOUSE AND LUMBER DESTROYED BY FIRE

Early on Tuesday morning of last week fire broke out in Fowlds lumber yard at Campbellford, and before it could be extinguished, the sheds were burned together with a considerable quantity of lumber and other building material.

The firemen responded promptly to the call, which was sent in by Mr. Albert Mills, shortly before six o'clock.

However, the fire soon gained headway and a few minutes after it was discovered, it had spread rapidly over the yard.

A crowd of people gathered to do what they could, confining their efforts largely towards saving buildings in the immediate vicinity of the fire. The firemen worked hard to extinguish the blaze, using two streams of water at full pressure, but considerable damage was done before much headway was made.

Meyer's elevator caught afire but the flames were soon extinguished.

The total loss to H. M. Fowlds & Son is not known, but we are informed that it is fully insured.—Campbellford Herald.

RUNNING TIME REDUCED OF FAST VANCOUVER TRAIN

On and after August 31st, a substantial reduction in the east-bound running time of the Continental Limited, crack train of the Canadian National Railways, operating daily, both ways, between Vancouver, Winnipeg, Toronto and Montreal, will be made, according to an announcement by W. A. Kingsland, Vice-President and General Manager of the Central Region. The speedier service will provide a more convenient hour of departure from Vancouver and Edmonton, but the time of arrival at Eastern points is unchanged.

TICKET FOR \$20,000 HELD IN SHARBOT LAKE

Try Again, nom de plume, of Sharbot Lake, won \$20,000 in the Army and Veterans' Quebec unit 33rd sweepstake by holding a ticket on the second horse, Solar Ray, in the St. Leger, run at Doncaster, England, recently.

The winning horse was Aga Khan's Bahram, the ticket on which, worth \$30,000, was held by a Los Angeles man, Albert Finn. Holder of the ticket on the third horse, Buckleigh, worth \$10,000, was John Williams, of Hartford, Conn. Five hundred and sixty-five other ticket holders on unplaced starters and all other entries collect \$168. each.

PRESENTATION AND ADDRESS

A shower was held on Wednesday evening at the home of Miss Molly Longwell, bride-to-be, at her home, Foxboro, when one hundred guests representing the community and Foxboro Presbyterian Church gathered to honor her. A happy evening was enjoyed and Miss Longwell received many lovely gifts which were brought in by a tiny "bride" and "groom," Ruth Longwell, niece of the guest of honor, and Don Drewry of Stirling, Mrs. Graham McNay, of Ottawa, played the wedding march.

Games and contests were played and a dainty lunch was served at the close of the evening. The following address was read by Verna Peacock: Dear Molly:

We, your friends and neighbours, and members of the Presbyterian Church are gathered here tonight to spend one more pleasant evening with you ere you embark on the sea of all seas, that of matrimony, and I can assure you we all hope your voyage in life will be always pleasant and prosperous. Storms will break but by holding together and by God's help may you always make a safe landing.

We will miss your sweet face and your ready willingness to help in church and community life but what is our loss will be another's gain.

We feel assured of your social success among your new friends and that you will often think of your old friends at home as we will of you. We trust these gifts will be a binding link in the golden chain of our friendship.

You will meet many friends in Oshawa.

Who will be very kind and true, But your friends at home will love you best, And always think of you.

Signed on behalf of your friends: Mrs. Will Drewry, Nellie Bell, Bessie Beatty, Catherine Moore, Tena Watt.

LEGLESS VETERAN SMILES AT FATE

Eighteen years have passed since James J. Montague's airplane crashed on Vimy Ridge, his machine a wreck, his knees riddled with machine gun bullets. But today, minus both legs, he is cultivating his farm and fighting economic conditions with determination and optimism.

Invalided as a hopeless case in 1917, after he had been wounded, Montague got himself a pair of artificial legs. For his war service he was awarded several medals, among the First Order Grand Cross of Russia, and, more recently, the King's Jubilee Medal.

Montague married and settled down near Lakeview, outside Toronto. But five years ago a real estate development in which he was interested collapsed and the war veteran moved to a farm a mile from Uxbridge, about 35 miles northeast of Toronto.

Four days ago a balliff walked on the property to the everything up because of an old deal which had nothing to do with the farm. That was only the most recent of a series of misfortunes. But Montague, his neighbours say, has not lost spirit.

"I won't worry," he tells his two daughters, Rose and Katherine, "everything will come out all right."

HONEY IS SUGGESTED CURE FOR HAY FEVER

Possibilities of honey as a cure for hay fever are being investigated by Dr. E. J. Dyce, head of the Agriculture, Department of the Ontario Agricultural College at Guelph, following reports that this method has been very successful in the Niagara Falls district. Dr. Dyce declared that, while he has no scientific ground for his opinion, he can see a possible connection through the fact that the pollen in the honey may act against the irritant pollen which causes hay fever, on the basis that products from the same source may have contrary action.

DISCARDED SCHOOL BOOKS TO AID NORTHERN CHILDREN

School books discarded by pupils of Toronto schools will be sent by the Board of Education to aid boys and girls of the rural section of Northern Ontario. Management Committee recently decided to comply with a request received from the Secretary-Treasurer of the rural section located in Fournier Township for discarded school books. High taxes and economic conditions were responsible for difficulties and school books were greatly needed.

Let The Review renew your subscription to your daily paper. We save you the postage, money order and time.

ADVERTISING Is Good For Us

The dusty picture of an optimist and a pessimist—the optimist being the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that is is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemination of news and information.

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What Stores Are Busiest ?

Is it not those stores which give out most information about what they have to sell? The public is daily spending money—probably \$2 a day for every man, woman and child in the trading area covered by the circulation of our newspaper—or, say, \$2000 for every 10000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our own community for food, shelter, clothing and for all other things.

QUEENSBORO

After a long and painful illness, Miss Sarah Laton died on Monday of last week at her home near Queensboro. The funeral service was held in St. Henry's Church when her pastor, Rev. Father Meagher said Mass, assisted by a former pastor, Rev. Father O'Riordan of Tweed. The funeral was very largely attended by her friends and neighbours. Among those from a distance were: Mr. and Mrs. Martin Genereux, Edwards, N. Y.; Mr. and Mrs. John Laton, Marmora; Mr. and Mrs. W. Elliott, and many others from Madoc and the surrounding country.

Mrs. D. Holmes of Pine View, spent a few days with Queensboro friends last week.

Rev. F. B. Allnut, of Toronto, visited Queensboro last Wednesday in the interests of the British and Foreign Bible Society.

Mr. James Delyes is taking in Napanee Fair and visiting friends in that town.

Miss Hazel Thompson of Belleville, spent the week-end at her home here. Mrs. P. Saxsmith of Actinolite, was a week-end guest of Mrs. Laton.

Mrs. Broad is visiting her son, Mr. H. Broad, in Oshawa.

Miss Annie Laton spent last week in Belleville.

Mr. and Mrs. Thomas Leslie returned home on Saturday after spending some time with their sons in the Peace River District, Alberta.

Mr. and Mrs. A. McCoy of Remington, were Sunday visitors of Mr. Ernest Groves.

Mr. and Mrs. McClintock of Eldorado, and Mr. and Mrs. Keene of Remington, were guests of Mr. and Mrs. McMurray on Sunday.

Miss M. Lee of Madoc, is the guest of her aunt, Mrs. John O'Rourke.

COOPER

Mr. and Mrs. Jack Vowles of Peterborough, spent the week-end of September 8th at the home of Mr. G. Ferguson.

Miss Phyllis Parks spent last week-end under the parental roof.

Mr. and Mrs. James Lucas and family returned home after visiting Mr. H. Rollins for a couple of weeks.

Our Rural School Fair was a decided success on Tuesday of last week.

Mrs. George Harris, Frances, and Margaret, also Miss Dorothy Rollins, took in the school fair at Ivanhoe on Friday last.

Mr. W. J. Rollins, Bruce, Jack and Gordon, also Fred Lucas, spent Sunday, September 8th, in Bloomfield.

Miss Margaret Gabriel has gone to Peterborough for a short vacation.

Miss Edna Rollins, also Mr. and Mrs. Elmo Blackburn of Bloomfield, spent the week-end at their home here.

Our Sunday School Rally Service will be held on Sunday evening, September 22nd. A special program is being prepared.

A number from here attended Cop Hill Fair on Wednesday of last week.

Miss Ruby Diamond of Madoc, visited her parents here over the week-end of September 8th.

Miss Ruth Lucas of Newburgh is visiting her grandparents, Mr. and Mrs. H. Rollins, Sr., for a short time.

Mr. and Mrs. Frank Reynolds took dinner at the home of Mr. A. Parks on Sunday.

Mr. and Mrs. R. R. Hannah and Fern Rollins, of Belleville, have returned home after spending the week-end of September 8th at the home of Mr. Stanley Rollins.

Mrs. Frank Parks is spending this week in Belleville the guest of Mrs. Clifford Bailey.

PINE VIEW

On Friday evening, September 6, a party was given in honor of Mr. Joseph Holmes on his eightieth birthday. His children and grandchildren were present, all sitting down to a gay supper. The table was decorated with flowers. The birthday cake was decorated with eighty pink candles which were lit and blown out by Mr. Holmes. Many useful gifts were given to him. A very enjoyable evening was spent.

Miss Annie Anderson is spending a week at the home of her father, Mr. Joshua Anderson.

Mr. and Mrs. Joseph Holmes spent Sunday at the home of Mr. and Mrs. Edmund Groves, Queensboro.

Mr. and Mrs. Ernest Groves spent the tea hour at the home of Mr. and Mrs. Dan Holmes one evening last week.

Mrs. Edmund Groves spent a few days with Mrs. Joseph Holmes recently.

Mr. and Mrs. Fred Holmes spent Sunday with Mr. and Mrs. Edmund Groves.

Many readers are looking for rooms such as you may have vacant. Why not advertise.

WEST HUNTINGDON

Mr. Borden Lee has returned to his home in Belleville, after having spent the past few months with the Post family.

A quilting and dinner was held at the home of Mr. and Mrs. E. Pitman on Thursday.

A miscellaneous shower was tendered Miss F. Reid at her home on Friday evening, prior to her marriage on Monday the 16th to Mr. Armstrong of Stirling.

A large number from here attended the school fair at Ivanhoe on Friday. The exhibits were many and varied and much interest was taken by adults as well as the children.

The regular monthly meeting of the Women's Institute was held at the home of Mrs. Albert Clements on Tuesday afternoon. A large crowd was present and a splendid program given. There were ten grandmothers present, and each one was presented with a bouquet of flowers. Mrs. S. Kilpatrick and Mrs. F. Ashley were appointed delegates to the convention at Belleville in October and Mrs. McCleod and Mrs. H. Wallace as alternates.

Mr. and Mrs. H. Eggleton spent a few days this week with their niece, Mrs. E. T. Surles. They are starting for their home in Holmfeld, Man., on the 21st.

ELDORADO

Rev. Dr. Fletcher and Mrs. Fletcher of Odessa, were the week-end guests of their son, Rev. W. Fletcher. Dr. Fletcher had charge of the very successful Anniversary services in the United Church on Sunday.

Mr. Scott Bowerman of Aylmer, Ont., accompanied by his grandmother, Mrs. C. E. Bowerman, and aunts, Mrs. A. Heazlett and Miss A. Benson, of Wellington, Ont., were the guests this week of their niece, Mrs. A. Harvey.

Mr. and Mrs. H. McCoy, Mr. and Mrs. R. Blakey, Miss Eva Chambers and Miss Stewart were dinner hour guests on Sunday of Mr. and Mrs. F. Chambers.

Mr. and Mrs. Charles D. McCann and children spent a few days last week in Ottawa.

Rev. Fletcher, accompanied by Miss Iva McCann, A. Holmes and Mrs. L. Harvey, attended a meeting of the Upper Canada Bible Society at Madoc on Wednesday evening.

Mrs. N. Blackburn spent a few days last week with her brother, Mr. Kenneth Bateman and Mrs. Bateman.

Quite a number from here attended the School Fair at Remington on Tuesday last.

MILLBRIDGE

A double wedding took place in Stoney Settlement Church on Saturday, September 14th at 3.30 o'clock when Daisy, daughter of Mr. and Mrs. B. Roberts, was united in marriage to Robert, son of Mr. Wm. McGarvey, and the late Mrs. McGarvey, of Millbridge; also Nellie, daughter of Mr. William McGarvey and the late Mrs. McGarvey, to Mr. Gilbert Phillips of Gilmour. Rev. C. C. Brazill of Bannockburn officiated at the wedding.

The Harvest Home Service was held on Sunday evening in the Anglican Church. A good crowd was in attendance.

Mr. and Mrs. Wesley Vollick and Helen spent Sunday with Mr. and Mrs. Wilbert Lavender.

Miss Grace Davidson of Madoc, also Miss Verna Davidson of Eldorado, spent Sunday at home with their parents, Mr. and Mrs. Jack Davidson.

Mr. and Mrs. Ed. Norman and boys attended the anniversary service in Eldorado United Church on Sunday evening.

SCOTCH SETTLEMENT

Mr. and Mrs. Robert Eggleton of Stirling, spent the past week with their daughter, Mrs. William Blakeley.

Some of our young people motored to Lindsay last week. They attended the fair and spent the week-end with friends there.

Mrs. Elsie Ashe visited relatives at Colborne last week.

Mr. and Mrs. Preston McCann of Madoc, were visitors at the home of Mr. and Mrs. Wesley Wickens on Sunday.

Mr. and Mrs. James McGuire spent Saturday afternoon with their daughter, Mrs. Austin Ray of White Lake.

Mrs. William Ashe and Olive spent a few days last week with relatives at Stirling and Carmel.

BANNOCKBURN

Mr. James and Mrs. F. Harris spent Thursday at Harold.

NATIVES OF SOUTH AFRICA BUY SALMON BY SHAPE CAN

One would not suppose that the shape of a can would have much bearing on its selling qualities, but down in South Africa the native and Indian purchaser will buy canned salmon in a tall tin rather than that packed in flat tins, under the impression it contains a greater quantity. Another reason for this is that several well-known brands of high-grade salmon are put up in flat tins and the average housewife looks upon the "tall can" as cheaper, which is usually "chum" or "pink." Canadian canned salmon sells better in Cape Town than any other cities in South Africa, while in Durban the chief trade is in the Japanese pack. There is a growing demand, however, for salmon packed in one pound flat tins, except in Durban and, also East London and Port Elizabeth, where there are large native and Indian populations.

HADDOCK CEASE FEEDING WHEN THEY ARE SPAWNING

When haddock spawn they practically cease feeding. It is stated by the Biological Board of Canada on Nova Scotia fish. This explains the small catches with hook and line during the spawning season, which occurs with most haddock during the spring months of the year.

DIAMONDS FALL ON EVIL DAYS

Diamonds, one of the standards of wealth, have fallen on evil days but there are signs of better times ahead. The De Beers mines in South Africa have resumed washing operations, which were suspended following the slump. Belgium and Holland are among the chief markets for South African diamonds, cut and uncut.

ora on Friday evening, for the purpose of organizing a Hastings Deanery Sunday School Association.

Mr. and Mrs. John Green entertained a number of friends and neighbors on Monday evening in honor of Mr. Archie Long, who was celebrating his 70th birthday.

Several of our young people attended Coe Hill Fair on Wednesday.

Mrs. Ted Davidson and little Marylyn, have returned home after spending a week with her sister, Mrs. W. Tebworth at Belleville.

REPAIR DAMAGE LEFT BY STORM

On Monday Central Ontario began repairing the damage left by a cyclonic electrical storm which raged across part of the Province late Saturday, wrecking farm buildings, damaging power lines and interfering with highway traffic.

At Swinton Park, 14 miles northwest of Dundalk, residents saw a huge black cloud about 150 feet wide, which mowed down trees, bowled over outhouses and lifted roofs from farmhouses. Damage was \$600. On the farm of Richard and James Hardy. Other nearby farms suffered similarly.

The violent wind roared out of the northwest about 5.30 E. S. T. on Saturday. Hundreds of trees were knocked down about Orangeville. At Midland there was a three-hour interruption in the power service and \$2,000 damage to lines.

Lightning struck and destroyed a number of buildings, including Robert Wilson's barn near Dixie, west of Toronto. In larger centres hundreds of cellars were flooded and sewers were choked.

THREE HOLES-IN-ONE MADE IN THREE DAYS

All golf records were broken, it is believed, at this year's Totem Pole tournament, at Jasper Park Lodge, when three-holes-in-one were made by the various players in the great Western Canada golf classic in three days. By actual playing count the three holes were made in two days, as the first hole-in-one was made 48 hours ahead of the other two, the latter records being made, one in the morning round, the other in the afternoon. The lucky players, who automatically join the exclusive Hole-In-One Club, were Paul H. Moore, of Kansas City, who scored at 185 yards on the 12th; Rod Chadwick, of Winnipeg, who registered an ace at 130 yards on the 15th, known most unfavorably to all golfers as "The Bad Baby"; and Roy Stultz, of Vancouver, who sunk his tee shot at 175 yards on the seventh. These three fortunate players were in fast company, as this famous course, set amid the magnificent scenery of the Canadian Rockies, annually attracts noted players from all over Canada and the United States, to compete for the popular and unusual Totem Pole trophy, and, needless to say, their feat almost broke the hearts of their opponents.

PLAN UNITED CHURCH AT PORTERVILLE

Members and adherents of the Lake St. Peter (Porterville) appointment of the United Church, Maynooth Mission Field, met on September 3, and discussed at length their responsibilities of the Mission. It was felt that with a local church organized in Porterville more effective Christian work could be done. With that end in view, the opinions of all present were heard, centering around the first steps that would lead to a community church.

It was finally decided to form as a unit within the Mission Field, with the name of St. Paul's United Church designating the local congregation. Trustees were appointed as follows: Messrs. George Barr, James McLaren, and Ed. Foster. The Board of Managers consists of Messrs. Allen Barr, D. K. Card, William Chidley, and Ed. Foster. The secretary of the Official Board is Mr. Ernie Barr.

It was then expressed hope that during next summer's activities of the Mission Field that the new St. Paul's congregation will be able to take a very definite place both locally and in the work of the entire field.

The chairman for the evening was David R. Anderson, Student Missionary for the present term.

SKUNKS PARADE ON SIDEWALKS

The Manitoulin Island village of Little Current is experiencing its annual pest of skunks but so far no casualties are reported from either side.

The animals absolutely fearless and overbearing, parade the sidewalks while citizens walk in the centre of the streets. Skunks are wreaking havoc in chicken coops. One resident has been unable to enter his shed as a skunk holds the fort.

The animal, apparently waiting for someone to open the door, brushed past his legs in the dark and got into the shed first.

Madoc Fall Fair, October 1st and 2nd

MADOC FAIR TO BE HELD NEXT WEEK

Final arrangements are being made to make Madoc Fair, which will be held next Tuesday and Wednesday, the outstanding one in the Society's history. As you know Madoc Fair is always the best two days' fair in the County and with fair weather this year will be no exception. In many places it has been necessary to cut down on the prize money, but not so with the local executive, who have been their way clear to keep up the Association's cash prizes and increase the medals.

The Madoc Society is one of the few who can boast of buildings to hold all stock and this year a new building has been added to take care of the horses and colts.

The Secretary, Mr. W. J. Hill, reports hundreds of entries coming in and it is expected with such an attractive prize list there will be many more entries than ever before. If you haven't decided to exhibit at Madoc Fair plan to do so now. Entry forms and prize lists may be obtained from Mr. Hill or Mr. Rollins.

As in the past there will be the usual horse races and entertainment for all with concerts in the Masonic Hall both nights of the fair.

Next Wednesday is the big day. So plan now to attend! Your friends will be here and there will be entertainment for everyone and remember, there is no charge for children under twelve years of age.

H. S. ATHLETIC ASSOCIATION ORGANIZED

On Monday afternoon of last week the Girls' Athletic Association of Madoc High School organized for the fall term. Election of officers was held, which resulted as follows:

President—Evelyn Keene.
Vice-President—Jean Phillips.
Secretary—Jean Nickle.
Representatives—
Form V—Evelyn Keene.
Form IV—Nellie Noble.
Form III—Jean Whytock.
Form II—Eileen Wilson.
Form I—Mary Smith.

MEETING OF TRINITY Y. P. S.

On Monday, Sept. 24th, the Young People of Trinity United Church opened their fall meeting with a very successful evening in the form of a treasure hunt and bonfire and a corn and water race.

At seven thirty about forty young people started on their treasure hunt which brought them to a huge bonfire in Mr. C. Foster's field. After a couple of hours spent in games all returned to the church parlours where hot wieners, rolls, coffee and corn were served, after which a sing-song led by Mr. W. Fletcher, brought a jolly evening to a close.

BABE DISCOVERED DEAD IN HIS CRIB

Gerald, three months old son of Mr. and Mrs. Girwood Hayton, of Picton, was smothered to death in his crib shortly after eight thirty o'clock on Thursday night. The mother found the child and the Coroner, Dr. G. A. Whitman, who was called for investigation, declared an inquest unnecessary.

The child was put to sleep about 10 p.m. and it is believed one of the blankets over the child became wrapped around his face causing it to be smothered. Mr. and Mrs. Hayton moved to Picton from Madoc in April of this year and Mr. Hayton is employed by his brother-in-law, Harry Bailey, in the Picton Creameries.

Mr. and Mrs. Hayton (nee Miss Services Bailey) of Madoc, have the sympathy of their Madoc friends in their bereavement.

Misses Ruby Diamond of Madoc, Irene Reynolds of Cooper, also Misses Iris Clarke and Doris Wickenden of Toronto, spent the week-end at the home of Mr. J. Reynolds, Corbyville.

MEETING OF MADOC WOMEN'S INSTITUTE

The September meeting of Madoc Women's Institute was held at the home of Mrs. A. Kincaid on Friday, September 20th, and was opened with the Institute Ode and the Lord's prayer in unison. Mrs. I. Bristol presided. After a short sing-song the minutes were read and approved. Correspondence included thanks from Mrs. J. Stewart and Mrs. L. McCarey, also a letter regarding the Government lecturer. It was decided to hold the lecture meeting in the Town Hall on Friday, November 1st, and that the secretary write inviting the members of the Ivanhoe Branch to meet with us.

Relief bills were presented and included a layette for a new baby and school books for a High School pupil, and scribbles, etc., for Public School.

Discussing the appointment of new directors for the Madoc Fair, it was decided to add the names of the following: To the Domestic Manufacture Department, Mesdames J. Irwin, E. Phillips and A. C. Anderson.

To the Ladies' Fancy Work Department; Mesdames R. Bristol, J. Rutherford and W. Stewart.

A piano solo brilliantly rendered by Mrs. N. Pincock was much enjoyed. A three-minute paper prepared by Mrs. R. Wellman was read by Mrs. J. Rutherford on "Duties of Branch Directors."

Roll call was answered by "My Favorite Pickle," showing fifteen members present and one visitor.

Mrs. W. E. Connor, chairman for Relief, spoke briefly on some plans for relief and urged that a sewing committee meet once each month to repair articles handed in and urged that donations of clothing, boots, books, etc., be left at her home to be ready for emergencies.

On motion of Mrs. J. Reid, seconded by Mrs. A. C. Anderson, Mrs. T. L. Nickle was appointed delegate to the Belleville Convention of October 8th and 9th.

Committee in charge of work for the Fair Booth were appointed as follows:

Mrs. R. Bristol and Mrs. C. Henderson in charge of cartage, boilers, teapots, pitchers, etc.

Mrs. C. Whytock to order cups and plates.

Mrs. W. E. Connor as cashier.

For hot dogs: Mrs. D. Gillen, Mrs. R. Bristol, Mrs. Nickle, and Mrs. A. Smith.

Cake and sandwiches: Mrs. C. Henderson, Mrs. W. E. Connor and Mrs. G. Hill.

To sell kettles: Mrs. Reid, Mrs. Corrigall and Mrs. W. Parks.

Coffee and tea: Mrs. J. Whytock, Mrs. Huffman and Mrs. A. Parks.

To make sandwiches: Mrs. Anderson offered her home. Volunteers—Mesdames Reid, Rutherford, Henderson, Tanner, and Stewart.

To make nappies and order supplies: Mrs. R. Bristol.

To supervise in exhibition building: Mrs. C. N. Whytock.

Each member is asked to donate two pies for the booth on Wednesday, Fair Day, and cake or pie will be thankfully received from those interested.

Donations of milk are requested from Mrs. W. Miller, Mrs. J. Caskey, Mrs. J. Smith, Mrs. W. K. Ellis and Mrs. C. Foster.

The National Anthem and a social half hour followed. The October meeting will be cancelled, to be held on November 1st.

DEATHS

ABBOTT—In Belleville General Hospital on Wednesday, September 18, 1935, Hazel Sylvia Ranson, beloved wife of Archibald Henry Abbott.

MILNE—In Chicago, Illinois, on Friday, September 20, 1935, Matilda Brown, widow of the late Alexander Milne.

OBITUARY

MRS. A. H. ABBOTT

On Wednesday afternoon, September 18th, Mrs. Archibald Henry Abbott of Madoc, died in the Belleville General Hospital after an illness of short duration.

The late Mrs. Abbott was born at Yellow Grass, Sask., and resided in Western Canada until coming to Madoc about a year and a half ago. Prior to her marriage she was Miss Hazel Sylvia Ranson. She was a member of the Church of Christ (Disciples).

Surviving to mourn her loss are her husband, Mr. A. H. Abbott; two daughters, Sylvia and Donna; one infant son, Billy; her father at Yellow Grass, Sask.; five brothers, W. C. Ranson, Lethbridge, Alberta; Gordon Ranson, Coutts, Alberta; Henry Ranson, Yellow Grass, Sask.; Samuel Ranson, Wilson, N. Y.; Thomas Ranson, Winger, Ontario; four sisters, Mrs. R. Bonny, Madoc; Mrs. Frank Fitzgerald, Stirling; Mrs. Robert Murray, Yellow Grass, Sask.; Mrs. G. Lutz, McTaggart, Sask.

The body of the late Mrs. Abbott was conveyed from the Thomas C. Thompson Funeral Home to Madoc.

The funeral service took place on Friday afternoon from the residence of her brother-in-law, Mr. Richard Bonny in Madoc and was largely attended. The floral tributes were numerous and beautiful. The service in the home and at the graveside in Belleville cemetery was conducted by the Rev. I. E. Kennedy, pastor of Madoc United Church.

The bearers were Messrs. G. Loug, F. Dafeo, William Fletcher, L. Mulroney, R. Wellman and C. I. Ross.

MISCELLANEOUS SHOWER

A delightful miscellaneous shower was held at the home of Mr. and Mrs. John Fenn on Friday evening in honour of Mr. and Mrs. Gordon Love (nee Bertha Jarvis).

The evening was spent in dancing. At midnight the gathering was called to order and the bride and groom were given seats of honour. Miss Elsie Kellar read the following address:

Madoc, Ont., Sept. 20, 1935.

To Mr. and Mrs. Gordon Love:

Dear Bertha and Gordon:

We, your friends and neighbours, have gathered here this evening for a two-fold purpose. First, to extend to you our heartiest congratulations in your having reached the second important stage of your life, namely the matrimony stage. Second, some one has wisely said "that our homes are the greatest and noblest institutions of our land, you are starting a new home. Our sincere desire is that your newly founded home will embrace all the virtues that go to make an ideal home.

To you, Bertha, we extend the glad hand of welcome and hope that you may spend many happy years together. While a number of us are not personally acquainted with you, we want to congratulate Gordon on his choice of a life partner.

You, Gordon, have grown from childhood in our midst and we have always found you a willing friend in any required assistance.

We sincerely hope you will make your home among us and these gifts in the years to come may be the means of recalling pleasant memories of your friends.

Signed on behalf of your friends and neighbours: Myrtle West and Wilfred Fenn.

The opening of the many beautiful presents followed and Mr. and Mrs. Love thanked everyone and gave them a cordial invitation to visit them in their new home.

After singing "For They Are Jolly Good Fellows," lunch was served. The rest of the evening was spent in dancing and everyone reported a good time.

(Marmora Herald please copy).

Norwood's tax rate for 1935 is 41 mills, with a school rate of 14 4-10 mills, county rate of 11 mills and village rate of 15 6-10 mills.

RORKY FURGESON AT LIBERAL RALLY

A large crowd of farmers and others listened with keen interest to the address given by Rork Furgeson, the Liberal candidate for Peterborough-Hastings, in the Madoc Theatre on Friday night.

Mr. Furgeson comes with a fine record of public service. He was Reeve of his township at 24 years, and was later made Warden of the County. Being a farmer he is himself familiar with the causes of their trials and hardships and with much thought and study he has set about well equipped to make conditions better in the near future.

Mr. Furgeson believes "as the farm population is larger than any other trade, that they have a right to a larger representation in the government at Ottawa." Also he believes "that the farmer should receive for all of his products a price large or small which must coincide with what he has to pay for the articles he must buy. Hastings-Peterboro Liberal Association is to be congratulated in their choice of a candidate.

Mr. Barty of Deloro, secretary of the organization, introduced the guest speaker of the evening, Mr. William Newman, M.P.P., for Northumberland. In doing so Mr. Barty referred to his recent trip to Russia and Germany, warning his listeners "not to be carried away by the promises of mushroom parties which were bound to spring up under dissatisfied conditions during the Conservative government. Under solid Liberal administration these small factions had always faded out.

Mr. Newman, the guest speaker, spoke at length to a large and enthusiastic audience. Mr. Newman is a fluent speaker easily explaining the effects of the Bennett high tariffs. "Tariffs so high that trade was killed and the revenue of the government depleted until taxes and more taxes were levied on the Canadian people. House owners were paying taxes on almost every article of food in everyday use. Our Canadian dollar today at the best only buys 86 cents worth and in many cases less.

Mr. Newman explained from his intimate knowledge "the high prices of farm and other machinery—which has risen to a prohibitive price in the last five years." Referring also "to the conditions in creameries, butter factories, and other farm product industries, making it almost impossible to carry on." Finally "the only farmer who is at all comfortable today is the one who was free of debt and had some money when the Bennett government came into power." "The farmer must be in a position to buy manufactured articles, to give employment and cut out relief."

During the evening Mrs. Ashley, Mr. Mulholland and Mr. C. Leonard provided several musical selections, which were highly appreciated.

ROYAL ARCH MASONS ATTEND DIVINE SERVICE

On Sunday morning last the Madoc Chapter of the Royal Arch Masons attended divine service at St. John's Anglican Church. A large number of the members were present to hear a very interesting sermon by the Rev. W. G. Herd Swayne. The service was opened by the processional hymn, "O God, Our Help." This was followed by the Lord's prayer. The scripture was read responsively from Psalms 95 and 121. The Benedictus, St. Luke I, was also read in unison and the Apostles' Creed repeated. Hymn No. 206 was sung. Following the sermon an anthem was rendered by the choir. The service was completed by singing the National Anthem and the Recessional hymn, "City of God, How Broad and Far."

CARD OF THANKS

Mr. A. Abbott and children, also Mrs. Bonny, wish to thank the friends and neighbours for the many acts of kindness and sympathy shown them during their recent sad bereavement, also for the floral tributes.

OBITUARY

MRS. ALEXANDER MILNE

On Friday, September 20th, at the home of her son, J. K. Milne, Chicago, there passed away Matilda Brown, widow of the late Alexander Milne.

Born of sturdy Scotch parents, Mrs. Milne was the daughter of the late Mr. and Mrs. John Brown. She was educated for the teaching profession which vocation she followed until her marriage. Her entire life was lived in Madoc, until three years ago when she suffered a stroke and though not an invalid, she was never really well and was living with her son at the time of her passing.

Mrs. Milne was one of the strong spirits of this world, possessing a great love for her fellowman and for all the beauties of nature, ever ready to help and sympathize with suffering humanity, of which many in this place can testify.

There remains to mourn her loss a son, Keith Milne of Chicago, Ill.; three sisters, Mrs. J. A. Campbell, (Mary), Mrs. Thomas Mair (Mima), and Miss Ida Brown, all of Clinton, Ontario. Mrs. David Brown of Madoc is a sister-in-law.

The funeral was conducted by Rev. W. A. Hunter, service being held in St. Peter's Presbyterian Church on Monday afternoon and the burial taking place in the family plot in Lakeview Cemetery. The pallbearers were the members of St. Peter's Kirk Session, Messrs. Thomas Leslie, Robt. McGhee, Geo. West, W. J. Hill, Fred Curry and George Wright, all being close friends of the deceased.

Mr. James Murray of Vancouver, B. C., spent a few days visiting Mrs. Murray's sister, Mrs. James Whytock.

HERE AND THERE

Utopia, according to one of these new optimists, is just around the corner. But isn't that corner getting a bit crowded.

Provincial officers are to tighten up on reckless drivers. They can not make conditions too tight for those who habitually ignore traffic regulations.

That editors are not uncommonly appealed to for authoritative information to decide a bet is again illustrated in the appeal by telephone from a hotel to an Ontario newspaper on give the number of children in the family of Adam and Eve. It appears that two commercial travellers had the argument. One said there were only two children: Cain and Abel. The other said there was a third, but he couldn't remember the name and that they lived in the Garden of Eden. The editor asked if they had never heard of Seth or that the Garden of Eden was restricted against children. He also said that no one knew how many Adam and Eve had for the record states merely that they "begat sons and daughters."

This is the month for the school fairs and if you have never been at one we advise you to go for they are, to our mind, most enjoyable. It is not so much the excellence of the exhibits of work done by boys and girls the cooking, sewing, drawing and so on, the vegetables and fruits raised in the school gardens, the animals the young folk of the farms have cared for are all interesting, but the spirit of competition, the interest taken in every detail, the skill and knowledge of the boys and girls of our rural districts, that gives a pep to the whole affair. Go to one of these fairs and if you live in a town take your boys and girls along to see what a splendid show the young people of the rural community can put on.

EARLIER ELECTION

Tweed Municipal Council have sanctioned the necessary by-law moving the election ahead one month. Therefore, local ratepayers will attend the Nomination late in November and will go to the polls on the first Monday in December. This move is in line with a similar one in many other municipalities, and we believe it is a wise one. The excitement of the municipal election campaign will not conflict with the Christmas and New Year seasons as has been the case during past years.—Tweed News.

NOISE

The city's effort to quell noise turned out to be loudly characteristic. To the existing din the city added a large yellow truck, filled it with flashy newspaper reporters and also detectors, and hired two taxicabs to roar across its path, blowing their horns continuously. The heavens boomed with anti-sound. We are not fooled by the town's earnest, wistful quest of quietude. We have been all through things like this, including an anti-smoke campaign which choked us half to death. The vitality of our citizenry is too great to hope for silence. Even now, on our pointed ears, there comes the distant racking of a motor horn—unquestionably the horn of a member of the League of Less Noise, urging a pedestrian out of his path so he can get to an anti-noise meeting on time.—New Yorker.

CONSIDER THE HAMMER AT ELECTION TIME
The electors of Canada should con-

sider the hammer before they mark their ballots on Oct. 14th next. It keeps its head, it keeps pounding away, it doesn't fly off the handle, it finds the point then drives it home. It is the only knocker in the world that does any good. It makes mistakes but starts all over again. It looks at the other side too and thus often clinches the matter. If you are inclined to lose your head and fly off the handle, consider the hammer.—Havelock Standard.

UNCLE'S DAY

We have a Mothers' Day and a Fathers' Day, and almost every day is Children's or Grandmothers' Day, because these folk are also fathers and mothers. But what about uncles? Are not the telegraph companies missing a sure bet by not insisting on an Uncle's Day?

There never has been a time when an uncle was not an esteemed asset. Not by chance was the patron saint of our great neighbour to the south called Uncle Sam. It is always the uncle in the story who shows up with a box of candy, a watch, or a much needed cheque, at the home of his nephews or nieces. It is always a long-lost uncle who dies and leaves that rich legacy. Uncles seem to spend all their spare moments doing good.

There are many uncles. There is the one at whose place one pawns the overcoat for ready cash, and there is the Dutch Uncle who sternly reproves ill-doing, and guides the young in the way they should go. There was Uncle Tom with his cabin, Uncle Remus, Uncle Joe Cannon, Tristram Shandy's Uncle Toby, Uncle Wiggly, and many more—all good, sound men, big-hearted, excellent citizens.

Although we are strongly opposed to any more marked days to be celebrated, we submit that the noble uncle has been shabbily neglected.—Picton Times.

WOMEN'S WHIMS

Very soon we will be in the throes of an election and you will have or should have a vote. Interest in an election is a personal matter of dollars and cents to us all, just as much as it is of national warfare.

So pep up! Let us be alive to what is going on about us, listen and discuss what you will be told. Challenge any statement you do not believe and question what you do not agree with, (after the meeting, if you are nervous of your own voice) and unbiased, take the measure of these giving you the information.
Ask yourself—what will be done for you and your families' interests? How will your taxes be affected? Will the reforms advocated benefit you directly or indirectly? Can the speaker's party implement all the reforms he advocates? Has the speaker made a success of his own business or trade or calling? Is he a good citizen at home? These and many other questions might provide food for thought for the men voters too.

Beware of those speakers whose business it seems to be to sway your emotions and make you feel sorry for yourself (there are plenty of others pitying you behind your back without you doing it yourself).

How can you say, "Oh! I am not interested in politics, I leave that to the men folk." When the youth in our community are desperate through unemployment, when some of our people do not get enough to live on despite their own efforts, and that this is a land of plenty.

How can you exercise your franchise intelligently on matters that affect you, your family, your home, unless you read and study public affairs? Examine the promises made to you and figure out what it will cost to keep them. Can we afford these promises? Would they be good for our morals and well-being if they were kept.

Be as intelligent as the honey-tongued speakers says you are and then vote.

The same warnings are good for your men folks too.—Kelvington Reporter.

REMINISCENCES

The following items have been taken from the file copies of the Review.

FIFTY YEARS AGO

September 24, 1885

The Banking House of E. D. O'Flynn will be open every noon hour from this date.

On and after October 1st stores in this village will close every day except Saturday at 7 p.m.

A man in Madoc Township was fined \$3.00 and costs for gathering butternuts off a tree on his neighbour's farm without permission.

Railway men were looking over the road to Eldorado last week with a view of putting the road in working order.

The Brigade Camp for this district, now assembled at Kingston, comprises 1300 men.

Corporal George Wilson, who took part in the famous charge at Batocue will deliver a lecture in the Masonic Hall.

Married—On the 23rd instant, by Rev. W. C. Beer, Mr. J. P. Aelstine, to Miss Phoebe J. McAmmon, both of Madoc.

Mr. J. C. Dale is having plans prepared for the erection of a new house on Elgin street.

Willie Wood has gone to the Upper Canada College, Toronto, preparing for matriculation in the University.

Miss Hays and Miss Bessie Fitzgerald are the guests of Mr. A. F. Wood.

Mr. Herbert Wood has returned from his trip to Freiburg in Saxony, Germany.

Mr. S. Driscoll has commenced the erection of a new dwelling on the site of his old home.

Mrs. James Geary of Stirling, (nee Miss Annie Taber), is expected to sing at St. John's Church concert.

Messrs. M. Maybee, E. L. Weiss, H. O'Flynn, and J. E. Freeman, will go north on a hunting expedition next week.

TWENTY-FIVE YEARS AGO

September 22, 1910

On September 7th the Deloro Mining and Reduction Company expressed \$44,000 silver in 700 lb. bars on the C. O. R.

Mr. Harry Jones, druggist, makes an important connection with the United Drug Company, and the Rexall remedies.

Died—In Madoc Township on September 15th, John Comerford, aged 67 years.

Died—In Madoc Township on September 19th, Thomas Rodgers, aged 101 years.

At the local cheese board yesterday all boarded were sold to W. S. Cook and Son at 11-1-16c.

Miss Rosalie Phillips of O. B. C., Belleville, spent the week-end with her parents at Remington.

On September 13th a threshing crew composed of Lawrence Alde, Alfred Wannamaker, A. Choinard, with a hand-fed machine, threshed 1600 bushels of oats in seven hours. Thanksgiving Day has been set for the last day in October.

Miss Maud Hogan, has returned home from a two weeks' visit in Montreal, where she attended the Eucharistic Congress.

Mr. William Moore has shown us an excellent sample of second growth strawberries.

Mrs. H. McCutcheon and son, Philip, of Crescent Mills, Cal., are visiting her sister, Mrs. W. J. Reid, after several years' absence from Madoc.

Mr. Peter Baragar is now engaged travelling for the International Harvester Company.

At Ormsby on September 14th Miss Jessie Martin was married to Mr. Robert Watt, of Coe Hill, by Rev. Mr. McCune of Eldorado.

FIFTEEN YEARS AGO

September 23, 1920

On September 8th Myrtle Irene Fox was married to Mr. Ezra Nicolson of Frankford, by Rev. Snell. Mrs. Melvin King played the wedding march and Miss Dorothy Fox acted as flower girl.

Mr. Jimmie Holmes of Eldorado, has taken up a course for the ministry in Albert College, Belleville.

On September 18th Mr. Henry Smith picked out of Mr. Frank Smith's garden two quarts of tame raspberries.

In St. Peter's Church on Sunday morning an interesting address was delivered by Rev. William Scott, a missionary who has recently come home on furlough from Korea.

Mr. W. J. Hill of Madoc, also Messrs. R. A. Rollins and James Rose of Madoc Township, are attending Grand Jury at Belleville this week.

Madoc Financial District Meeting convened at Springbrook Methodist Church with the chairman, Rev. Wm. Higgs, presiding.

Mr. R. E. Hallstone has opened up a new butcher shop opposite Nayler's Garage.

FALL MEETING OF PRESBYTERY HELD

The regular fall meeting of the Belleville Presbytery of the United Church was held on Tuesday of last week at Empey Hill in the Selby pastoral charge. One hundred and seven ministers and laymen representing churches throughout the counties of Lennox and Addington, Hastings and Prince Edward were present.

Rev. E. W. Rowland of St. Paul's Church, Stirling, chairman of the Belleville Presbytery, presided over the day's activities. During the business portion of the meeting the following officers were duly elected: Chairman—Rev. H. W. Foley of Springbrook.

Secretary—Rev. James E. Beckel, of Stirling.
Treasurer—Mr. H. C. Martin of Stirling, also appointed chairman of the Home Missions Committee.

Mr. Fred Joblin, son of Rev. F. G. Joblin, former minister of the Rawdon Circuit for twelve years, was received as a candidate for the ministry having recently departed for Victoria College, Toronto, to continue his studies. Mr. Fred Joblin is the third son of the former Stirling, Ontario, minister to enter the ministry. His two brothers, Rev. Elgie Joblin, and Rev. Kingsley Joblin are to be ordained at the forthcoming general assembly of the United Church.

It was placed on record that this gathering was strongly opposed to war in any form. A resolution was read as follows: "We re-affirm our conviction that war is alien to the spirit of Jesus Christ and is therefore unchristian. We believe that the church should be prepared to give leadership on the question of peace and war, and would call upon our leaders to express the sentiment of our church on this question in the face of dark and threatening clouds of international jealousies and suspicion."

The speaker of the day, Rev. A. J. Wilson of Nanawake, recently returned from a tour of the Soviet Union, gave a fine address on his observations while in that country. Russia today is progressing in every phase of life materially. Unemployment is unknown. All citizens study to develop the cultural side of their life. Great interest is taken in every line of sport which remains strictly amateur. No sport in Russia is commercialized. The Social Credit idea now gaining a lot of popularity in our own western province is being worked out there. But the spiritual need of the people which is very apparent is sadly neglected. Churches are used for other purposes than worship. Everything connected with the church, the Name of God and Christ is ridiculed and mocked. Rev. Mr. Wilson in closing his fine address challenged the gathering in his statement that the church of today is facing its greatest crisis since the death of Christ. We Christians should stimulate the same interest in the cause of Christianity as the Soviet Comrades do in the Communism, and great things would be accomplished.

Interesting addresses were also given by Rev. Frank Langford, D.D., of Toronto, who spoke on the work of Religious Education of the church, and Rev. H. A. Kent, D.D., Principal of Queen's Theological College, Kingston, who spoke on the Tenth Anniversary of Church Union.

During this meeting of the Presbytery ten new ministers were received into the Presbytery, namely: Rev. C. J. Gaul, Flinton; Rev. Ronald Vatcher, Coe Hill; Rev. M. C. Fisher, Enterprise; Rev. G. Gardener, Adolphustown; Rev. G. Gardener, Foxboro; Rev. I. E. Kennedy, Madoc; Rev. J. S. Lowrie, Queensboro; Rev. J. G. McKee, Wellington; Rev. F. G. Robinson, Morven; Rev. W. J. Parsons, Hybla.

The ladies of the Empey Hill congregation provided the guests with a sumptuous dinner of the good old fashioned rural type, with not the slightest detail missing from the beautifully decorated tables.

WILL GET A FORTUNE IF HE GOES TO WORK

A Hungarian, heir to a fortune of 500,000 pengoes (\$150,000 at current rates) from his uncle's estate, may soon be selling wood on the streets of Budapest.

The uncle, a rich baker, was not on friendly terms with his nephew, and decreed that the entire bequest be spent on the purchase of beechwood, which the legatee may only sell again in such quantities as he can chop with his own hand every day. Furthermore, he must place the wood in a box, sell it personally to his clients.

If he fails to comply with these conditions the fortune will pass to another. A lawyer was designated executor to see that the conditions are carried out.

BRITISHER BREAKS

14 WORLD RECORDS

Virtually every land speed record of consequence belongs to Britain today.

Sending his frog-like racing juggernaut over the same salt where Sir Malcolm Campbell recently made, Capt. G. E. T. Eyston last week established a 24-hour assault against time which mowed down 14 assorted world records of racing machines.

Capt. Eyston and two relief drivers, C. S. Staniland and Albert Denly took turns behind the wheel of the "Speed of the Winds" which resembles the face of a frog when viewed from the front.

Although the contest board of the American Automobile Association help up official announcement of speeds at the various stages of the endurance run, it was unofficially announced that Capt. Eyston and his aides had captured the 24-hour record with a speed in excess of 140 miles an hour.

Only a few weeks ago Ab Jenkins of Salt Lake City had established a record of 135.47 miles an hour for the day and night race.

Jenkins held several records captured by the Briton while others were held by John Cobb of London. These included records for ten miles, 50 kilometres, 50 miles, 100 kilometres, 200 kilometres, 2,000 kilometres, 2,000 miles, 3,000 kilometres, 3,000 miles, 4,000 kilometres, 5,000 kilometres, one hour, and 12 hours.

CELEBRATE FORTIETH WEDDING ANNIVERSARY

On Wednesday evening, September 11, 1935, about seventy-five friends and neighbours of Mr. and Mrs. Jas. E. Mumby, 11th concession of Rawdon, near Springbrook, gathered at their home and tendered them a surprise party to commemorate the 40th anniversary of their marriage, which took place at the home of the bride's parents, Mr. and Mrs. W. Thomas Hamilton, Cordova. The Rev. J. A. Connell officiated. The following is the address which was read by Miss Olive O. Barrons, of Cordova, a niece of Mr. Mumby, when the presentation of a silver casserole and silver cream and sugar bowl was made by Mrs. Arthur Mumby, and a ruby vase by Mrs. Clara Hamilton, who was present at the wedding forty years ago. After the presentation a good program was given and all joined in singing "They Are Jolly Good Fellows," and a delicious lunch was served. A three-storey wedding cake which was presented by nieces and nephews, was cut by the hostess and passed to the guests. The following is the address:

Springbrook, Ontario,
September 11, 1935.
Mr. and Mrs. James Mumby:
We, your friends and neighbours, have assembled to celebrate this fortieth anniversary of your marriage. Though some of our number are in distant lands and cannot be with us, we are glad that you come in and out to see us in our homes. We are sure of your sympathy and helping hand in times of trouble and need. We trust no affliction may come upon you and that the remainder of your lives may be spent in comfort and peace. We, as friends, are glad to show our willingness to comfort you in your declining years and we ask you to accept these slight tokens of our affection for you and hope you may be spared many years to enjoy them.
Signed on behalf of your friends:
Angus and Arthur Mumby.

METAL SILO PIPE STRIKES WIRES, TWO MEN BURNED

Brought into indirect contact with high-tension wires carrying 4,600 volts, Arthur Neddow was killed on Wednesday and two others were severely burned on the farm of R. H. Keyes, near Kingston.

A metal pipe used for conveying ensilage into a silo struck the high-tension wires while Neddow, Peter Woodcock and Gordon Pelow of Kingston were cleaning it. It was said Woodcock and Pelow will recover from their burns and shock within a day or two.

Neddow, formerly of Mountain Grove, had been employed for the last three weeks on the farm of F. H. Redden of Portsmouth. He had started to help fill the silo on Keyes' property on Tuesday. Woodcock was employed by Alex. Wartman, a neighbouring farmer.

Neddow lived only a few minutes after the accident. Dr. Gordon Mylke was called from Kingston and city firemen took a pumpmotor to the farm in an effort to resuscitate the victim. Neddow was married and had two children.

NEWS AND INFORMATION FOR THE BUSY FARMER

(Furnished by the Ontario Department of Agriculture)

Take Out the Weeds

Although modern seed cleaning machinery will do a great deal to take out weed seeds from grass and clover seed it will not make perfect separation in all cases. In fields for seed weeds should be taken out in the summer so as to make possible high grades and best prices. Such weeds as mustard, daisies, bladder campion, white cockle, and others classed as noxious should be removed during the summer so as to keep them out of the seed crops and, what is just as important, keep them from seeding themselves down again.

Protecting Potatoes from Injury

It has been demonstrated convincingly that potatoes produced on wet land develop a tender skin and are more subject to injury when dug. Potatoes produced under such conditions, therefore, should be handled very carefully. While potatoes grown in dry soil are less liable to injury, they are often injured through the fact that this type of soil is not carried over the digger. To compensate this disadvantage, when elevator diggers are used sufficient soil should be taken up to prevent the tubers coming into contact with the moving parts of the machine.

The Racket of Robber Bees

Although honey stealing by bees is likely to be most troublesome in late summer, the beekeeper has to keep in mind that robber bees may start their racket at any time. In warm weather when there is little or no honey to be got from the flowers the bees will easily yield to any temptation to obtain it anyhow. After more or less fighting they will overpower any very weak colonies, and carry the honey to their own hives. Old robber bees have a shiny appearance, the hair having become worn off with entering so many different hives. No colony should be allowed to grow weak, says the Dominion apiarist, and no honey or syrup should be exposed in the apiary.

Crate Feeding of Poultry

Crate feeding of poultry gives the highest quality of flesh, and feeding in clean sanitary pens makes the best substitute. Only healthy birds of any kind will pay. Before confining the birds in crates or pens they should be given a laxative and freed of lice. Feed sparingly at first. Two to four weeks are required for finishing. At the Central Experimental Farm, it has been found that almost any good mixture of home-grown grains, finely ground and mixed with milk, will answer.

A satisfactory finishing ration may be composed of the following: one part finely ground whole wheat; one part finely ground whole barley; and one part finely ground whole oats.

After Harvest Cultivation

After harvest cultivation is one of the most practical and most effective methods which the farmer can adopt to control weeds. If possible, the work should be undertaken with a view to preventing the ripening of the current year's seed as well as fighting a weakened root.

Heat, sunlight and dry weather will assist greatly in the control of weeds at this time. Experiments have proven and it has been the experience of many farmers throughout the province that the roots even of our most persistent weeds cannot stand heat and dryness when brought to the surface.

For the control of annual, winter annual and biennial weeds, thorough cultivation of the stubble is recommended immediately after the crop has been removed, using the disc or cultivator. By following this method seeds are brought near the surface where they sprout and may be killed by further cultivation. When this plan is followed and the soil is stirred up at regular intervals, millions of young plants will be killed and those which sprout late in the fall will be destroyed by early frosts. Many farmers skim plough immediately after the crop has been removed then harrow and cultivate at regular intervals until freeze up. By plowing shallow weed seeds are kept near the surface where they sprout and are killed by cultivation.

An abundance of moisture together with the methods outlined above will assist greatly in controlling such weeds as Wild Mustard, Stinkweed, Ragweed, Worm Seed Mustard, False Flax, Foxtail, Lambs' Quarters, Pigweed, Shepherd's Purse, etc.

Burley Tobacco Marketing Scheme
The Burley Tobacco Marketing Scheme has been officially approved

upon the recommendation of the Dominion Marketing Board. The scheme relates to the marketing of burley tobacco grown in the Province of Ontario, and is, in most respects, similar to the Flue-Cured Tobacco Marketing Scheme.

There has been a lack of any co-ordinated action in marketing which has led to most unsatisfactory returns to the producer, according to the Dominion Marketing Board, and it is believed that improved conditions will result from the operation of the scheme. By a system of crop appraisal and the providing of negotiations between producers and buyers it is contemplated that price stabilization will be achieved.

The local Board will consist of fifteen members representing Burley Associations, packers and manufacturers. There is a Provisional Board named to hold office until the Local Board is elected in October. The Head Office of the Local Board will be in Chatham, Ont.

Apple Crop Outlook

A slight increase is expected in the apple crop in Canada over last season, according to preliminary estimates. The estimate is for 4,045,000 barrels, compared with 3,891,000 in 1934, with the largest increase indicated in Ontario. Nova Scotia is about the same, New Brunswick somewhat larger, Quebec larger, while British Columbia, the box apple district of the Dominion, shows a very slight increase.

Eastern Ontario—In this part of the province apple scab is quite prevalent on foliage and fruit in many orchards due to frequent rains from June 10th to 24th which rendered spraying difficult. Early varieties of apples, such as McIntosh, Snow, Wealthy, Wolfe River, Alexander and Baxter, promise a good crop, perhaps 20 to 25 per cent heavier than last season. Late varieties, such as Spy, Baldwin, Stark, Ben Davis, Cranberry Pippin, R. I. Greenings and Russet have set very patchy with some orchards showing fair crops. The June drop was heavy and it is doubtful if there will be as great a yield of any of these varieties as last season. Spies are rather spotty and will yield about the same as last year while Stark and Ben Davis show a heavy decrease. The light crop of late apples is due to many weak trees that suffered injury from the severe winters of 1933 and 1934. Tree mortality was heavy again this season and from Port Hope east 50 per cent of all the trees over 25 years of age are now dead. On June 24th a severe hailstorm caused losses ranging from 15 to 100 per cent of the crop in the Colborne and Brighton districts on about 400 acres of orchards.

Western Ontario—The apples are sizing well due to the plentiful supply of moisture. Very little insect injury is evident. There has been quite a heavy drop of Spies and Greenings. Baldwin, Greening and McIntosh will show a considerable increase in yield over last year.

AUSTRALIAN TOBACCO IS AFFECTED BY DISEASE

Disease has decreased the tobacco crop of Australia to a considerable extent. In 1932-33, the Commonwealth produced 13,000,000 pounds of leaf, while the present crop estimate is only 2,685,000 pounds. Extensive research work is being carried on to eradicate the disease but as yet no satisfactory solution has been found.

RETURNING PROSPERITY IRONING OUT RAILWAY PROBLEMS IN SO. AFRICA

Returning prosperity is ironing out any problems which South Africa may have had with regard to her railways. Earnings for the four weeks ending June 22nd, increased approximately \$661,480. Earnings for the period amounted to approximately \$10,586,980.

CANADA HAS EVERYTHING SAYS FAMOUS NOVELIST

Canada holds more unexplored possibilities, both for writers and sportsmen, than any other country, declared Rex Beach, internationally known writer. Mr. Beach was returning from a tour which took him to Alaska. In Alaska, he visited the settlement project of the U. S. Government and also renewed acquaintances in the territories he knew when he began writing his series of gold rush books. In Canada, he paused long enough at Jasper National Park in the Rockies to test the new rainbow trout fishing at Amethyst Lake in the Tonquin Valley, and he declared, "It more than lived up to advance notices. I talked fishing with people from Jasper to the Coast," said Mr. Beach, "and I am convinced that in addition to this marvellous trout fishing at Amethyst, where I was a member of the fish party to fish the lake since its planting. You have unequalled rainbow trout fishing from Jasper to the Pacific coast. Canada is full of interest; there are so many things going on here. The exploration work which is being done all over Canada, with airplanes and other means for the discovery of mineralized areas, is an object lesson to the world. I advised the Alaska people to take a leaf out of Canada's book. Do you know, there isn't a prospector left in Alaska today, while Northern Canada is just full of them. And in Canada they are getting results. As for writers, there is so much going on in Canada today that it is an ideal country for them. You have new experiments in government (referring to Alberta), you have romance, you have everything to keep a writer busy. And for sportsmen, you have marvellous hunting, fishing, and anything else he wants."

TWO SEASONS ONLY IN SOUTH AFRICA

Down in South Africa they have only two seasons, summer, which is from October 1 to April 30th, and winter, from May 1 to September 30; there is no spring or autumn season. February is the warmest month and July the coldest, the reverse of the seasons in the northern portions of the globe. This reversal of seasons works out to the benefit of Canadian dressmaking establishments, production for spring and autumn wear fitting in with the South African seasons. Canadian frocks are looked on with a favourable eye by South African women, particularly those for afternoon and business wear of pastel shades and floral designs, but there is the disadvantage of the rapid change in fashions which has taken place in some cases so quickly that it was impossible to fill the orders before the change-over.

RAINBOW TROUT PLENTIFUL IN JASPER NATIONAL PARK

Despite weather conditions that were not too favourable, rainbow trout fishing in the newly-opened Amethyst Lake waters of Jasper National Park has more than justified optimism. Kamloops (rainbow) trout of two to three pounds are plentiful in these waters, which were planted only a few years ago, and there are many larger fish in the waters but none of these so far had taken the fly.

BARLEY AND OAT EXPORTS TO GREAT BRITAIN DOUBLE

The United Kingdom imported more than double the quantity of Canadian barley the first six months of this year, as compared with last year. Canadian oats accounted for practically the whole of the imports of that commodity and doubled themselves during the period. Increase in importation of Canadian bacon still continues. Canada heads the list of suppliers for non-ferrous metals and manufactures and imports of Canadian newspaper continue to rise.

CANADIAN REVOLVER SHOT IS BRITISH CHAMPION

Captain G. Pickrell, of the Canadian National Railways police, Winnipeg, won the British open revolver championship at Birmingham, setting a new high record score of 152, 152, 154 out of a possible 160 points in the first, second and final stages. This was 23 points above the nearest competitor and Capt. Pickrell also set new record scores for all stages in this important competition.

A delivery truck loaded with \$2,000 worth of men's shirts was stolen from a Toronto street on Friday. The machine was taken when the driver stepped into a store to deliver a parcel.

SAVE TO BUY AND BUY TO SAVE

READ THIS HEADLINE FORWARDS OR READ IT
BACKWARDS—IT GIVES YOU THE SAME,
SOUND ADVICE !

You have certain living expenses—rent, food, clothing, light, and other necessities. You save money every week so that these bills can be paid at the first of every month. Whatever else you buy must come from surplus savings, over and above those set apart to cover living costs. To make those savings buy the utmost value for the money is the essence of true economy.

Save to buy — then buy to save. Know what you need to buy before going to the store. Know what you can afford to pay before you start out to make a purchase. This is the one sure way to get the most for your money.

Make it a habit to

Read the Advertisements

in The Review every week. By doing so you will learn where to buy the things you need and where your dollar will buy the greatest value. The advertisements will show you where to purchase better food, better clothes, and yet save you money. They will help you live better and enjoy the good things of life.

They Help You To Buy In Order To Save

FATHER ADMITS
KIDNAPPING SON

Charles Arthur Baker, five-year-old adopted son of George Kelly of Galt, is safe in Detroit, it was learned on Monday in a wire received by Kelly from Arthur Baker of Detroit, the boy's father, who admitted he kidnapped his son there on Sunday and whisked him across the border in an automobile. Kelly has sworn out a warrant for Baker's arrest on a charge of kidnapping and the case has been referred to Attorney General Roebuck for action.

During the week of November 18 next, in Supreme Court at London, an action over the custody of the lad was to be heard.

The lad, who has made his home with Kelly for the last four years, was on his way to Sunday School accompanied by Johnny Chatters, 13-year-old nephew of Kelly, when a car drove up, one of two men jumping out and grabbing young Baker.

Young Chatters recognized Baker having seen him last March, when the father came to claim the boy, but was refused. The other occupant of the car was thought to be Gus F. Molos, Baker's stepfather.

PEACHES CANNED ON
COMMERCIAL SCALE

Turning from a slim tomato crop to other work for the factories, for the first time peaches are being canned on a commercial scale in Prince Edward County this week. At Cherry Valley the factory is running full time on fruit brought from the Niagara district by H. S. Collier and Son. A considerable number of local workers, mainly women, are at present being given work in the Prince Edward factories. A recent order for thirty women from Belleville was filled by the Employment Office.

THRESHING IN STREET
TRAFFIC DETOURS

Many curious onlookers watched the operation of a threshing machine on the main street of Haliburton village recently. Traffic was forced to detour by a side road as the machine, set in the middle of the street, threshed the season's crop for a farmer whose barn was adjacent to the main thoroughfare.

MEETING OF
IVANHOE W. I.

The Ivanhoe branch of the Women's Institute met at the home of Mrs. Albert Clements for their September monthly meeting. It was the annual grandmothers' meeting which showed an attendance of eleven grandmothers. Although the program was not entirely taken by the grandmothers, the response from them was creditable and this meeting was one of the most enjoyable ever listened to.

The roll call showed twenty-four members and three visitors, which was responded to by the members telling "Their earliest recollection."

Mrs. John Clement addressed the grandmothers in her most capable manner and presented each with a bouquet of flowers. Mrs. George Hollinger, the eldest grandmother present, responded on their behalf and gave an excellent reading entitled "Sacrifice."

The motto, "Life is of little value unless consecrated to duty," was taken by Mrs. H. Rollins. Every sentence was weighed with good instruction.

Mrs. S. Fargy gave a recitation entitled "Grandma."

A humorous reading was read by Mrs. Clayton Wright entitled "Good Old Days of Yore."

The special music was the grandmothers singing "When You and I were Young, Maggie." Mrs. H. Wallace presided at the piano.

Mrs. Baldwin Reid gave a temperance recitation.

A contest, "In Grandmothers Time" was conducted by Mrs. H. Wallace. The prize winners received a box of home-made candy.

After the splendid programme a short business period took place at which Mrs. S. Kilpatrick and Mrs. F. Ashley were appointed as delegates to the Belleville Area Convention.

The meeting adjourned and lunch was served by the hostess and her assistants.

The South African Reserve Bank has paid \$175,000 for a corner site at Durban. The building, to be used exclusively for the bank's use, will be five stories high. A garage to hold 1,000 cars will be erected behind the building.

CAUGHT 29½ LB. 'LUNGE'

Molra Lake yielded its prize fish of the season over the week-end when Mr. George White and son Bruce, were successful in landing a twenty-nine and a half pound 'lunge'. The fish was on display in M. W. Connor & Son's window.

SHARP WINTER AHEAD
WARNS INDIAN CHIEF

Old Jeremiah Rundle, chief of the Swampy Cree Indians, came down from his Norway House reservation last week to tell the white folks a cool, open Fall was anticipated in the north country. Coal bins will need filling shortly, he said.

Chief Jeremiah was born more than 70 years ago—he doesn't remember just how much more—at Norway House, 150 miles north of Winnipeg. He has just retired as leader of his tribe and at present is enjoying a little holiday in the city.

One indication of a sharp winter in the offing, he said, was that ducks are very lean this season and muskrats are also scarce in the north.

SUMMER HOME
AT LAKE BURNED

Mr. and Mrs. Clifford Walker of Belleville, sustained a heavy monetary loss when their bungalow, situated on one of the prettiest islands on Westemkoon Lake, was burned to the ground shortly after eight o'clock on Sunday evening. Mrs. Walker and her maid were alone in the cottage at the time. The wind was in a favourable quarter to save the other buildings, which included a sleeping cabin and a large boathouse. None of the trees about the cottage were damaged. It is understood the fire started in the kitchen of the bungalow but the cause of the fire has not been established. Some insurance was carried.

SOCIAL TIME BY
WOMAN'S ASSOCIATION

A large number of Bethel community gathered at the home of Mr. and Mrs. Sam Gummer, Bethel, on Thursday evening and enjoyed a social time under the auspices of the Women's Association.

The president, Mrs. S. J. Elliott presided over the business and plans were made for a fowl supper in connection with their anniversary.

Rev. James E. Beckel presided over the program and opening numbers were omitted owing to the lateness of the hour.

Master Booby Elliott recited "The Cockle Jar," Miss Vera Stewart sang a vocal solo, "Sweet Bunch of Ladies," readings were given by Miss Helen Farrell, Irene Preston and Elida McMillen.

Miss Lola Heath contributed a musical reading, "Locusts," with Mrs. H. Elliott as accompanist.

Miss Annie Elliott gave a reading, "The Child's Prayer." Mr. Stewart Hoover delighted with a guitar solo. Miss Mildred Elliott and Mrs. H. Elliott rendered a piano duet "La Trot-Tu Cavalier," by Samuel Jackson.

A delicious lunch was served and a social half hour enjoyed.

AFTERNOON TEA

On Friday afternoon, September 13, the Women's Auxiliary of Trinity United Church held a very successful afternoon tea at the home of Mrs. C. N. Whytock. The guests were received by the hostess and Mrs. S. Ashley, president of the W. A. and Mrs. W. Broag invited the visitors to the dining room. Mrs. Fair and Mrs. Harris poured tea and were assisted by Mrs. M. Fox and Mrs. Corrigan. Mrs. A. Smith and Mrs. W. Parks served.

The rooms were decorated with autumn flowers and the dining room table with a basket of roses. Mrs. C. Henderson looked after the home-cooking table. The results of the tea were very gratifying to the members of the Auxiliary.

SHOT BEAR IN
MADOC TOWNSHIP

On Saturday night when Mr. Mark Howard was going home from town a bear ran across the road at the cedar hill north of Ennis' School. A number of Madoc Township men trailed it the next day and were successful in shooting the bear, which weighed 130 pounds.

On Friday evening the members of Oakdale Rebekah Lodge entertained at the home of Mrs. E. Morrison. The evening was spent in contests and games. Mrs. E. Phillips, Mrs. B. Tanner and Miss Alice Rogers were the winners of the prizes. A dainty lunch was served by the ladies.

SEPTEMBER THRESHING
GENERAL IN THE WEST

Cool, showery weather with some high winds has made cutting and threshing slow, and rains in some districts have been so intermittent that wheat is becoming tough. Some localities report frost but only to a very limited extent and mostly in districts where grains are far enough along to be immune to frost damage.

Rust damage is distinctly showing up over a tremendously wide area and some yields are even more disappointing than anticipated. Grades are low. Wheat cutting with another week of good weather will be practically completed and threshing should be general early in September.

Threshing operations in Manitoba have been held up by rains but in some districts 45 % of the grain has passed through the separator. Yields of barley and oats vary from poor to good but common bread wheat samples are of inferior quality in Southern Manitoba.

In Saskatchewan slight frosts have been reported from some localities but no damage was done to the crop. Rust and grasshoppers have been causing damage to oat crops and farmers are now cutting oats whether ripe or not. Rye fields have been satisfactory and these districts, so hard hit for fodder during the past few years, will find sufficient available to feed stock this winter.

In Alberta warm weather is necessary to speed up operations. Yields in these districts will be quite variable, some localities estimating the output of wheat at from 30 to 40 bushels and others only from 5 to 15 bushels.

In the Peace River territory grain is ripening slowly, as the weather has been unsettled and frost has caused damage estimated at 25 per cent in districts south of the Peace but no damage is noticeable north of the River.

SAFETY LAWS
PREVENT ACCIDENTS

With the approach of the hunting season in various parts of Canada, during which thousands of sportsmen will make for the woods and marshes to seek their trophies of animals and birds, a few precautions concerning the use of firearms may be mentioned in order to avoid accidents, or possible fatalities, which may result from the careless handling of guns, particularly in the hands of the less-experienced sportsmen.

While the hunting season is a time of action in which a series of "don'ts" would seem to defeat the enthusiasm of the sportsmen, nevertheless, in view of the possible danger attendant upon the careless handling of such weapons, a little timely advice seems in order to safeguard the sportsman and others from injury.

The American Game Association, anxious to protect the welfare of sportsmen, states that many people are injured each year, principally through their own ignorance.

Coming among the causes of injury are: pulling guns through fences; uncased loaded guns in automobiles; accidental firing of guns through bottoms of boats; accidental stopping up of the barrels with dirt; leaving obstructions in barrels, such as cleaning rags, rods, and the like; carelessness in handling guns by letting them explode with barrel ends under water; shooting at a moving object without seeing clearly, and firing at game without looking beyond it in the line of fire.

BARBADOS ATTRACTING
NUMEROUS CANADIANS

Barbados, in the British West Indies, has enjoyed a steadily increasing tourist trade during recent years. Due to its easterly position in the Atlantic, Barbados is favoured with a constant breeze and a moderate temperature the year round and attracts a considerable number of transient annual visitors, a large percentage of whom are Canadians. A growing number of Americans are also discovering the vacation attractions of Barbados as passenger lists of the Canadian National Steamships "Lady" liners in this service show, these liners calling at Boston on both the north and south bound trips.

LOCAL BOARD TO
MEET ON TUESDAY

Members of the local Mothers' Allowance Board under the chairmanship of Mr. Alex. Moore of Belleville met in Shire Hall on Tuesday afternoon to transact regular business which was in the nature of routine passing of accounts and consideration of new applications.

The advertisements bring you news of better things to have and easier ways to live.

BRIDE IS LASHED
BY MASKED MAN

A masked man, who forced a young bride to undress, lashed her with a lead-studded whip and assaulted her, was hunted by heavy police details on the far west side of Chicago on Friday.

Capt. Willard Malone of the Austin station ordered every available patrolman into the search with these instructions: "Shoot to kill."

Mrs. Helen James, 23-year-old bride of three months, was the victim of the attack, police said. It was the third of its kind attributed to the

madman in the last several weeks. His activities have spread terror through the district.

He confronted Mrs. James and her husband, Orlando, in their apartment early Friday. Brandishing a pistol in a kid-gloved hand, he bound James to a chair and gagged him with a necktie. He compelled Mrs. James to enter an adjoining room, then turning a radio to its highest pitch, drew a whip and struck her repeatedly.

The moron held the couple prisoners for an hour, munching candy, listening to the radio and chuckling at their anguished. He took Mrs. James' diamond ring and latch key and left with the warning, "I'll be back soon."

These lands comprise most of the remaining lands of this old colonization company, and are offered for sale at bargain prices in order to dispose of its scattered holdings in your district. Such an opportunity may not occur again.

AS TO TERMS: Purchases of \$50.00 or less must be paid in cash; over that amount must be paid one quarter in cash and the balance within ten days. The Purchaser assumes the Taxes for 1935. The Canada Company provides a Quit-Claim Deed of the lands, which it holds from the Crown, but the Purchaser must take the lands as they stand and acquire possession at his own cost and charge. The deed from the Canada Company will be furnished without charge, but the registration of the same and any transfer tax must be borne by the Purchaser. Settlement must be arranged immediately after lots are sold. In the event of failure of any purchaser to complete the final payment of purchase price within the specified time, the one-quarter payment shall be forfeited. The right to withdraw any advertised lot is claimed.

BELLEVILLE MARKET SATURDAY

Saturday's market at Belleville was one of the largest attended for some time. Both sellers and buyers crowded the market square and the interior market place, with considerable trading taking place. There were a few changes to note in prices over those of a week ago.

Fruit was plentiful especially peaches, pears, apples and melons. The ruling prices for peaches were 50c per basket for No. 1 Crawford, with No. 2 selling at 35c and 40c a basket. Pears ranged in price from 25c to 40c a basket, according to quality.

During the past week a rather decided change took place in the hog market, a decline of 50c per hundred-weight, being recorded. Live hogs were quoted at \$8.50 per cwt. and dressed hogs at \$12.00.

In the vegetable line potatoes still command a good price, namely 20c and 25c a peck. Bags are quoted at \$1.25 to \$1.40.

Dairy products, home cooking and dressed poultry were the chief products in the interior market building and sales were large.

Fish vendors displaying lake salmon, white fish and mud cats were busy disposing of same as the demand was quite brisk.

Quotations were as follows: dressed hogs, cwt., \$12.00; live hogs, cwt., \$8.50; butter, lb., 25c; eggs, No. 1, dozen, 28c to 30c; pullet eggs, doz., 17c to 18c; chickens, 65c to \$1.00; broilers, pair, 40c to 70c; ducks, 75c; onions, peck, 40c; carrots, peck, 30c; parsnips, peck, 30c; turnips, peck, 30c; beets, peck, 25c; tomatoes, bu., 50c to 55c; potatoes, peck, 25c; new cabbage, each, 5c to 10c; sweet corn, dozen, 10c to 12c.

Prices on fresh fish were as follows: white fish, lb., 17c; lake salmon, lb., 18c; mud cats, 2 lbs. for 25c.

Prices on fruit were as follows: huckleberries, quart, 35c; wild grapes, basket, 35c; musk melons, 5c, 10c, 15c; watermelons, 5c to 15c; pears, basket, 35c to 50c; plums, basket, 50c to 65c; peaches, basket, 35c to 60c; green gages, basket, 50c to 60c; grapes, basket, 35c.

PRESENTATION AND ADDRESS

A surprise and presentation was given Mr. and Mrs. W. Turner of Marlette, Michigan, on the eve of their departure after spending their honeymoon with relatives at Holloway. Mr. and Mrs. S. J. Kelly entertained about thirty-five at their home on Thursday night in honor of the newly wedded couple. The following address was read by Mrs. J. Townsend:

Holloway, Ont., Sept. 12, 1935. Dear Clara Belle and Wilbur: On this occasion, we, some of your Canadian relatives, have met together to welcome our new cousin and to spend a social evening with you before you leave us.

We have been glad to get better acquainted with both of you and hope that you will come back soon to pay us another visit. We ask you to accept this small gift to remind you of us in Canada. We join in wishing you all happiness and prosperity in your married life.

SYENITE TO BE MINED

Canadian Nepheline Limited is a company organized about a month ago to develop rich syenite deposits found in Belmont and Methuen townships. Small gangs of men have been employed to carry on preliminary work and prepare to quarry large quantities of the gray granular rock somewhat similar to feldspar and containing, very little quartz. It is said the property was purchased from Mr. Thomas Morrison, widely known prospector of Toronto, with headquarters in Bancroft at a price said to be close to \$30,000. The property is situated in the Blue Mountain and Little Mountain Lake areas, about three miles from the end of Stony Lake. The syenite will be trucked to Lakeside and shipped by rail to United States consumers.—Marmora Herald.

ROCK SLIDE AT FALLS SUSPENDS RAIL TRAFFIC

With a thundering roar, 500 tons of rock broke from the cliff on the American side of Niagara Falls early Wednesday morning below the lower bridge at a point where 200 tons fell last April.

Huge boulders and shale were piled high on the tracks of the International Railway Gorge line and traffic was suspended. The railway tracks were lifted from the roadbed and pushed to the brink of the gorge. One pole carrying power lines was moved by the avalanche of rock and sand.

WEDDINGS**LOVE-JARVIS**

A quiet wedding was solemnized at the United Church Parsonage, Marmora, on Saturday evening, September 14th, when Miss Bertha Rachel Jarvis, daughter of Mr. and Mrs. Christopher Jarvis of Marmora township, became the bride of Gordon William Love, son of Mr. and Mrs. William Love of Madoc township. Rev. C. W. Hollingsworth performed the ceremony. The happy couple left on a motor trip and on their return will reside in Madoc township.

CHAMBERS-WOOD

A quiet wedding took place in the Parsonage of Shannville United Church on Saturday evening, September 14, 1935, when Miss Marjorie Matilda Wood, daughter of Mr. and Mrs. Hector M. Wood of Crookston, Ontario, was married to Mr. Harold D. Chambers, son of the late Robert H. Chambers and Mrs. Chambers of the ninth concession of Sidney, Rev. W. H. Clarke officiated and the young couple were attended in the ceremony by Mr. and Mrs. H. E. Connell, South of Toronto, brother-in-law and sister of the groom.

Mr. and Mrs. Chambers will live on their farm in the ninth concession of Sidney, near Furling.

HALL-BAILEY

A pretty wedding took place at the residence of the officiating minister, Rev. E. Farnsworth, Bleeker Avenue, at ten thirty, last week when Freda Mildred, daughter of Mrs. Arthur E. Bailey and the late Mr. Bailey of Moira, Ontario, became the bride of Kenneth Norman Hall, son of Mr. and Mrs. Walter Hall of Latta.

The bride was becomingly attired in navy blue crepe with accessories to match and wore a corsage of Talisman roses. Miss Betty Duprau, of Belleville, and Mr. William Bailey of Latta, attended the bridal couple.

After a wedding trip to Toronto, Grimsby, Niagara Falls and other western points, the bride and groom will take up residence at Latta.

RODGERS-EMBURY

A very pretty wedding took place on July 1st, 1935, in St. John's Anglican Church, Stirling, when Ida Elizabeth Embury and Jack Arnett Rodgers were united in marriage. They were attended by Miss Doris Meyers of Trenton, friend of the bride, and Mr. Keith Hadley of Frankford, friend of the groom. The church was decorated to suit the occasion. The bride is the elder daughter of Mr. and Mrs. Russell Embury, who is well known around the Madoc district, and granddaughter of Mr. and Mrs. Henry F. Lloyd of Bancroft, and the late Mr. and Mrs. John D. Embury of Thomasburg. The groom is the eldest son of Mr. George Rodgers of Peterborough and Mrs. Rodgers of Frankford. They will take up residence in Peterborough, where the groom has a position. A reception was held at the home of the bride.

HOLMES-CHAMBERS

A very pretty wedding ceremony was performed beside a bank of autumn flowers in Scugog Parsonage by the Rev. F. G. Joblin, on Wednesday, September 18th, 1935, when Eva Belle, fourth eldest daughter of Mr. and Mrs. John Chambers, of Eldorado became the bride of Kenneth R. Holmes, eldest son of Mr. and Mrs. John Holmes, of Mount Pleasant.

The bride looked charming in a gown of white sheer triple crepe fashioned on long lines with white accessories and she carried a bouquet of Butterfly roses, maiden hair fern and baby's breath. Mrs. F. G. Joblin played the wedding march and the ceremony was performed at 1.30 p.m. Immediately after the signing of the register and a delightful trip across the island the happy couple left on a two weeks' holiday to visit relatives in Toronto, Brampton, Niagara and Buffalo. The bride travelled in a brown tweed ensemble with chic hat of brown felt. The groom's gift to the bride was a green gold wrist watch.

The wedding guests included Mr. and Mrs. John Chambers of Eldorado, Mr. and Mrs. John Holmes and Mr. Clifford Holmes of Mount Pleasant, Rawdon. Mrs. Joblin and Gladys served a delicious lunch to the guests before they departed homewards. This is the first wedding ceremony at which Rev. Joblin has officiated since he went to his new charge at Scugog Island.

CRAIG-DUGGAN

On Wednesday, September 25th, at 10 a.m., a very pretty wedding took place at St. Andrew's Presbyterian Church, West Huntingdon, when Mr. John Edward Harrison Craig, of Belleville, son of Mr. John Craig, was united in the holy bonds of matrimony to Miss Jessie Elizabeth Anne Duggan, daughter of Mr. and Mrs.

OIL CARGO FIRED, TRAIN HITS TRUCK

Albert Huffman, Trenton transport driver, narrowly escaped death last week when the large white transport which he was driving was hit by a C. N. R. train north of the town. Huffman had just passed under the old C. N. R. subway, when freight train No. 354 struck the cab of his transport, which was loaded with gasoline and oil. Huffman jumped clear of the wreckage as the engine struck the truck.

The transport immediately burst into flames and the oil and gasoline caused the vehicle to turn into a burning inferno, although no explosion resulted. The Trenton fire department was called to the scene and managed to save the chassis of the vehicle.

The accident was investigated by the Trenton police, assisted by Inspector Frank Gardiner of the O.P.F. It was found that the vision of Mr. Huffman was completely blocked by the fact he had to drive through the subway, which terminates practically on the C. N. R. right-of-way. The transport was badly damaged in the crash, while the body of the truck and the perishable cargo were both a total loss. Fortunately for the driver no explosion followed the crash, as he was barely able to jump clear of the wreck before the engine, driven by Engineer William Spring of Belleville, rumbled slowly past. The train was not travelling at a very rapid rate of speed, when it collided with the truck loaded with gasoline and oil.

HOUSEHOLD HINTS

If your ferns are wilting, try pouring on their roots a solution of nitrate of soda and water, in the proportion of one teaspoon of soda to three quarts of water.

If ink should be spilled on a carpet cover immediately with salt. Scoop it up as it soaks up the ink and repeat until it comes off clean. Put on more and leave until the next day.

When your window plants are sick try a few drops of ammonia in the water as a tonic.

For removing wax from congoletum or linoleum rugs in order to varnish wash the rug thoroughly with benzine.

To rid plants of little cutworms or flies, put two or three slices of raw potato down well in the earth around the plant.

If you bruise a finger nail, hold it for half an hour in as hot water as you can endure.

ONTARIO BIDS FAREWELL TO LORD AND LADY BESSBOROUGH

Ontario officially said farewell to Lord and Lady Bessborough in a short but impressive ceremony at the Legislative Buildings in Toronto. They will soon return to England. Lord Bessborough now completing a term as Governor-General of Canada, with Lord Tweedsmuir appointed to succeed him.

Albert Duggan of Ivanhoe. The officiating clergyman was Rev. J. A. Koffend. The church was beautifully decorated with autumn flowers. The wedding march was played by Miss R. Fleming. The bride, who was gown in French blue triple crepe with gray accessories and carried a colonial bouquet, was given in marriage by her father. During the signing of the register Mr. Arthur Duncan sang "I Love You Truly."

The ushers were Messrs. J. C. Sills, S. J. Duggan, Milton Shaw and Fred Benson.

After the ceremony a wedding breakfast was served at the home of the bride's parents, and the rooms were decorated in pink and white. The bride's mother was dressed in blue printed crepe.

The happy couple leave today for a trip in Northern Ontario, the bride travelling in a navy crepe dress, grey tweed coat with matching felt hat and on their return will reside in Belleville.

Out of town guests were: Mr. and Mrs. John Craig, Mr. and Mrs. Gordon Craig, Miss Lily Craig, Mr. and Mrs. J. F. Huff, Mr. and Mrs. R. R. Jannah and Master Billie Duggan, of Belleville; Miss Mary Duggan, Harold; Miss Mabel McKnight, R.N., of Toronto; Mr. Irving Sheaffer, Buffalo, N. Y.; Mrs. Lester Scott, Sea-grave; Mrs. F. C. Sherwin, Hillier; Mr. and Mrs. Ed. Plane, Mr. and Mrs. Oliver Plane, Mr. and Mrs. Sam Rollins, Madoc.

When St. Andrew's Church celebrated their anniversary in 1932 the first and only wedding held in the history of the church took place shortly after the dedication, the contracting parties being Miss Grace McInroy and Mr. Forbes Sherry.

CONSIDERABLE BUILDING GOING ON IN HAITI

There is considerable building going on in Haiti, both by private enterprise and by the government, which is reflected in increased imports of lumber, cement and other building materials. Cotton piece-goods, flour, fish and rice were also imported in larger quantities. Canada slightly increased her share of Haiti's trade last year, as compared with the year previous, according to import figures. These figures, however, do not show the real value of Canada's exports as much of her flour and fish reach Haiti through the United States. The United States is the principal source of supply, accounting for 48.39 per cent of the total imports. Japan rose to second position, from 3.02 to 19.35 per cent, while Great Britain, the third largest supplier, dropped from 12.70 to 10.46 per cent. Increased imports in turn led to greater export which consisted principally of coffee, cotton, sisal and sugar. Other exports were logwood, cotton-seed cakes, cacao, goatskins, bananas, honey and rum.

FIVE DAY COURSE IN DRESSMAKING

The Bannockburn and Eldorado Women's Institute ladies have been spending a week in the Orange Hall, Eldorado, taking a five-day short course in dressmaking with Miss Eva Sutton of Micksburg, Ont., representative of the Department of Agriculture, as instructor. Those who did not attend surely missed a great opportunity as it was greatly enjoyed by those who did attend.

At the close of the course Mrs. Gawley spoke a few words of appreciation of Miss Sutton's efforts and Mrs. Parnell presented her with a manicure set. Miss Sutton thanked the members for their thoughtfulness.

RAILWAY STILL SUPREME IN REALMS OF TRANSPORTATION

From time to time, as announcements are made of innovations in the transportation world, the thought, probably, comes to mind as to whether the days of the railway are numbered. Inventions and advances made during the past ten years would indicate this is far from being the case. A great amount of research work is being carried on and it is only now their immense possibilities are coming to be realized. So far there has been no agency developed that can handle a number of people with greater despatch or with a greater degree of safety than the railway. In Great Britain, last year, out of every 96,000,000 passengers handled only one was killed and one in every 3,000,000 injured. The same safety ratio applies to freight, where the railway is the common carrier of all classes of goods, irrespective of bulk, weight or amount.

The gross revenues of the all-inclusive Canadian National Railways System for the week ending September 14, 1935, were \$3,722,356; as compared with \$3,587,994, for the corresponding period of 1934, an increase of \$134,362.

STUDENT PICKS UP NUGGET WORTH \$4.50

A lucky student in a Government-operated placer camp on the Nanaimo

River at Nanaimo, B. C., is richer by \$4.50, picking up a gold nugget worth that sum. Other students have found sufficient smaller nuggets to keep them in pocket money.

WEEKLY NEWS LETTER FOR THE FARMER

Issued by the Central Experimental Farms, Ottawa, Ont.

Cull the Poultry Flock

The Dominion Poultry Husbandman advises poultrymen to cull their pullets before putting them in the laying pen for the winter. All undeveloped pullets should be prepared for market as they would make poor producers. Birds which appear to be unthrifty should also be removed. If yearling hens are to be kept over to serve as breeders in the following spring, and no trap-nest records are available, cull out all birds which are early moulters, those showing yellow shanks or beaks, those showing coarseness in the head and those possessing hardness or excessive fullness in the abdominal regions. The best layers are the late moulters which will be found in broken or ragged feather at this season. They will possess clean cut heads, bright prominent eyes, lack of yellow pigment in beak, legs of flesh colour, and above all, they will have abdomens which are soft and pliable. Rely on these late layers for your future breeders.

Finishing Poultry for the Market

The general purpose of heavy weight breeds of poultry are best suited for estate feeding and best results can be expected only when strong, vigorous, sturdy type birds are used. Since the markets demand a light coloured skin, those feeds that tend to produce this should be favoured. Fortunately home grown grains are just what are needed. Oats, barley, buckwheat and wheat are all suitable and are best fed in combination, mixed to a batter with

NEW SECRETARY APPOINTED OF NATIONAL RAILWAYS

Announcement was made of the retirement after long and faithful service of R. P. Ormsby, Secretary of the Canadian National Railways and various allied and controlled companies. Mr. Ormsby is succeeded as Secretary by W. H. Hobbs, who has been Assistant Secretary of the company. The change is effective as of August 31st.

Mr. Ormsby is retiring at the age of 66, having been born in Ireland in 1869. He was educated in England and graduated at Cambridge University in 1891. He came to Canada in 1896, and after a time became Secretary to Mr. Z. A. Lash, K.C., legal adviser to the Canadian Northern interests. He thus acquired, from an early date in the Canadian Northern organization, an intimate knowledge of its affairs. When the Canadian Northern System was taken over by the government in 1918, Mr. Ormsby was appointed Secretary and when the consolidation became effective at the beginning of 1923, he became Secretary of the consolidated system.

W. H. Hobbs, who was born in England in 1864, and educated there, commenced his railway career in London with the South Eastern Railway and joined the staff of Financial Vice-President of the Grand Trunk Railway, in Montreal, in 1913. He was shortly afterwards transferred to the President's office and occupied the position of Secretary to the President, and later to the President and Chairman, which position he held until his appointment as Assistant Secretary of the Company, in 1932.

HIGHWAY WORK MAKING GOOD PROGRESS

Rapid progress is being made at the present time on the work connected with the surfacing of No. 38 Highway, between Stirling and Frankford. At the present time some fifty trucks are being used by the Routley Construction Company to haul crushed rock and material from the quarry at Harold and the quarry on C. Tucker's farm, just west of Stirling. A total of over one hundred and seventy-five men are listed on the company's pay roll. Quinte Sum.

sour milk. Feeding trials at the Dominion Experimental Farms have shown that excellent results may be attained by the feeding of elevator screenings, and that unmarketable potatoes fed in conjunction with home grown grains, not only produce economical gains, but flesh of the very highest quality.

When a 25-cent piece dropped out of a 2 1/4 pound pickerel being dressed by H. Burrell, it started something. Other fishermen started to hunt for quarters too, and as a result 35,000 pounds of fish were cleaned in one day.

LADY SUFFERS BROKEN NOSE

Miss Frances Thompson, daughter of Mr. and Mrs. Ernest Thompson, Picton, suffered a broken nose and other facial injuries, and Mr. Roland Rorke sustained slight injuries, about midnight Wednesday night when their cars were involved in a head-on collision on Main Street West, Picton.

Miss Thompson was driving an Oldsmobile sedan belonging to Mr. William Henley at the time. She was accompanied by Mrs. Henley, Miss Gwendolyn Henley and Mr. Irvine Morris of Picton. She was proceeding east on Main street west. Mr. Rorke was driving alone, in his Chevrolet roadster and was proceeding west. The two cars came together in front of M. O. VanDusen's property, Main street west. So great was the force of the impact that the roadster was forced from the road and climbed the curbing, coming to rest on Mr. VanDusen's lawn.

Both cars were badly damaged. The right-hand side of the radiator and fenders of the Oldsmobile suffered the worst of the impact. The radiator was driven back against the motor, and the right-hand headlight demolished. No serious damage appears to be done to the body or frame. The car was taken to a garage.

FISHERMEN ROW FOR FIVE HOURS BATTLING WINDS

Bucking a strong off-shore breeze that made progress almost negligible, two men labored for five hours at 12-foot oars Sunday night in the gruelling task of getting their 26-foot fishing launch ashore to Brighton after their engine had broken down while seven miles off the Bluffs in Lake Ontario.

A white-haired grandmother and her daughter's two-year-old son were in the boat with them. The woman prayed and the child slept blissfully unaware of the terrific struggle going on between two men and death.

Hidden from sight of motor boats out searching for them by the high bluffs to the southeast, and faced with the horrible thought that once their strength failed the wind would drive them miles out to probable death from exposure and drowning, Eric Gerow, Brighton fisherman, and his brother-in-law, George Weir, of Peterborough, tugged steadily at the oars. Gerow's mother-in-law, Mrs. G. Walt, held little Harold, the two-year-old son of the fisherman, in her arms tightly wrapped in a blanket. Now and then the wind-whipped waves would spray the bow where they crouched.

After being on the lake since 1.30 in the afternoon, they finally beached the boat at their starting place at 11.45 at night. Mrs. Gerow, who had been taken to her home after hours of vigil on the windswept shore, had just about given up hope when a car bearing her husband and child came up to the door, and she hugged them and sobbed in a hysteria of relief.

WHERE, OH WHERE?

Eight years ago a wealthy English spinster arrived in Sydney, Australia, from London with luggage consisting of several large wardrobe trunks, three cabin trunks, numerous suitcases and two strongly made wooden boxes. She deposited this luggage in a carrying agent's depot on the quayside. Nothing was heard from her for two years—then the following communication was received from her from a London bank addressed in 1923: "I was obliged to leave at the end of last July; hence the reason you have not heard from me. Will you kindly keep all of my luggage stored in your repository until my return to Sydney, about April or May? A week later she wrote again, giving the date of her anticipated arrival in May, 1929. When the luggage agents met the liner by which she was expected, she was not on board. Neither had she booked a passage. From that date nothing has been heard of her. Now agents have sent a letter to her, care of the London bank. If they receive no answer, they will get official permission to open the luggage in an effort to solve the mystery.

BRITISH SCHOOL OFFICERS BEGIN TOUR OF CANADA

Prepared to learn something of Canada's educational methods and perhaps leave a thought behind as to Old Country systems, 12 British school officials arrived last week and were welcomed by the National Council of Education, sponsors of the trip. Leading the party is G. T. Hankin, Inspector of the British Board of Education, and accompanying it is Major Fred J. Ney of Winnipeg, head of the National Council of Education. The group have left for Western Canada.

Taking your Dollar to Market

EVERY year your family, and every family of your acquaintance, spends about 70 per cent. of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

That part of spending is readily understood. But do you realize that every manufacturer and retailer of these necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements in her local paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and business people. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the business of purchase.

MADOC, ONT.

DID YOU EVER STOP TO THINK?

(By Edson R. Waite)

James E. Barrett, Managing Director of the Oklahoma Biltmore Hotel

Every city is one hundred per cent perfect, but some cities are nearer perfect. The ones that are nearer perfect are those whose citizens do not, who are ambitious and realize that without effort and practical work along with their ambitions, there can be no perfection in accomplishment or achievement. They also realize that boasting without being able to deliver the goods gets a city nowhere. In fact, it stands in the way of development and progress.

In these near-perfect cities are to be found leaders with rapid-fire judgment; men of wide business experience who are able to analyze the present and make safe plans for the future.

"They also have citizens high in intelligence, full of energy, teaming with progressive ideas, willing and anxious to spend their time and money for the betterment of the city."

"There is no limit to the advancement of this class of cities. Their growth in the future will be phenomenal. Their progressiveness will draw them many of the highest class of citizens."

ODY IS ENTWINED AROUND SEMAPHORE

George Oliver, 58, Michigan Central railway gateman at Welland, was instantly killed early Wednesday when he was struck by a Detroit-bound express. Oliver's body, terribly mutilated, was thrown 120 feet and was found entwined around a semaphore. Yardmen pried it loose.

The fatality occurred a short distance from the South Main Street crossing there. The train was in charge of Conductor R. J. Hood of Thomas.

BRITISH TRANSPORT REACHES GIBRALTAR

The British military transport Lanchester arrived at Gibraltar from Southampton on Wednesday with detachments of the Royal Artillery, Royal Engineers and the Ordnance Corps for the Gibraltar garrison.

After debarking the troops the ship left with the cruiser Ajax as escort for Malta.

DR. F. BRITNELL PLEADS GUILTY

Facing charges of an illegal operation, a Campbellford doctor and three former Ontario hospital employees pleaded guilty before Judge O'Connor at Cobourg.

Dr. F. Britnell of Campbellford, pleaded guilty to a charge of performing an illegal operation May 23 on Emma Hughes, nurse. Emma Hughes pleaded guilty to permitting an illegal operation to be performed on her.

The second nurse, Alma Grace Willoughby, also charged with performing an illegal operation, pleaded guilty. The fourth defendant, Eugene Dunlay of Campbellford, former Ontario Hospital truck driver, entered a plea of guilty to the illegal operation charge.

The offence took place at Campbellford.

Inspector Charles Gurnett of Toronto gave a summary of the case to the court. Gurnett said Miss Hughes visited Dr. Britnell's office on May 17 and had been given a drug. On May 23rd an operation was performed at Dr. Britnell's office in Campbellford. Miss Willoughby gave the anaesthetic and Eugene Dunlay furnished the money, he said.

"Miss Willoughby told me she did not expect to do anything except accompany Miss Hughes, who was her room mate, to the Britnell office," he said. "She did not expect to have any part in the operation," testified Inspector Gurnett.

NEW BRIDGE ON MURRAY CANAL

Preparations are at last being made for the construction of the new two-way bridge across the Murray Canal on the Trenton-Carrying Place road.

A Welland bridge company has the contract for the building of the bridge and the first consignment of material arrived on the canal bank on Wednesday of last week, consisting of heavy timbers and a hoist engine, which have been placed on the south side of the canal.

It is thought that the work will be completed in about three months. About ten men are engaged in the construction.

Residents of Prince Edward County and Trenton will welcome the news of the building of the bridge, which will bring this section of the newly built highway into a straight line, detouring the detour across the narrow bridge.

Many readers are looking for rooms such as you may have vacant. Why not advertise.

FOWL SUPPER AT WELLMAN'S IS GALA EVENT

On Tuesday evening September 17, the ladies of Wellman's were busy serving their guests a delicious supper in the Orange Hall. The tables were daintily arranged with bowls of autumn flowers for decoration. The menu ranged from roast chicken, cold ham, mutton and other meats, with its accompanying tomatoes and salads, down to a large assortment of pies, cakes and tarts. It required two sittings to complete the serving.

While the second table was eating, the Wellman's orchestra composed of Miss Lucille Dracup, piano; Mrs. R. McGee, and Mr. Frederick Beckett, guitars; and Mr. Lorne Watson, drum, delighted with several musical numbers.

At 8.30 the pastor, Rev. James E. Beckel, called the gathering to order and the program which had been arranged by the choir was given.

The first number was a selection by the orchestra and the choir followed with an anthem, "Fling wide the Gates," with Mrs. John Heagle as pianist.

The Madoc quartette composed of pianist, Mrs. L. Asaley; first soprano, Mrs. T. Jones; second soprano, Mrs. Hulin; first alto, Miss E. Salisbury; second alto, Mrs. Dr. Eagleson, sang "Long, Long Ago," and as an encore they gave "A Song of Love."

Miss Laurene Scott, A.T.C.M., of Bethel, rendered a piano solo entitled "Tara O' Shanter."

Captain Houselander and Evangel Clark of the Campbellford Salvation Army, rendered a musical selection on their brass instruments with Miss Scott accompanying on the piano, "Tell Me the Old, Old Story."

Miss Grace Dayman gave a reading entitled "The Mustard Plaster."

Mr. Everett Maybee contributed a musical number on his piano accordion and responded to a hearty encore.

Rev. H. W. Foley, pastor of Springbrook Circuit, and the newly appointed chairman of Belleville Presbytery brought greetings from the congregations of Stanwood, Rylestone and Springbrook and wished the people of Wellman's every success in the years to come. He beseeched every one to always do their best in choir and congregation every Sunday in the year as well as on anniversary or parade day. He also gave a sincere appeal for assistance to carry on the work of the foreign missions.

Rev. E. W. Rowland of Stirling, sang "Someone to Call You Sweetheart," with Mrs. Rowland giving the accompaniment.

The Madoc quartette gave another number entitled "In Heavenly Love Abide."

Mr. Everett Maybee contributed another selection on his piano accordion.

Captain Houselander delighted with a vocal solo with guitar accompaniment entitled "Take Time to be Holy."

Miss Laurene Scott gave another piano selection, "Old Vienna."

Rev. E. W. Rowland brought greetings from St. Paul's United Church, Stirling, and congratulated the Wellman's folk on their courage in re-decorating their little church in these trying times. He said it requires steadfastness and courage to keep the church of the Living God surviving. All must remember that the God's Vineyard is My Church, My Community, My Home and My Country.

Captain Houselander delighted with a cornet solo, "Variations of Long, Long Ago," with Miss Scott at the piano.

The Madoc quartette rendered "The Rosary," and all joined in the National Anthem and the Mizpah benediction bringing to a close a very delightful evening.

The ladies of Wellman's served a ten cent social in the hall on Wednesday as they had several good things left over.

Rev. James Beckel and Rev. H. W. Foley attended Presbytery at Empey Hill on Tuesday and Mr. H. W. Foley was appointed the new chairman of the Presbytery for the ensuing year.

HYDRO LINEMAN KILLED

Charles McRobbie, 43-year-old Hydro lineman was instantly killed on Wednesday when his shoulder came in contact with 4,100 volt wire while working on a Hydro pole at Toronto. He turned to speak to another workman on the cross-arm above. His shoulder contacted with the line and he was hurled to the ground.

Winter fuel at \$1. a ton is being mined by farmers of Grey township. Discovery of a huge peat bog has resulted in hundreds of farmers in the district coming to the bog with wagons and trucks, digging up the peat themselves and paying the owner of the land \$1 a ton.

ADVERTISING Is Good For Us

The dusty picture of an optimist and a pessimist—the optimist being the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemination of news and information.

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What Stores Are Busiest ?

Is it not those stores which give out most information about what they have to sell? The public is daily spending money—probably \$2 a day for every man, woman and child in the trading area covered by the circulation of our newspaper—or, say, \$2000 for every 10000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our own community for food, shelter, clothing and for all other things.

Mr. and Mrs. Keith Milne of Chicago, Mrs. Campbell and Miss Ida Brown, of Clinton, Mrs. Bishop of Noranda, Mrs. Lowery, Mrs. Tudhope, Messrs. Herbert, and Donald Tudhope, of Toronto, Mrs. Sanderson, of Toronto; Mr. and Mrs. Thomas Leslie of Queensboro, attended the funeral of the late Mrs. Alex. Milne in Madoc on Monday.

A pleasant time was spent at the home of Mr. and Mrs. Thomas Lahey when friends and neighbors met and presented their daughter, Geraldine, bride-to-be, with a miscellaneous shower. The rest of the evening was spent in cards and dancing.

The Junior C. G. I. T. of Trinity United Church enjoyed a hike on Saturday afternoon finally landing at Moira Lake where they were treated to a wicker and marshmallow roast. They were accompanied by their leader, Miss Grace Garrett, and Miss Hamlyn.

Rev. Arthur Strother of Carrying Place, formerly of Madoc, is in Toronto this week attending a reunion of members of his college class. He left the community on Monday and expects to return before the end of the week. Mrs. Strother is home again feeling much better, but still not in the best of health. Her many friends unite in wishing her a speedy recovery.

QUINTE'S ISLE OF LAKES AND BAYS

Mr. Homer Thomas has returned after spending the summer employed at the head of Lake Superior.

Mr. and Mrs. Frank Conley visited his parents, Mr. and Mrs. John Conley, Wellington, one day recently.

Mr. Isaac Broadworth and Mr. C. A. Pringle, Madoc, dined on Sunday with Mr. and Mrs. W. S. Lumb at Wellington and spent the tea hour with the latter's sister and husband, Mr. and Mrs. George Fox.

Mr. Wren Parks spent a few days last week with his brother, Mr. M. Parks.

Ross Parks, son of Mr. and Mrs. O. Parks, Bloomfield, took a big stretch one day recently and dislocated his neck. He exclaimed "You'd better call the doctor." He was taken to Picton where an X-ray revealed the extent of the injury and the vertebrae was put in place.

Mr. and Mrs. Oscar Parks and family visited his parents, Mr. and Mrs. Thomas Ayhart on Sunday and spent the tea hour with Mr. and Mrs. Murney Parks.

Miss Eva Keene has taken a position in Nanapanee.

Mr. Homer Thomas addressed a meeting of Wellington Women's Institute last week, telling of his work with the men in the construction camps of New Ontario where he was employed by the government holding night school in connection with relief camps. He states that a great need of the men is good reading matter. Mr. Thomas' address was much appreciated.

Let's all go to Madoc Fair.

COBOURG SETS HOLIDAY DATE

Cobourg merchants are united strongly against Thanksgiving Day being observed on October 24th and at a meeting last week passed a resolution in favor of having the holiday on Monday, October 21st. Jack Burnett, prominent merchant, declared that it was unanimously felt by the merchants and business men of the town that a holiday in the middle of the week was by no means as advantageous as when it came in conjunction with a week-end.

"Regardless of what is proclaimed, we are going to close on October 21 and remain open on the 24th," stated Mr. Burnett.

OBITUARY

CHARLES HARRIS

After an illness of one month's duration, Charles Harris passed away at the residence of his son, Mr. Frank Harris, in the third concession of Sidney on Monday, September 23rd.

The late Mr. Harris was born in Madoc 83 years ago, his parents being the late Mr. and Mrs. Coleman Harris. For many years he resided in Madoc and for the past 27 years he made his home in Sidney Township, being highly esteemed by all who knew him. He was a member of the United Church.

Surviving are his wife, whose maiden name was Miss Martha Allan; three brothers, George Harris, Thomas Harris and Wareham Harris, all of Madoc. He had six children of whom one son and three daughters are living.

SUNDAY SCHOOL ASSOCIATION FORMED

A meeting was held in the White Hall, Marmora, on Friday evening for the purpose of forming a Sunday School Association for the rural deanery of Hastings. Rural Dean A. B. Caldwell opened the meeting with prayer, following the singing of the hymn, "Stand Up, Stand Up for Jesus." Rev. A. S. McConnell of Stirling, acted as secretary pro tem and read the minutes of a recent meeting of the deanery officials. Mr. J. E. Baker of Bonarlaw, gave a short talk on Sunday School standards, following with Rev. A. S. McConnell gave a talk on "Teacher Training."

A motion having been made and seconded, the organization was formed and the following officers elected:

President—Rural Dean A. B. Caldwell.

Hon. Vice-Presidents—The Clergy of the Deanery.

President—J. F. Baker, Bonarlaw.

Vice-President—Mrs. J. Donley, Bannockburn.

Secretary-Treasurer—Norman Smith, Deloro.

Departmental Superintendents—Little Helpers—Mrs. L. Lannigan, Stirling.

Home Department—Mrs. T. L. Nickle, Madoc.

Teacher Training—Mr. C. H. Buskard, Deloro.

Young People's Work—Mr. H. Mumby, Marmora.

Missionary and Educational—Dr. W. A. Paul, Tweed.

A social half hour was conducted by St. Paul's A. Y. P. A. at the conclusion of the meeting.

MISCELLANEOUS SHOWER

Misses B. Fleming and Jean Hamm were hostesses at a charmingly arranged miscellaneous shower held on Saturday, September 21st, in honor of Miss Jessie Duggan, popular bride-elect, of Ivanhoe.

The gifts were given in a most unique way. The bride-to-be was presented with a colonial bouquet from which hung a shower of ribbons with cards attached, telling her where the gifts were to be found.

To one of the guests, Miss Gladys Rollins, who is leaving shortly to train in Toronto General Hospital, was given a handkerchief shower, from a cellophane covered watering can.

After the gifts had been opened and Miss Duggan and Miss Rollins had responded, tea was served from a table prettily decorated in a pink and white color scheme with a miniature bride for centrepiece. Mrs. Sidmer Reid and Mrs. Sam Donnan poured tea.

FALL ROAD WORK KEEPS 140 BUSY

Fall work on roads throughout Hastings County at the present time is requiring the services of 140 men who are busily engaged in patching and repairing in preparation for the advent of cold weather. It was stated recently by county road superintendent Simeon Fox. Two crushers, one at Foxboro and one at Eldorado are supplying material for the work.

TRINITY C. G. I. T.

On Tuesday evening the C. G. I. T. met in the Ladies' Aid room of Trinity United Church. Hymn No. 448 was sung, the C. G. I. T. Purpose repeated, and the roll call answered. The minutes of the last meeting and the treasurer's report were given. The scripture reading was given by Laura Storings. Ruby Parks led in prayer, after which the collection was taken. Helen Wellman gave a talk on the camp life which she attended with C.G.I.T. girls in the summer vacation. Miss Garret read a story, Hymn No. 291 was sung. The Mueph benediction was repeated and a pleasant time followed in playing games.

REVIVAL IN AGRICULTURE STIMULATES OTHER TRADES

In countries where agriculture is predominant, other industries respond sympathetically to any rise or fall in the former. This is clearly shown in the case of Australia where steady clearances of primary products, such as wool, wheat and butter have stimulated the retail trade and secondary industries.

Mrs. Wellington Bristol, of Mountain View, had the misfortune to burn herself badly about the arm on Wednesday. She was preserving fruit and the boiling syrup spilled on her arm. She was taken to Dr. Cronk in Belleville, to have the burns treated.

HERD OF SEA LIONS GREAT CRUISE SHIP

A herd of sea lions, estimated at around 2,000, roaring down the rocks of an unnamed island in the Queen Charlotte group, off the Pacific Coast, into the ocean when the ship's whistle sounds was the unusual sight which greeted passengers when on a cruise along the Pacific Coast from Vancouver recently. The elder animals appeared to be of tremendous size.

IS SCOTLAND GETTING AWAY FROM PORRIDGE?

The Scotch are great consumers of cheese, butter and eggs, if import figures of these commodities can be taken as a guide. In the matter of cheese New Zealand is the principal source of supply followed by the Netherlands, Australia, Canada and Denmark. Butter comes mainly from Denmark, followed by New Zealand, Australia, the Netherlands, Irish Free State, Sweden and Latvia. Canada does not figure in this trade. When it comes to eggs, the Irish Free State easily takes first place, followed by Denmark, Poland, the Netherlands, Finland, Sweden, Belgium, Germany, China, Australia, Canada, Bermuda, from which it might be inferred that there is a very cosmopolitan flair to eggs consumed in Scotland.

AUSTRALIA USES SILOS TO HANDLE GRAIN

In connection with the grain trade of Australia, studies were made as to the best methods of handling the crops and, as an outcome of these studies, it has been decided to erect about 160 silos in various centres. The scheme includes five types of silos, one with a capacity of 65,000 bushels in one bin; the second, of two bins with 110,000 bushels capacity; the third, three bins with capacity of 150,000 bushels; fourth and fifth, with capacities of 200,000 and 250,000 bushels, respectively. Proposed plans call for 10 or 12 silos of the larger capacities. The silos at terminal grain depot points will be of concrete construction while those elsewhere will be of concrete, steel or wood.

TAXIDERMIST FINDS BIGGEST BLACK BEAR

It took a Jersey City taxidermist, John F. Hansen, to find out that a New York sportsman, S. L. Froelich, had shot a record black bear while big game hunting in New Brunswick. In dressing the skin, the taxidermist noted it measured seven feet, eleven and one-half inches. Getting in touch with the hunter, he learned the bear was shot in New Brunswick, in the vicinity of the southwest branch of the Miramichi River, the guide being Preston Griffin, son of the well-known guide and outfitter Ben Griffin. Further inquiry developed it was one of the largest black bears on record.

BOLT STRIKES HOME

Lightning struck all around Mr. and Mrs. Bert Kase and their two children in their home on Wolfe Island, off Kingston, but failed to injure them. It was learned on Tuesday of last week.

Every room in the dwelling except the kitchen, where the family was seated, was struck.

A bolt struck a chimney and came out a pipe hole, travelling all over the second floor of the home. Plaster was torn off the walls and partitions were damaged.

Plaster in the dining and living rooms downstairs was also blown off. Pictures on the walls were stung. The building was not set on fire, however.

HOW EDITOR STARTED NEW DEEP SEA SPORT

Capt. Paul A. Curtis, prominent American sportsman and editor of "Game, Brander and Sportsman," of New York, who recently made a trip through Western Canada for material for articles on duck shooting and the problem of conservation of game birds, Capt. Curtis told the interesting story of how he had recently "founded a new industry," game fishing, in Bermuda. He went to Bermuda in the middle of February, this year. Although fishermen cruised within the coral reefs of the island fishing for bass and other deep water fish, no one seemed to have exploited the possibility of trolling for the big game fish. After obtaining the proper equipment from New York, Captain Curtis began to fish the Atlantic past the coral reefs. In his first three hours he caught three times. In his first week of 17 hours fishing, he caught 17 of the big fighters. Game fishing is now a great attraction of the island.

TELEGRAPH COMPANIES MEET ELECTION RETURNS

Dominion elections mean not only considerable organization to record the votes of the citizens, but also for the telegraph companies which, to meet a popular demand, provide a continuous up-to-the-minute service showing the results of the various polls throughout the country as they are announced. The Canadian National Telegraphs already have underway preparations for the forthcoming Dominion general election, which include installation of telegraph instruments on the premises, bulletin or messenger service and a ticker service where tickers are already installed, whichever service the patron desires.
